DEFEAT PART OF WORK RELIEF BILL

Washington, Feb. 5.—Led by Carter Glass, senate appropriations committee Democrats today agreed to amend sections of the \$4,880,000,000 work relief bill which would give President Roosevelt power never before possessed by a peace time executive.

Before any actual change in bill takes place, however, the full committee must ratify it. Nevertheless, approval at a meeting of the full committee tomorrow appeared certain unless some insurgent Democrats changed their minds and decided they were not bound to vote for the modifications.

TO FACE HIGHER MEAT PRICES

Washington, Feb. 5.—Farm experts said today that housewives who are fretting over food costs would have a great deal more worrying to do about the price of meat but little more so far as winter vegetables were concerned. The sudden upshoot in prices during the last month sent retail steaks up more than three cents a pound, roasts from two to 12 cents a pound, lamb from two to six cents, and pork four cents a pound. Sharp rises also were registered in vegetables.

PARENTS OF BABIES GO ON STAGE

Chicago, Feb. 5.—Mr. and Mrs. Oliva Dionne, parents of the famous quintuplets, embarked on a theatrical career today.

Max Halperin, vaudeville booking agent who brought the Canadian couple to Chicago, announced they had signed a contract to appear in Detroit and Michigan theaters on February 14 and 15.

He said they were also ready to sign a similar agreement for appearances on the stage of a Chicago movie house beginning next Friday and were considering extending their tour to Cleveland.

HIT AT HOLDING FIRMS IN MEASURE

Washington, Feb. 5.—Legislation designed to eliminate public utility holding companies within five years was agreed upon tentatively late today at a White House conference. The mill is featuring an improved Diamond Dust flour, a new bleaching process resulting in a whiter and purer product. The new management will continue to handle good brands of coal.

Mrs. Robert L. Storey, of Knoxville, Tenn., arrived Tuesday for a visit of several days to her parents, Mr. and Mrs. J. C. Gilliam, at their home in Jonesville.

Henry Jones, Jr., Goes to Roads for Driving While Drunk

MANY OTHER CASES

Clarence Billings, Wilkes county man who was recently arrested by Sergeant W. B. Lentz for the theft of an automobile belonging to Henderson Guyer, of near Elkin, was sentenced to serve not more than three years nor less than 18 months in state prison by Judge J. Will Pless when tried in Surry criminal court at Dobson Monday.

Billings was given this sentence on a charge of larceny of the car, the judge specifying that he be assigned to hard labor. On a charge of operating a motor vehicle while intoxicated, prayer for judgment was continued for five years.

Burr Spicer, of near Traphill, charged with failure to pay his hospital bill at Hugh Chatham Memorial hospital here where he was a patient after being the victim of a cutting affray, was ordered discharged upon payment of the costs for which the county would be liable.

Henry Jones, Jr., local colored man, was ordered sent to the roads for three months on a charge of driving while drunk, the judge invoking a suspended sentence to this effect imposed at the April, 1934 term of court. On a second charge of the same nature, he was given an additional six months on the roads and his license to drive an automobile.

DRIVERS LICENSE LAWS DISCUSSED

James and Lentz Talk to Kiwanians In Friday Meeting

A statewide drivers license law sponsored by the Carolina Motor Club, which is now before the North Carolina General Assembly, was discussed during the meeting of the Elkin Kiwanis club Friday night by E. C. James, Elkin attorney, and Sergeant W. B. Lentz, of the state highway patrol. Mr. James pointed out the need and aim of the proposed law, quoting statistics which revealed the horrible number of deaths and accidents on North Carolina highways. He also pointed out that in states which have drivers license laws accidents have been reduced and car registrations increased.

Sergeant Lentz first discussed shortcomings in present laws governing automobiles, and ended his talk with the possibilities of enforcing the proposed new traffic laws. In enumerating the advantages of the new law in question, he stated that a drunken driver could be taken from the wheel of a car immediately following his arrest, while under the present laws a driver arrested for driving while drunk may continue to drive his car until the following court term.

He also pointed out that the proposed new law would take reckless drivers, speedsters and the like from behind the wheel of an automobile.

MUST VACCINATE JONESVILLE DOGS

Town Passes Ordinance Similar to Local Measure to Combat Rabies

An ordinance providing for the compulsory vaccination of all dogs against rabies has been passed by the Town of Jonesville, acting upon the suggestion of the Elkin Kiwanis club, in an effort to combat the mad dog menace locally.

The ordinance is similar to that passed some weeks ago by the Elkin commissioners, and provides that all dogs not vaccinated must be killed or else removed from the town limits. A fine of \$10 will be levied against those who fail to comply with the ordinance.

Mad dogs were thrown into the spotlight in this section recently when a number of the animals went mad, biting people, other dogs and livestock. At one time a few weeks ago there were more than 15 people of this immediate section taking the Pasteur treatment.

JONESVILLE MAN CUT UP IN FIGHT

Five Are Arrested For Participation In Free-For-All

As the result of a general free-for-all fight in Jonesville Saturday night, five men are scheduled to face a preliminary hearing Friday before Mayor G. S. Wagoner, of Jonesville.

Those arrested are Audrey Pardue, charged with breaking and entering and assault with a deadly weapon with intent to kill; Tang Garris, Bill and Ted Nelson, and John Jester, the latter four being charged with assault.

Tang Garris was cut on the arm and face during the melee.

It was said that both Pardue and Garris had been drinking and got into a fight at Garris' home, Pardue allegedly striking Garris' mother by accident. Separated, the two were again said to have mixed at a filling station at the south end of the new bridge.

The cutting of Garris was said to have occurred later on in the night. It was said he had gone home and gone to bed when Pardue is alleged to have broken into the house and cut him with a knife.

Bill and Ted Nelson were said to have been involved in the fight while acting as peacemakers in an attempt to get Pardue to go home. Jester is said to have supplied the knife with which Garris was cut.

Pardue is at liberty under \$200 bond.

Faulty adjustment of the brakes on Renegar's car, which caused it to swerve into the machine which Wagoner was driving, was said to have been responsible for the accident. Several stitches were necessary to close the Jonesville youth's wounds.

A young man by the name of Steele, who was in the Renegar car, received minor lacerations. Renegar was uninjured. Both cars were damaged.

WORK PROGRESSING NICELY ON ROAD

Heavy Road Machinery Is Now On the Job At Ronda

With the heavy road grading machinery on the job, work on the first link of the Elkin-North Wilkesboro hard surface highway is progressing rapidly.

A huge shovel, which arrived at Ronda last week, is on the job and is making rapid headway in grading out a right-of-way for the road.

The link now under construction will run from Elkin to Ronda. When the entire highway is constructed, it will link Elkin, Ronda, Roaring River and North Wilkesboro, and will cut off many miles between North Wilkesboro and this city.

SAYS HE SAW FISCH IN BRONX CEMETERY

Defense Claims Fisch Attempted to Peddle Mysterious Bundles

Flemington, N. J., Feb. 5.—A Brooklyn restaurant cashier and former cabaret "host" told the jury in the Bruno Richard Hauptmann trial today that while keeping a tryst in a darkened automobile April 2, 1932, he saw Isidor Fisch, Hauptmann's furrier friend, jump from the wall of St. Raymond's cemetery in the Bronx.

That is where Dr. J. F. Condon paid the \$50,000 Lindbergh ransom money.

Vague later on identifications of the surroundings and unwilling to name the girl in the tryst, now dead, Benjamin Heier clung to his story that he flicked his automobile lights on and off and that in their glare he saw for about five or six seconds the man the defense says got the Lindbergh ransom cash.

Earlier in the day, Edward J. Reilly, chief of the defense counsel, attempted to show through a woman witness that Fisch had attempted to peddle bundles which may have held ransom notes.

State objections halted the testimony but gave Reilly the chance to announce:

"I am prepared to prove that the man who jumped over the cemetery wall was Isidor Fisch, that the money was handed to Isidor Fisch, that Isidor Fisch from that date on not only approached one but many persons in New York, trying to dispose of this money."

SEEK STATEWIDE RADIO SYSTEM

Bills Presented In Legislature Would Be of Aid to Police

Raleigh, Feb. 5.—North Carolina is in a fair way to go after its criminals in a speedier fashion. Judiciary committee number one, of which Senator Rivers Johnson, of Duplin, is chairman, reported out favorably this morning two bills which sheriffs and patrolmen agree that if passed by the general assembly will mean much to law enforcement.

A state-wide radio system for the broadcasting of police and sheriff's bulletins is authorized in one bill which received a unanimously favorable report. It will mean the setting up in this state of three or four official broadcasting stations at an estimated cost of \$75,000 and an operating cost of \$1 a minute for the time in use.

The other bill, which has now reached the floor of the senate gives the right to any sheriff to take a warrant charging a crime committed in his own county and serve it in any county in North Carolina without the aid, consent or knowledge of officers in the county where the arrest is made, if this in his judgment is the best thing to do.

Both of these measures were ordered placed on the calendar by Lieutenant Governor Graham when they were returned from the committee this morning.

JUDGE PLESS SENDS FOR COUNTY PAPAS AFTER JURY REPORT

Report Says Jail and Courthouse Are In Bad Condition

ROOF NEEDS REPAIR

Evidently of the belief that a grand jury's report should be taken seriously and not as a mere formality of court sessions, Judge J. Will Pless, presiding over Surry criminal court at Dobson, Wednesday afternoon ordered the clerk of the court to issue subpoenas for the members of the Surry county board of commissioners requiring them to be in court Thursday morning presumably to explain why recommendations of the last court term grand jury were not carried out.

Judge Pless' order came immediately following the report of the grand jury, which stated that the body had visited the county home and found the roof of the main building to be in bad condition and windows in some of the cabins to be in need of window panes. It also stated that the jail was in bad condition and represented a fire hazard.
