written this notation. "There also was written on a board in the closet the serial numbers of certain bills. These numbers are now being checked. One of them, and possibly all, we believe will turn out to be numbers of the Lindbergh bills. This board could be inserted or removed at will."

The chain of circumstances which authorities hope will link Hauptmann to the abduction, as well as to the \$50,000 ransom extortion, was further strengthened by two other major developments:

1. Disclosure by department of justice agents that the footprints of the one-time machiner-gunner in the German army are similar to those found in the earth about the Hopewell, N. J., home of the Lindberghs.

2. Discovery in the garage of Hauptmann's home of nails similar in size and markings to those used in construction of the ladder, up which the kidnaper climbed the night of March 1, 1932, to steal the famous baby from his crib.

Early Report

New York, Sept. 20.—The Lindbergh baby kidnaping case—the most sensational crime of modern times, neared a solution with spectacular swiftness tonight after the arrest of a German fugitive and the recovery of part of the \$50,000 ransom.

The prisoner is Bruno Richard Hauptmann, 35, an alien and a carpenter by trade, who entered the United States in 1923 as a stowaway while on parole from a German prison.

His wife and nephew, Hans Mueller, also were held for questioning.

Making public full details of the arrest, which occurred Tuesday, Sept. 18, Police Commissioner O'Ryan said Hauptmann, a carpenter and cabinet maker, admitted he worked as a carpenter in the neighborhood of the Lindbergh home.

Detectives have established, further, the commissioner said, that Hauptmann had access to a lumber yard in the neighborhood where timber was found bearing the same trade mark as the lumber used to make the ladder—up which the kidnaper climbed about 10 o'clock the night of March 1, 1932.

Police Commissioner John F. O'Ryan announcing \$13,750 of the \$50,000 ransom money paid for the baby, later found dead was found in Hauptmann's cellar in the Bronx, was asked: "In your opinion, does this solve the Lindbergh kidnaping?"

O'Ryan conferred for a few min-

Will Suspend ERA Projects In Yadkin

care for unemployed people is reduced to the minimum.

With few exceptions, we are suspending all work projects in the rural areas and removing farm laborers from relief rolls in order that farmers and others offering private employment may be assured adequate help during the harvesting season."

Work projects to be expected are those dealing with the handling of the 100,000 cattle brought into the

State from the drought-stricken areas of the Midwest and the canning project.

Mrs. O'Berry said the discontinuance of work projects and the removal of employable people from the relief rolls is in line with the Administration's general policy of rehabilitation.

We make every effort to see that our relief clients return to private employment where they may continue in the work in which they have been trained, or work which they have been accustomed to do, when the employment is available. We believe that employment now is available to the large majority of farm workers on our rolls."

Mrs. O'Berry said that relief for unemployable people will be continued as usual.

About 200 families were removed from the relief rolls in Yadkin county Saturday, Sept. 22. These families are mostly those who have tobacco to sell.

The general sweeping order has taken from the relief rolls of the county all families where there is an employable person in that family, which will reduce the relief families by about two-thirds.

Late News From the State and Nation

Johnson, came late today, and was immediately accepted by President Roosevelt.

The resignation will become effective on October 15. For the present the President has no other job for the recovery administrator who has served 15 months under the new deal, and whose work created the blue eagle of the NRA.

THREE FIRES ON MORRO CASTLE

New York, Sept. 25.—The Morro Castle was destroyed by three separate fires, beginning almost simultaneously, Arthur J. Pender, night watchman on duty when the flames were discovered, told the department of commerce investigation board today.

Furthermore, he continued, he was convinced the flames he saw first came from burning chemicals. They looked like such flames and he smelled odors which he variously described as like benzine or naphtha and burning rags.

Mr. and Mrs. Fred Spann had as their guests for the week-end Mrs. Spann's sister, Mrs. Calvin Sutphin and Mr. Sutphin, of Winston-Salem.

A large crowd attended the meeting at Fall Creek Sunday night. Rev. Johnnie Luffman of Cool Springs, delivered the evening address.

Mr. and Mrs. Lee Spann had as their guests Sunday Mrs. Spann's parents, Mr. and Mrs. R. W. Roberson and children, Masters Thurman and Pete and little Miss Betty Lou Roberson and Mrs. Curtis Hussey of Winston-Salem. They were accompanied by Mrs. Marcus Sides and small son, Rodger, also of Winston-Salem.

State Fair Offers Club Work Premiums

4-H club members entering exhibits at the State Fair, Oct. 8 to 13, will run into some keen competition, says L. R. Harrill, state club leader. But it will be well worth their while. The experience will be valuable, he pointed out, and there will also be a total of \$1,566 in prizes awarded to the winners.

Only North Carolina club members who are actively engaged in club work this year may enter exhibits. Hence, all the awards will go to boys and girls of this State. Harrill stated that members with more than six weeks of college training or who are vocational agricultural students will not be eligible for the club judging and demonstration contests.

The 4-H calf show is expected to be the feature livestock exhibit of the fair. Harrill recalls that last year the grand champion bull and cow were selected from 4-H club entries.

Gold, silver and bronze medals have been offered by the American Jersey Cattle Club for the best showmanship. Various breed associations have also offered prizes in fitting, showing and judging animals. The Quail Roost Farm trophy will be awarded for the best record with Guernseys this year.

Livestock, poultry and seed judging contests will be held Friday of fair week. Each county may enter

one team, composed of three members.

The club girls will have a place to show various home making activities which tend to develop a richer and more satisfying rural life. Miss Ruth Current, district home agent at State College, will be in charge of the girls' exhibits.

Club members wishing to make

exhibits or enter the contests may consult their farm or home agent or write the secretary of the State Fair, Raleigh, for further information, Harrill said.

Of all the business failures recorded in the United States, 84 per cent are of firms that did not advertise.

Whenever words of comfort seem to fall short of the situation we are reminded of the cemetery salesman who was trying to sell a lot to a little old lady. He wound up by saying, "Just think, wouldn't it be a great comfort to know that after you die you would be buried beside this beautiful lake?" "What!" exclaimed his prospect, "with my rheumatism?"

Celebrated Stars Explain HOLLYWOOD'S 2 TO 1 PREFERENCE FOR THE FORD V-8

JOAN BLONDELL "You simply must drive a Ford V-8 if you want to be smart in Hollywood today."

ANN SOTHERN Columbia Star, says: "I've owned many expensive cars but never one that handles more smoothly than my Ford V-8."

HOLLYWOOD has gone "V-8." In America's colorful moving picture capital the Ford V-8 is easily the most popular car.

Here is one more indication of Ford leadership in style as well as performance. For it takes both to "get by" in Hollywood these days!

Look over a new Ford V-8. Examine its fittings—they're rustless metal. Notice the rich upholstery. See the many extra conveniences—from a special compartment for your purse to sun-visors to protect your eyes.

Then drive this car yourself. Once you experience "V-8 performance"

combined with Ford ease of handling, you'll realize why every woman loves to go places in the Ford V-8.

Remember, too—you save on the low Ford V-8 price. Ford parts cost little. And the new Ford V-8 is more economical to operate than any Ford car ever built.
