## HEARING IN BABY CASE SEPT. 10TH

Local Woman Held Under  
\$2,000 Bond On Charge  
Concealing Childbirth

BABY SAID BORN DEAD

A preliminary hearing for Mrs.  
John Hudspeth, of Elkin, under  
\$2,000 bond in Wilkes county on  
a charge of concealing childbirth,  
will be held at Wilkesboro Sep-  
tember 10 at 2 p. m. it was  
learned Wednesday from Sheriff  
W. B. Somers, Wilkes county  
sheriff.

Mrs. Hudspeth was taken into  
custody at Wilkesboro late last  
Wednesday afternoon when offi-  
cers learned the identity of a pre-  
maturely born baby found the  
preceding Sunday in a Wilkes  
county well, located a few miles  
west of Elkin.

The mother of the baby girl, it  
was learned, was Mrs. Flake  
Brown, of Elkin, sister of Mrs.  
Hudspeth. The child was born  
dead in Taylorsville, and, accord-  
ing to its mother, was turned over  
to Mrs. Hudspeth for burial in the  
family plot here. Instead,  
however, the body, incased in a  
small pasteboard box, was drop-  
ped in a 60-foot deep dry well.  
Mrs. Hudspeth, when taken in-  
to custody, declined to discuss the  
affair, or shed any light on it in  
any way. The body of the child  
is known to have been dropped  
into the well by two men.

Mrs. Brown's statement that  
the baby was born dead was sub-  
stantiated by the attending phy-  
sician. The woman has been sep-  
arated from her husband for more  
than a year, it is under-  
stood.

## SELECTION OF P. O. SITE IS EXPECTED BY 1ST OF SEPTEMBER

Bids Submitted Now Being  
Studied and Analyzed

BIDS ARE NOT MODIFIED

Will Not Ask Such Bids Un-  
less It Is Decided Prices  
Are Too High

REPORT IS SUBMITTED

By PAUL MAY  
Tribune Washington Bureau  
Washington, D. C., August 26.—  
Selection of the site for the new  
Elkin post office building will be  
made early next month, it was  
predicted today at the treasury's  
procurement division.

The site agent's report of the  
bids submitted for the Elkin site  
is now being studied and analyzed  
by the treasury department engi-  
neers and postal inspectors, pro-  
curement division officials stated.

From their study of the field  
report on the Elkin site proposals,  
the engineers and inspectors are  
making a review of the situation,  
which will be given the joint  
treasury-post office department  
committee on Federal buildings  
and sites next week, officials  
said.

The selection of the Elkin site  
will be made by the joint com-  
mittee on the basis of the review  
and the site agent's recommen-  
dation, according to officials.

Officials said they had received  
no modifications of the original  
bids submitted for the Elkin site.  
Modified bids will not be called  
for unless the joint committee de-  
cides that present proposals are  
too high to permit a selection,  
they added.

## CHATHAM IS OUT OF TOURNAMENT

Blanketeers Lose To Fox  
Tuesday Night by Score  
Of 13 to 8

TEAM IS ELIMINATED

With two victories behind them  
in their quest for national honors  
in the national semi-pro baseball  
tournament at Wichita, Kansas,  
the Chatham Blanketeers were  
eliminated from the tournament  
Tuesday night by a Fox Film  
team. The score was 13 to 8.

The Blanketeers were defeated  
in their first game of the series,  
losing to the Elgin Watch com-  
pany. They came back to defeat  
a Kingam company team 5 to 4,  
and the Gadsden, Ala., team of  
the Goodyear Tire and Rubber  
company 12 to 2, advancing to  
fourth place in the tournament.  
Had they won Tuesday night they  
would have been elevated to third  
place.

In Tuesday's game, the Blan-  
kteers got 16 hits and made 6 er-  
rors. Their opponents were held  
to 11 hits, making only 3 errors.

The team, it is understood, is  
now on the way home.

## TERRACE MACHINE IS NOW IN BRYAN

Those Wanting Work Done  
Should Make Arrangements  
While Machine Is There

COST ABOUT \$2.19 ACRE

The county terracing machine is  
now located in Bryan township  
where it will be at work for a  
week or so, according to a state-  
ment by J. W. Crawford, and  
those who are interested in get-  
ting work done on their farms are  
urged to see him and make ar-  
rangements for their work before  
the machinery leaves that section  
of the county.

Mr. Crawford also stated that  
the cost of the machinery for  
terracing is \$3.00 per hour to be  
paid before the equipment leaves  
the field. This cost runs about  
\$2.19 an acre, he said, with some  
land costing only 75c an acre for  
terracing.

The sub soiling machinery is  
also located in the same territory  
and is being used along with the  
terracing outfit.

ships will make a man of him."

## Which Way The Straw

## Roosevelt Holds Lead In Local Poll; Landon Is Ahead Nationally

Landon Gains One Ballot in Votes Received Here During Past  
Week; Nation-Wide Returns Show Republican Candi-  
date Leading Rival by Approximately 6,000 Votes;  
Lemke is in Third Place With 3,485

Governor Alf M. Landon, Re-  
publican candidate for president,  
received one vote more than  
Franklin D. Roosevelt during the  
past week's voting in The Tri-  
bune's presidential straw vote, Mr.  
Roosevelt continuing to hold a  
small lead over his opponent lo-  
cally.

The local vote now stands as  
follows:

Roosevelt	50
Landon	39
Brower (Communist)	1

Have you voted? If not, clip the  
ballot printed on the back page of  
this issue of The Tribune, mark  
a cross opposite the candidate you  
favor, and mail or bring it to The  
Tribune. You don't have to sign  
your name to vote, merely sign  
your postoffice address so that  
your vote may correctly be tabu-  
lated in nation-wide returns.

New York, August 26.—Approx-  
imately 100,000 ballots from 32

## ELKIN SCHOOLS TO OPEN ON SEPT. 21

Contracts Let On Equipment  
For New High School  
Building Monday

TOTAL COST \$3,360.52

At a meeting of the Surry  
County Board of Education at  
Dobson Monday night the open-  
ing date of the county schools was  
set for Monday, September 21.  
The reason assigned for the  
schools starting later than usual  
this year was that the enrollment  
is largely rural and that this ad-  
ditional time would be needed to  
help with harvesting the late  
crops in the county, many of the  
crops not maturing as early as  
usual on account of the drought  
the early part of the summer.

It was also pointed out that  
the additional time would be an  
advantage locally as it would be  
required for the installation of  
the equipment for the new high  
school building.

Contracts were let at the meet-  
ing for the equipment, all items  
to meet certain specifications.  
Contracts were awarded as fol-  
lows: Group A: consisting of 210  
metal frame, plywood classroom  
desks, Irwin Seating Co., Grand  
Rapids, Mich.; Class B: Teachers  
desks, visitors chairs, library ta-  
bles and chairs, letter files, stools,  
teacher's room tables and waste

## Masonic Picnic Is To Be Held Here Today; Plan Good Program

## LATENEWS from the State and Nation

WOULD REDUCE  
LIBERTY OF PRESS

Boston, Aug. 25.—A proposed  
statute to prevent "newspaper  
interference with criminal jus-  
tice" was placed before the  
American Bar association to-  
day by Philip Lutz, Jr., attor-  
ney general of Indiana, as  
eminent lawyers and journal-  
ists assailed the "publicity  
evil" attending celebrated trials.

"The most serious criticism  
of American criminal proce-  
dure today is that the judges  
of the courts permit newspa-  
pers to usurp the court's own  
functions and duties," Lutz  
told the section of criminal  
law at the 59th annual meet-  
ing in his report as chairman  
of the committee.

GLASS TO VOTE  
FOR ROOSEVELT

Washington, Aug. 25.—Pres-  
ident Roosevelt is very indig-  
nant over the interpretations  
being made by news commen-  
tators and editorial writers of  
the manner of his introduction  
by Senator Carter Glass, at the  
Monticello exercises July 4.

This was revealed today by  
the Virginia senator after a  
long conference with President  
Roosevelt following which he  
declared he would vote for the  
re-election of the Democratic  
presidential nominee but left  
in doubt, in his discussions  
with newspaper correspondents,  
whether he would actively fur-  
ther that candidacy.

## BULLITT NAMED FRENCH AMBASSADOR

Washington, Aug. 25.—Dap-  
per, well-to-do William Chris-  
tian Bullitt, of Philadelphia,  
first United States ambassador  
to the soviet union, today was  
named by President Roosevelt  
to be ambassador to France  
succeeding Jesse I. Straus, of  
New York.

Retirement of Straus because  
of ill health, was announced by  
the President a few minutes  
prior to the naming of Bullitt.

## BYRNES PILES UP BIG LEAD

Columbia, S. C., Aug. 25.—  
Senator James F. Byrnes, run-  
ning on his record as a Roose-  
velt administration supporter,  
piled up an overwhelming lead  
over two opponents, both se-  
vere critics of the new deal, in  
early returns from today's  
Democratic primary for the  
United States senate.

## GYM PROJECT IS GIVEN APPROVAL

Will Be Wood Structure, To  
Cost \$8,600; Few Changes  
In Plans

PLAYGROUND LOCATION

Word was received here Tues-  
day of the approval by the WPA  
of Elkin's gymnasium with the  
assurance that as soon as a few  
minor details of the original plans  
were changed that actual con-  
struction would begin.

The building will be a wood  
structure and will cost \$8,600. It  
will be a one story building with  
showers and locker rooms in the  
basement for both boys and girls.  
The plans also call for a regula-  
tion basketball court in the build-  
ing with seating room for spec-  
tators along the sides of the court.

The building will be erected on  
the city playground, at the rear  
of the new high school building.

This has been one of the ma-  
jor projects of the town for a  
number of years and many of the  
civic organizations of the town  
have contributed liberally to the  
fund to supplement the WPA  
grant.

## MOORS JOIN IN SPANISH AFFAIR

Loyalists Call on Populace to  
Rise Against "Moorish  
Invasion"

MADRID IS THREATENED

Madrid, Aug. 25.—The govern-  
ment tonight called on the popu-  
lace to rise against the "Moorish  
invasion," following reports that  
Moorish legionnaires brought to  
the mainland by rebels had in-  
creased their activity.

Officials declared "no mercy  
will be shown these uncivilized  
barbarians."

It was asserted in Madrid to-  
night that 500 Moors had charged  
government troops in the Naval-  
peral sector armed with hand  
grenades, but had been driven off  
with 80 killed and many wounded.

The bodies of the Moors, it was  
learned, were cremated on the  
field of action after being cover-  
ed with gasoline drenched brush.

The government tonight threw  
a heavy guard around Getafe air-  
drome outside Madrid bombed by  
rebel airplanes Sunday. These  
bombs, Premier Jose Giral Pereira
