Hoey Annexes Many Graham Ballots to Win

HORTON DEFEATS GRADY

Pittsboro Man Given Total of 217,652 To Win For Lieutenant-Governor

THAD EURE VICTORIOUS

Clyde R. Hoey, of Shelby, champion of the present and preceding state administrations, Saturday polled 266,813 votes to Dr. Ralph W. McDonald's 212,897, complete state returns from the Democratic primary disclosed Tuesday.

In the race for lieutenant-governor, complete returns show W. P. Horton, of Pittsboro, to have secured the nomination over Paul Grady, of Kenly. Horton received 217,652 votes and Grady 206,773.

Thad Eure, of Winton, principal clerk of the North Carolina house of representatives, was given a commanding lead over Stacy Wade for secretary of state. Eure polled 233,751, Wade 192,082, complete returns show.

Hoey's majority in the bitterly contested race for governor was 53,934. Chief interest centered about this race, with Hoey backing the present state administration and McDonald bitterly opposing it. McDonald advocated complete repeal of the sales tax while Hoey was in favor of removing the tax from "necessities of life." The Winston-Salem professor, in his campaign, scored present and preceding administrations as being a machine which should be crushed.

Returns from Saturday's balloting show that Hoey annexed the greater portion of the Graham vote.

Lieutenant James A. Hart is the present commanding officer of the camp. He is on temporary duty in the absence of Lieutenant J. H. Foster, the regular commanding officer, who is on leave.

Lieutenant C. F. Simpson, the camp's junior officer, has just recently taken the place of O. E. Williams, the former junior officer, who resigned his position a few days ago.

CHATHAM DOWNS ALL OPPOSITION

Blanketeers Stage Comeback To Win Five Out of Five Games Over Week-End

TO FACE THREE TEAMS

Following a slump in which they lost three out of four games the Chatham Blanketeers, came back strong to win five out of five in the last games played.

Games on schedule for this week-end include contests with the Wicasset Knitters, of Albemarle here this afternoon at 4 p. m.; Cooleemee at Cooleemee Friday and Salisbury here at 3:30 Saturday afternoon.

In the last five games played, Chatham defeated Albemarle 3 to 2 in a 10-inning game, and Saturday and Monday walked away with double-headers played with Lucky Strike, of Durham, and Cooleemee.

In the Saturday games the Blanketeers defeated Durham 4-0 in the morning contest under pitching of Campbell plus good ball on the part of his mates. In the afternoon game, with Fowler on the mound they ran up a score of 17 to 6.

Monday, with Maxwell hurling, Chatham defeated Cooleemee in the morning game 7 to 2. Maxwell pitched an excellent game and Leonard and Short connected for home runs.

Monday afternoon Chatham again won, the score standing at 11 to 4. Lankford was on the mound and pitched a good game, being aided by Weston who featured with two homers, one the longest ever hit on the Chatham field.

ELKIN PRECINCT GIVES HOEY BIG MAJORITY HERE

Winston Man Polls Only 97 Votes Locally

HOEY COUNT TOTALS 752

Horton and Eure Also Get Big Majorities in Precinct To Beat Grady, Wade

DR. McDONALD DROPS IN

Taking over the Graham vote, Clyde R. Hoey, of Shelby, Saturday polled a total of 752 votes in Elkin township to only 97 cast for Dr. Ralph W. McDonald, of Winston-Salem, in his victorious race for governor. Dr. McDonald polled less votes here than in the first primary when Sandy Graham's candidacy split the vote three ways.

W. P. Horton, candidate for lieutenant-governor, and Thad Eure, candidate for secretary of state, were also favored by voters of this precinct. Horton polling 639 to 174 for Paul Grady, and Eure polling 618 as against 203 for Stacy Wade.

Although more voters flocked to the polls here in Saturday's contest than voted in the first primary, the process of voting was carried on quietly and without disturbance of any kind. A highlight, however, of the afternoon was the surprise visit of Dr. McDonald, who was said to have informed Registrar C. A. McNeill that all absentee votes cast since noon would be challenged. Mr. McNeill stated Tuesday afternoon that Dr. McDonald's statement to that effect was all he had heard about it.

The gubernatorial candidate remained here for about an hour, and departed, presumably for Winston-Salem. It is understood that earlier in the day he had visited voting places in Mount Airy and in Dobson.

Surry county as a whole also cast a large vote for Mr. Hoey, unofficial returns being as follows: Hoey 4,874, McDonald 1,912. Surry votes for the other candidates were: for lieutenant-governor: Grady 2,197, Horton 3-

PATROLMEN NAB DRUNKEN DRIVER

Cycle Man Faces Assorted Charges After Chase In Yadkin Sunday Night

HAD 10 PINTS OF BOOZE

A man said to have been Robert Macemore, of Cycle, was arrested on the Brook's Cross Roads highway a few miles south of Jonesville Sunday night by Patrolmen Crowell and Johnson, of Elkin and North Wilkesboro, after a chase of several miles in which Macemore laid the groundwork for various and sundry charges including speeding and reckless driving, not to mention possession of whisky, driving while intoxicated, and driving without a state drivers' license.

In the car with Macemore, a small coupe, were two men and a woman, the woman's name having been given as Myrtle Evans. Names of the two other men were not learned.

When the car driven by Macemore was halted, a search disclosed a tin bucket in which were about 10 pints of bottled whisky in assorted size containers. Macemore, who was driving, was intoxicated to the extent that he begged for another drink when he thought the two patrolmen were about to pour out the liquor. The other two men and the woman were not intoxicated, it is understood.

After being brought to Elkin to the local jail for questioning, Macemore was carried to Yadkinville and placed in hock there. The others, it was learned, were released.

GREEN AND LEWIS CONTINUE BATTLE

Washington, July 7.—William Green, president of the American Federation of Labor, predicted tonight that "only the enemies of organized labor" would benefit from what he called John L. Lewis' "unwise policy."

Resuming his battle of statements with the president of the United Mine Workers, Green said that Lewis' current steel organization campaign needed organized labor's undivided support to be successful.

The steel industry's attitude and statements, he said, could be interpreted to mean only "they understand no language except the language of force."

SEEKS ACCEPTANCE OF N. C. LAW

Raleigh, July 7.—Governor Ehringhaus asked G. R. Parker, regional director for the social security board today, to use his influence to persuade the board it should reverse its unfavorable decision on the state's unemployment insurance law.

Following a "very satisfactory conference" with Parker, the Governor said he still is convinced the Cherry act—North Carolina's unemployment insurance law—complies adequately with the requirements of the federal social security act.

SILOAM OUTLAW STILL AT LARGE

Surry Officers Seek Caleb Wagoner, Convicted Murderer, Who Escaped

BELIEVED NEAR SILOAM

Surry county officers combed the woods near Siloam Monday in search of Caleb Wagoner, notorious Siloam outlaw, who escaped from a prison camp near Polkton last week after serving two months of a 15 to 20 year murder sentence.

Wagoner, regarded as one of the most dangerous and desperate men with whom local authorities have ever had to deal, was captured last February after a sensational 22-day manhunt employing practically all available law enforcement officers in the county, including Mount Airy police and state patrolmen.

The fugitive has made his way back into familiar territory, Surry officers believe, and may now be at large somewhere in the Siloam section.

The entire vicinity was placed under surveillance by Sheriff John D. Thompson and his deputies immediately after news of the desperado's escape was received here but the rugged nature of the

PRESIDENT WILL INSPECT DROUGHT AREA IN PERSON

Federal Jobs Give Farmers New Hope In States

LONG RANGE DISASTER

Over 50,000 Families Will Be Put To Work On Number Of Projects In Area

TO AID LITTLE FARMERS

Washington, July 7.—President Roosevelt today set in motion a drought relief program designed to provide incomes for 170,000 distressed families, feed live stock and change the economy of the "dust bowl."

He named himself the nation's No. 1 inspector to check personally next month on progress of his plans.

Flanked at a press conference by administration executives interested in drought relief, the President said families in the parched area would receive aid through work relief projects and subsistence loans and grants. Government loans, he said, will be made to small cattle feeders to save their foundation herds.

The new plans, he disclosed, contemplate adjustment of farmers to the new enterprises which will not depopulate the affected region, but which will alter the economy of the blighted district and halt the need of direct federal relief, which he estimates totaled \$300,000,000 during the last three years.

Earlier, the drought committee named 97 "emergency drought counties" in North and South Dakota, Montana and Wyoming where federal relief operations will be concentrated.

The AAA already has worked out modifications of its soil conservation program to permit conservation in the drought districts of any crops suitable for live stock feed.

The government, Mr. Roosevelt said, is dealing with a long-range disaster. He added that when the relief program was fully underway within the next month or six
