Benito Mussolini, the dictator who defied Great Britain and 51 other cations to seize one of Africa's last territorial plums, in a voice tremb-ling with emotion, announced in ling with emotion, Rome that peace had come,

A dusty, motorized column of Fascist troops clattered into the Ethiopian capital Tuesday afternoon to end the trail of conquest they began to hew only seven months ago.

The arrival brought relief to thousands of foreigners. They had been baricaded within various legations against marauding warriors since Emperor Haile Selassie fled his throne Saturday.

The American legation, which had been evacuated, was partially reoccupied.

"Ethiopia is Italian!" Il Duce shouted at a gigantic Fascist celebration in Rome. "The war is ended!"

Mussolini proudly said it was "Roman peace." There was little doubt that he would dictate the terms and there appeared to be little the League of Nations, which set out last fall to defend Ethiopia, could do about it.

All Italy joined in delirous cele-brations. When word of the occupation came sirens screamed and bells tolled to call Fascists to headquar-

#### **KERR HITS BACK** AT EHRINGHAUS

Washington, May 5.-Governor Ehringhaus has done nothing but "criticize and obstruct" the passage and putting into effect of any tobacco compact legislation designed to aid the tobacco farmers of his state, Judge John H. Kerr, second North Carolina district representative, declared today in a statement to newspapermen, issued in reply to the statement of the Governor issued Monday in Raleigh.

"You have ignored the request of 75,000 tobacco growers in our state, and your allbi is that the law is not sufficient; you had every opportunity to help make it 'horse hig', pig tight and bull strong,' and you did nothing but continue to criticize those who did try to meet the situation," the congressman, who sponsored in the House the tobacco states compact legislation, said.

their compound at Addis Ababa, the State Department was informed by wireless.

a 25-cent monthly sewerage charge to become effective July 1, featured the meeting Monday night of the Elkin board of town commissioners.

Due to the absence of Mayor J. R. Poindexter, caused by illness, no ac-tion one way or another was taken concerning a new truck, the matter having been tabled pending his return. However, the 25-cents sewerage charge was made to help take care of the cost of the fire department.

It is believed that the commissioners are really going to provide the town with a fire truck of modern design sometime within the near future, Mayor Poindexter having taken the lead in stressing the need of such equipment. Upon his return from a High Point hospital it is believed definite action will be taken, probably at the next regularly scheduled commissioners meeting. A test of all hose now possessed by

town was made Monday afterthe noon under direction of Fire Chief W. W. Whitaker, acting under orders of Mayor Poindexter. The test resulted in the bursting of 300 feet of old hose, leaving the fire department with a total of 1,450 feet of serviceable hose, 500 feet of which is new. One hundred and ten pounds water pressure, obtained from a hydrant located below the railroad on South Bridge street, was used in testing the hose. The 300 feet which gave way under pressure were contained in six 50-feet sections.
