HOPE TO OBTAIN FERA FUNDS HERE FOR SCHOOL FIELD

Athletic Ground Would Prove Boon to Local School

SCHOOL OWNS LAND

Efforts are under way here by interested citizens looking towards the construction of a school athletic field and a municipal park on school property west of Big Elkin creek, it was learned Wednesday morning. It is hoped funds for the projects may be obtained from the FERA.

The matter was first brought up at a meeting of the Elkin Kiwanis club Friday night, at which time it was stated that Mrs. Emma Mock, Surry relief administrator, was in favor of the project and advised that data be compiled and forwarded to Raleigh for approval.

Mr. Barber, Surry county GERA supervisor, and a Mr. Cole, of Statesville, district supervisor, were here Wednesday and went over the property. They expressed themselves as being highly pleased with the location and urged that the project be submitted to State FERA headquarters at once.

As a result a survey of the field was to begin this morning and necessary data as to the amount of dirt, etc., which will have to be moved, obtained. Once this is done the project will be ready for submission.

The property in question is owned by the local school and any money obtained from FERA funds will be for labor only.

In discussing the matter at the Kiwanis meeting Friday, it was pointed out that due to the athletic program which has been inaugurated by the Chatham Manufacturing company, the local school will not have as convenient access to Chatham Park this year as last for the school athletic program, and that a school athletic field has become a dire necessity.

ROUSSEAU DECLARED NOMINEE FOR JUDGE

State Election Board Decides He Is Winner of Long Fight

Meeting at Raleigh Friday night, the state board of elections decided in favor of J. A. Rousseau, of North Wilkesboro, for the Democratic nomination for the superior court judgeship in the 17th judicial district.

The decision came as the final step in a long series of charges and counter-charges between Rousseau and J. Hayden Burke, of Taylorsville, who came within a few hundred votes of the number achieved by Rousseau.

In the Democratic primary on June 2 Burke was first thought to be winner by around 100 votes. Rousseau obtained affidavits that Republicans in Alexander county where Burke had rolled up a huge majority, had voted on the Democratic ticket in the primary in order to cast their votes for Burke.

Burke followers in Wilkes county charged that men had been paid to vote for Rousseau in the primary in Wilkes. Both men expressed willingness to have the vote investigated, and Rousseau applied to the state board of elections for a probe in the

LATE NEWS from the State and Nation

JEFFRESS SHOWS SOME IMPROVEMENT

Richmond, Va., Sept. 4.—A slight improvement was reported by doctors at Memorial hospital tonight for Edwin B. Jeffress, of Greensboro, N. C., following an operation on the brain last week.

Mr. Jeffress, newspaper publisher and North Carolina state highway commissioner, was brought here by plane for the operation last Wednesday. It was stated that the outlook for his recovery was more favorable now and that he has shown considerable improvement since the operation.

TALKS WITH ROOSEVELT

Hyde Park, N. Y., Sept. 4.—Radiating enthusiasm, Upton Sinclair, California's "Epic" plan Democratic gubernatorial nominee, left the summer White House tonight after "the most interesting two-hours talk I ever had in my life."

The former socialist and novelist left for New York to talk with James A. Farley, Democratic national chairman, fired with fight for the new deal and his own "epic" plan to end poverty in California which he said had the same objective.

FURNISHES KEYNOTE

Washington, Sept. 4.—Washington searched Herbert Hoover's forthright criticism of the new deal for signposts pointing toward 1936 today while administration champions leaped to the defense of the Roosevelt policies.

Quickly the searchers came to the conclusion that Mr. Hoover had so timed his utterance as to furnish the keynote for Republican efforts to regain lost seats in Congress, this fall and, at the very least, was keeping his name before the public in connection with things political.

RECOVERING FROM ANT ATTACK

Oklahoma City, Sept. 4.—A wealthy paralyzed widow, victim of a fierce attack by thousands of red ants, was reported recovering at her home in Britton, Okla., today.

Had not a neighbor and a night watchman, attracted by her screams, entered her home two and a half hours after the attack began, fatal injuries might have been inflicted upon Mrs. A. W. Gott, owner of numerous farm properties.

Services Sunday

Rev. Mr. Howell, pastor of the Presbyterian church at Mocksville, will preach at the Presbyterian church in this city Sunday afternoon at 3 o'clock. The public is cordially invited to attend.

OPERATION OF MILL DEPENDS ON ORDERS, NEAVES ANNOUNCES

Run Two Days This Week; Strike Has Had No Effect

80,000 OUT IN N. C.

Closed since Wednesday night of last week, the Chatham Manufacturing company again began operation yesterday morning for a two-day run.

Avery Neaves, superintendent, said Wednesday afternoon that the general textile strike had nothing to do whatever with the mill's closing, and that it was hoped the plant would run a greater number of days next week. However, he pointed out, the operation of the mill will depend entirely upon orders. A scarcity of orders was responsible for last week's shutdown.

The general strike has in no way affected the local mill, he stated.

Charlotte, Sept. 4.—Violence flared today and more was threatened as adherents of the United Textile Workers of America sought to extend the general strike into every southern cotton mill.

Carolinians leaders, their battle to close every mill half won, showed the way as automobile caravans of strikers roared through the countryside, shutting down mill after mill through persuasion or weight of numbers.

Eighty thousand of the approximately 160,000 workers in the two states watched the battle or turned in themselves to aid organized pickets. Approximately 250 cotton textile and silk mills were closed, with a similar number operating.

Georgia also experienced disorder as the union, turning to with a will after the Labor day lay-off, began its showdown in that state. Workers in the Macon and Porterdale plants of the Bibb Manufacturing company stopped automobiles of office workers, and at Porterdale a crowd of women and children halted a train until they were swept aside by fire hose.

Georgia returns indicated 21,000 of the state's approximately 55,000 workers had joined the movement.

The revival was scheduled to come to a close last Sunday, but between three or four hundred asked that the meeting continue through this week.

Due to the fact that the nights are getting longer, the song service is now beginning at 7:30 p. m. instead of 7:45.
