Rev. W. A. Jenkins Talks On Astronomy

Rev. W. A. Jenkins, pastor of the First Methodist church, of this city, Tuesday morning made a talk on astronomy before local high school students, assembled in the chapel.

The stage was transformed into a veritable sky as Mr. Jenkins brought with him the sun and its eight planets and their moons. Especially entertaining was his comparison of the solar system in space to six grains of dust in the Grand Central station of New York city. He left no doubts as to the immensity of space with figures relating to the sizes and distance of heavenly bodies.
