Dobson, May 4.—The Dobson Missionary Society met with Mrs. Emma Hampton last Thursday evening. Meeting opened by singing "The King's Business." Scripture lesson read by Mrs. Hampton. Prayer by Mrs. Folger. After singing the woman's hymn, "Come Women Wide Proclaim," the program leader, Mrs. Mock, took charge and announced the subject, "Pioneers of the Kingdom," and gave a preliminary sketch of the Pioneers under discussion.

Those who contributed to the program were Mrs. W. E. Hancock, Mrs. Clyde Wright and Miss Louise Norman.

Misses Cecil and Violet White playing the role of the Girl of Today and Pioneer Spirit in dialogue, portrayed vividly the pioneers whom they represented. "Ready" was sung by the entire society and concluded the program. After the business meeting and benediction the hostesses served sandwiches and sweet course with tea. During the social hour Mrs. W. H. Willis delighted the society with several readings, in her own inimitable way. May meeting will be held with Mrs. Fowler.

Mrs. Emma Mock brought greetings from the Woman's club. Miss Stanton introduced the speaker, Miss Thomas of Raleigh, who gave an address that was very helpful to those privileged to hear her. It was an all day affair and both Mrs. Martin and Miss Stanton were pleased at the interest shown in the Federation.

Their home was decorated with flowers of different assortments. Different games were played during the evening. A prize was awarded to Miss Nell Wall, for drawing the lucky number. VICTIM OF MANIAC?

Chattanooga, Tenn., May 3.—Police today abandoned the theory a former suitor brutally killed Mrs. Eula Mae McConnell. They theorized the 23-year-old housewife was the victim of a maniac.

Working around the clock, investigators ran down every lead without an arrest or a pronouncement that a trace of the killer had been uncovered.

CHAMPIONS

who have

NEVER KNOWN DEFEAT

Rock and Tom, owned by the Staley Farms Co., Piqua, Ohio. Driver, Russell Sando. Their present record—3900 lbs. tractive pull, which is equivalent to pulling 9 plows cutting furrows 14 inches wide and 6 inches deep.

WHAT A RECORD! Never have these mighty champions been beaten. They've out-pulled every team they've ever met.

These magnificent Belgians are Nature at her best. They are animals to which Nature has given the vital spark—that necessary, natural balance of all the elements of which champions are made.

Natural balance is everything! It's the difference between this team of powerful champions and common, ordinary plugs. It's the difference between the best and the rest in almost everything.

And here's another example of Nature at her best—Natural Chilean Nitrate. This nitrogen fertilizer is favored by Nature with the champion's vital spark—the natural balance of the elements that make a champion. Into Chilean Nitrate Nature blended the vital impurities—the combination of many major and minor elements over and beyond nitrogen. Through countless centuries, Nature has aged and matured this nitrogen fertilizer in the ground, that you may return it to your ground as the safe, sure, balanced food for your crops.

Natural Chilean contains almost two score of major and minor elements such as boron, magnesium, manganese, iodine, calcium, potassium, etc.—each a vital element in growth and healthy development of plants.
