

**LEMKE WARNS COUNTRY IN SPEECH**

Greeley, Colo., Aug. 4.—Rep. William Lemke, of North Dakota, Union Party candidate for president, said tonight destruction of democracy in this country was inevitable unless issues now before the people were disposed of rightly.

In an address prepared for delivery before the graduating class of the state college here, the Union Party leader asserted these issues, among them the right of Congress to reassume its power to "coin money and regulate the value thereof" were either ignored or slightly touched on by the Democratic and Republican platforms.

**N. C. PWA MAY SOON FOLD UP**

Washington, Aug. 4.—North Carolina's PWA organization may soon fold up if President Roosevelt holds to his ruling that no projects will receive allocations out of the new work relief appropriation unless the sponsors can show only labor from relief rolls will be used on them.

This became apparent at Secretary Icke's press conference today when he said assistants had been "combing" the list of PWA files in search of projects to meet the President's 100 per cent relief labor rule and had found but few.

The trouble lies in the fact that there is a shortage of skilled labor on relief rolls. Most communities where PWA projects are proposed have plenty of unskilled labor on the rolls, but this is of small benefit unless the WPA can certify plumbers, brick masons, carpenters, plasterers and similar trained laborers for the job.

**GREECE HAS DICTATOR**

Athens, Aug. 5.—Premier Gen. John Metaxas early today declared a dictatorship under the auspices of King George II.

Metaxas also declared martial law and dissolved the Chamber of Deputies after Communists called a general strike.

The King, fearing large scale Communist disturbances throughout the country, consented to declaration of martial law. However, the country was quiet early today.

All elections were ordered postponed indefinitely.

**TWO ANNOUNCE FOR SHERIFF OF COUNTY**

J. E. Monday and Bausley Beasley Want Democratic Nomination for Office

**MONDAY IS DEPUTY**

J. E. Monday, Surry county deputy sheriff and jailer, Wednesday announced himself as a candidate for the Democratic nomination for sheriff.

Coming also at the time of Mr. Monday's announcement was the announcement of Bausley Beasley for the same office on the Democratic ticket.

Mr. Monday has served as deputy sheriff of Surry county for many years and is thoroughly familiar with the duties of the office of sheriff. In his announcement he calls this fact to the attention of the Democratic voters and pledges his entire time, if elected, to the duties of his office and the welfare of the people.

Mr. Beasley, a respected citizen of Mount Airy, has served six years as a commissioner of the town, making a good record while in office. He too, in his announcement, pledges himself to work in the interest of all the people.

Nomination of a candidate for sheriff, and other county offices, will be subject to the Democratic convention to be held at Dobson.

**New Fire Truck Here But Firemen Won't Turn Out**

Members of the Elkin fire department are urged to meet Monday evening at 8:30 o'clock at W. W. Whitaker's store in order to stage a fire drill and to acquaint the firemen with the new fire truck.

W. W. Whitaker, fire chief, stated Tuesday that difficulty has been encountered in getting the firemen to turn out in order to learn to operate the new truck. With the exception of just a few of the firemen, he said, none of the fire fighters are familiar with the use of the pumper. It is of the utmost importance that each member of the department be thoroughly familiar with operating the machine if the department is to function smoothly and quickly in case of a blaze.

Firemen are to gather at Mr. Whitaker's store and the pumper will then be taken out for a practice drill. It is important that every member of the fire department be present, Mr. Whitaker said.

**SEEK COMPLETION OF WILKES ROAD**

Delegation Calls on State Road Commissioner At Lenoir Monday Night

**PROMISES COOPERATION**

Seeking completion of the Elkin-North Wilkesboro highway, which to date has been constructed as far as Ronda, a delegation of Elkin business men including Alex Chatham, C. H. Brewer, W. G. Carter and H. F. Laffoon, and T. J. McNeill, and others, from Roaring River, Monday night went to Lenoir where they conferred with E. F. Allen, state road commissioner.

The delegation was joined at Wilkesboro by P. E. Brown, former sheriff of Wilkes county.

Mr. Allen assured the group that he would do all in his power to see that the road was finished as far as Roaring River this year, and if possible, the entire stretch to North Wilkesboro.

It was brought out that this highway is the only county seat road in the state that has not been completed, and while its completion is considered very important the main argument put forth by the delegation was the crying need for a road for the people in that section that can be traveled in bad weather. The present road is said to be one of the worst in this section of the state.

**MOUNT AIRY MAN TO SEEK SEAT IN HOUSE**

Martin Bennett, Surry county game warden, and a citizen of Mount Airy, announced himself as a candidate for the Democratic nomination for the state house of representatives last week.

Mr. Bennett, in making his announcement, stated he would not be an "oily or wooly candidate." He called attention of Surry citizens to the need to fight for state funds in order for the county to receive its just share of highway and school money. He referred to efforts of some two score counties in trying to shift bonded indebtedness to the state for highway construction after the launching of the highway program in 1921. He believes that Surry should share in this shift of burden.

James J. Supporter went to prison in Chicago because he failed to support Mrs. Supporter and the little Supporters.

**DRUNKEN WOMAN IS JAILED TUESDAY**

The combined efforts of Chief of Police Dixie Graham and another man were required to put one mere woman in the local lockup here Tuesday afternoon.

The woman in question, Mrs. Norvin Stonestreet, of near State Road, was in a highly intoxicated state and in a very bad frame of mind when Chief Graham arrived at a local cafe to calm her flow of language and convey her to a place of repose and meditation. But sight of the law didn't prove at all soothing.

As a result Chief Graham Graham called for help, and with a volunteer conducted the intoxicated woman to Elkin's jail to undergo a sobering process.
