Following the services the remains were conveyed to Hollywood cemetery for interment beside the husband of the deceased, who passed away several years ago.

Palbearers were: W. W. Whitaker, R. L. Harris, W. M. Allen, George Chatham, Sr., John Gilliam, J. R. Poindexter, J. G. Abernethy and N. V. Poindexter.

The beautiful and profuse floral offering, which blanketed the grave was borne by intimate friends of the family.

## To Give \$600 Cash As 1st Award; \$400 For Second Winner

(Continued From Page One)

remain active and do not win one of the regular awards. Thus the cash offer campaign is a sure thing from the beginning. Their rewards depend entirely on the effort put forth and the results obtained.

All one is expected to do in order to earn one of the splendid awards is to devote his or her spare moments to obtain subscriptions to The Elkin Tribune. In fact, sufficient time is allotted to the campaign to allow one to see every friend and acquaintance during spare time. The campaign will last seven weeks, beginning with the first published list of candidates names.

### Business Proposition

In offering such valuable awards to those who take an active interest in The Elkin Tribune is not playing the part of the philanthropist—neither is it a something-for-nothing scheme. It is a business proposition pure and simple. The hundreds of dollars worth of awards and cash commissions will be given in exchange for well directed effort on the part of the contestants. The awards themselves assure each and every one that their efforts will bear fruit to the fullest extent.

### Early Start Is Best

In every man's life there is one big moment that robs him of success—or leads him to fortune. The world is full of those who yearn for better things that never seem to come. The action is missing, but let him see and grasp the opportunity and there will be an amazing transformation in his fortunes. The moment he decides for or against that opportunity—whether he will seize it or let it pass—he decides the whole future course of his life. The main thing in the cash offer campaign is to get an early start in the race—it means everything to those who have ambition and a desire to succeed. So the first and best thing

### Scholarship Awarded To Iredell Club Boy

For making the best record with Jerseys in 4-H calf club work over a period of two or more years, Price Brawley of Iredell county, has been awarded the four-year scholarship to State College offered by Mr. and Mrs. Cameron Morrison.

Brawley began with a pure bred Jersey, Majestic Sarah, purchased in 1927 at a cost of \$165. From the original calf, he has developed a herd of 23 animals. After selling 10 bull calves and butchering one heifer, he now has nine cows and four bulls.

In 1928 he won first place at the Iredell county fair with a calf dropped by Majestic Sarah and later first place in the open class at the State Fair. In 1929, he won one first and one second place at the county show, two firsts in the club show, and one first and one second in the open show at the State Fair.

His record of first and second places at county, district, state and other fairs, in 1930, '31, '32, '33, and '34 is the envy of 4-H calf club members throughout the State, says L. R. Harrill, state club leader.

Brawley has made a profit of \$1,122 since he started keeping a record of his herd. In 1934, he sold 380 worth of milk and cream and supplied his home with 120 worth of milk and butter. He sold \$160 worth of animals and \$84 in prizes. His expenses for feed and service fees was \$212, leaving him a cash gain of \$512. In all, he has won \$300 in premiums.

In addition to the winnings of his animals, Price won the American Jersey Cattle Club medal for the best judge of Jerseys in the State judging contest, second place for judging beef cattle and sweepstakes for best judge in all classes. He has also won the American Cattle Club gold medal for showmanship in the State contest.

## TIMELY FARM SUGGESTIONS

By J. W. CRAWFORD  
County Farm Agent

### Harvest Lespedeza Seed

Since we have had several frosts and several cold spells, all lespedeza seed are mature enough to harvest. I believe that most of lespedeza grown in Surry county this year is tall enough for the seed to be harvested with a lespedeza seed pan, and this is the best method for saving the seed on all varieties except Korean, which would probably yield more seed if cut and then threshed, but the other three varieties can be saved with the lespedeza seed pan and will yield just as much or more than if they were cut and threshed. We all realize that we will need more lespedeza seed for Surry county next spring than ever before and all indications now are that seed will be high next spring, so if every farmer who is growing lespedeza can save his own seed he will save the expense of buying seed next spring and if he can save more than he needs himself, I don't believe he will have any trouble disposing of his seed at a good price.

### Tobacco Allotment Cards

We know that every contract signer is interested in selling his tobacco and that every contract signer expects to do the right thing by his contract as far as he knows; but since the contracts are new to us this year, especially the allotment cards, we realize that a number of mistakes are being made unintentionally, and to avoid this as far as possible, be sure to avoid the following things:

No. 1—Do not sell any of your tobacco under any other grower's allotment card until you have finished selling the 80 per cent on your card.

No. 2—Do not sell your allotment card to a non-contract signer or a grower that made an application for an allotment, as this will violate the contract.

No. 3—The contract signer who produces more than his allotment cannot sell the remainder of his crop by paying the tax, but will have to sell it under some other grower's card.

If all growers will observe the above caution, I do not believe that we will have any trouble with our contracts.

### DAVIS GETS 30 YEARS

"Guilty of murder in the second degree" was the verdict of the jury as to Ralph Davis, 23, Davidson county outlaw, whose trial for the murder of Sheriff Godfrey C. Kimball began in Iredell superior court last week. He was sentenced to 30 years in prison.

### INSULL, JR., BLAMES BANKERS

Samuel Insull's son and "chief of staff," last witness for the defense in their trial for mail fraud, blamed bankers for the crash of their two billion dollar public utility system which wiped out also the family fortune.

**PLAN 10 STATE PARKS**  
Establishment and development of at least three state parks in both the extreme eastern and western parts of North Carolina and at least four in the industrial Piedmont area, making a total of 10, are among the objectives set by the department of conservation and development for the near future, it was announced Saturday.
