## STOCKTON PITCHES NO-HIT GAME HERE

Chatham Hurler Misses Perfect Game By Walking One Man

Harvey Stockton, popular hurler of the Chatham Blanketeers, pitched superb ball here last Friday afternoon to shut out the Young's Transfer Team, of Winston-Salem, in a no-hit game, 17 to 0.

Stockton spoiled his chance of pitching a perfect game of ball when, in the ninth, with two out, he walked a man, the only walk he allowed during the game.

Not satisfied with merely pitching a no-hit, no-run game, the Chatham pitcher also went on a hitting spree, getting four for four to lead his mates in that division.

Stockton's no-hit game was the first ever witnessed in Chatham Park.

In the game Thursday with Duke Power Co., of High Point, Chatham chalked up a big score to win easily. Saturday, playing a Durham team, they won to the tune of 15 to 3.

Games this week-end follow: today, North Wilkesboro at North Wilkesboro; Friday, Adams-Mills Co., of High Point, here; Saturday, North Wilkesboro here.

## LATE NEWS from the State and Nation

### ATTACKS LEADERS OF UNIVERSITY

Chapel Hill, May 14.—Speaking here tonight under the auspices of the recently formed chapter of the American Liberty League, David Clark, editor of the Southern Textile Bulletin, repeated many of the charges made by him during the past several years in his magazine and elsewhere that "there is at the university a small group of professors who are interested in promoting atheism, socialism and communism."

"The University of North Carolina is an outstanding institution and the people of North Carolina have reason to be proud of its achievements. A majority of the professors at the university are doing the work for which they are paid and deserve the respect and admiration of the public," he said.

### HOEY CANDIDATE FOR GOVERNOR

Shelby, May 14.—Clyde R. Hoey, Shelby attorney and long-time leader in Democratic party activities, tonight formally announced his candidacy for governor of North Carolina.

In a statement which definitely ended the protracted uncertainty whether he would run or not, Hoey disclaimed any personal ambition but proclaimed his great interest in better schools, better conditions for children, better conditions for salaried and wage-earning classes and better conditions for the aged.

### AUTO LABOR TROUBLES END

Settlement of labor difficulties in Toledo appeared Tuesday to have ended the threat of a wide-spread tie-up in the automotive production field but violence broke out in a Pennsylvania coal mine strike.

While the vanguard of approximately 33,000 automotive workers began returning to their jobs, five men were shot and a score injured at an anthracite colliery near Wilkes-Barre.

Due to several conflicts in dates with other entertainments to be staged here, the minstrel to be presented by the Woman's Auxiliary of the American Legion has been postponed from tonight until May 30.

## MR. PYRON VISITS MOST FAMOUS CALF

States That Klondike Iceberg Is In Wonderful Condition

Klondike Iceberg, the most famous calf in the world, due to the fact that it was born while its mother was in transit with Admiral Richard E. Byrd to Little America, was on exhibition Wednesday at the Commodore hotel in New York City, during the meeting there of the American Guernsey Cattle Club.

The calf arrived at Quantico, Va., last week, and from there was transferred to New York. It was at first planned to ship him via plane, but due to his size it was found that such a procedure would necessitate changing the interior of the plane. The calf weighs around 1,200 pounds.

Thurmond Chatham, owner of Klondike farm and the owner of the famous calf, and Ruohs Pyron, manager of Klondike Farm, visited the calf on board ship at Quantico. Mr. Pyron stated that the animal was a perfect specimen and had been raised with even better care than he would have received if he had been born at Klondike.

Iceberg is so gentle, although nearly a full-grown bull now, that it hasn't been necessary to put a ring in his nose, Mr. Pyron said, and Edward Cox, who has cared for the animal since its birth, states that he's not going to let anyone do it.

Following the exhibition in New York Klondike Iceberg will go on a year's tour of the United States, Mr. Pyron said.
