The boys' events feature 60-yard dash; 60-yard relay race; running broad jump; running high jump and chinning the bar contest.

Dobson News

Dobson Woman's Club Meets

The Dobson Woman's Club met on last Friday evening at the Club House for their regular monthly meeting. The President, Miss Emma Comer, presided. The meeting opened with the club song "With Joy We Meet", followed by the club litany. A large number responded to the roll call, after which the minutes of the last meeting were read by the secretary Miss Elizabeth Norman. Reports of officers and committees were given and approved. Miss Comer introduced Dr. Ernst Derendinger, of Catawba College, Salisbury, who gave the club a rare treat by way of an illustrated lecture on "The Resurrection of Christ", entitled "The Easter Story." Dr. Derendinger's lecture was inspirational as well as entertaining. Rev. J. W. Cox and Mr. W. L. Reece were visitors during this splendid lecture and the following social hour. Refreshments were served by the entertainment committee, Mesdames Emma Reece Mock, W. M. Jackson, C. G. Comer, J. W. Crawford, E. M. Bryant and Miss Myrtle Burgess. This meeting closed the business meetings for the current year.

The club feels gratified to report a most successful year in its various activities. For the final closing for the summer months a banquet will be held in May. Officers for the coming year are as follows: President, Mrs. Emma Reece Mock; Vice-President, Mrs. R. A. Freeman; Recording Secretary, Mrs. F. F. Riggs; Corresponding Secretary, Miss Myrtle Burgess; Treasurer, Mrs. W. E. Hancock.

Schoolmasters Entertained

The Woman's Club entertained the Surry County Schoolmasters at an informal three-course dinner on last Wednesday evening, after which they held their business meeting. The club will entertain the schoolmasters and their wives in May.

Missionary Society Meets

The Woman's Missionary Society of Dobson Baptist church met with Mrs. W. W. Hampton on last Thursday evening with Mrs. W. A. McCraw joint hostess. The President, Mrs. Hampton, conducted the devotionals. Miss Thelma Shore was program leader. The subject "Waking To World Visions", was discussed. Those who contributed to the program were Miss Louise Norman, Miss Bertha Byrd, Mrs. A. D. Folger, Mrs. W. E. Hancock and Miss Minnie Chandler. Appropriate Missionary hymns interspersed the entire program. Miss Shore gave a most interesting synopsis of the various discussions. During the social hour a salad course with sweets and coffee was served by the hostesses, assisted by Miss Thelma Shore, Miss Louise Norman and Miss Edyth Reece.

Baptist Association to Meet

A spring session of the Surry Baptist association will be held with the Dobson Baptist church on the first Sunday in May, 1934, beginning at one-thirty o'clock P. M. It is requested that all ministers, deacons and laymen of the various churches attend, also a delegation from the W. M. U's of the Association.

SENATE STILL AT IT

A promise to call Kermit Roosevelt and Vincent Astor before a senate committee to tell whether the affairs of a shipping line were discussed by them with President Roosevelt while the latter was a guest aboard Astor's yacht was made Friday in the Senate.

It is always better to oil the machinery that builds the home city than to grease the wheels that build some other city and kills yours. Buy at home.

Mexican Bean Beetle Costly Farm Pest

Again this season, growers of snap beans, butter or lima beans will be faced with the problem of controlling the Mexican Bean beetle, said to be one of the most troublesome of North Carolina's insect pests.

"This beetle feeds on the under-side of the bean leaves and usually the larvae as well as the adult insect will be found feeding on a plant," says C. H. Brannon, extension entomologist at State College. "When the infestation is severe, all parts of the bean plant above the ground are fed upon and the plant may be completely destroyed. Injury to cowpeas and soybeans is also bad but the beetles rarely feed upon the stems and pods of these plants."

In controlling the bean beetle, Mr. Brannon warns growers to keep in mind that the plant is very tender and can easily be injured by strong poisons. He says the right poison must be used and it must be applied in exact amounts. The poison must also reach the under-side of the leaves.

Where the beans are grown in small areas as in a garden, five level table-spoonful of magnesium arsenate to three gallons of water makes a good spray for beetle control. A mixture for large areas may be prepared by using one pound of the magnesium arsenate to 50 gallons of water applied at the rate of about 90 to 100 gallons of the mixture to an acre of beans.

Mr. Brannon recommends that treatment begin as soon as the beetles appear in the field and if the insects are numerous, the treatments should be repeated every week or ten days. Often three or four applications are necessary, but, usually, two careful sprayings are sufficient for snap beans.

The bulk of the world's nickel is mined at Sudbury, Ont., Canada.

NOTICE

Cheak Chart Co., Inc. vs. Thomas E. Heart. SERVICE BY PUBLICATION. The defendant above named will take notice that an action entitled

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the right dose of a properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It gently helps the average person's bowels back to regularity.

You can always get Dr. Caldwell's Syrup Pepsin at any drug store, ready for use. Member N. R. A.

Whoever lives for himself alone is his own cancer, eating himself up miserably.
