Speeding Car Leaves Yadkinville Highway and Topples Into Creek

BROUGHT TO HOSPITAL

Yadkinville, Oct. 21.—(Special) -Glenn Swaim, 37, is dead and Guy Myers, 24, is a patient at Elkin hospital, as the result of a wreck which occurred one mile east of Yadkinville about one east of Yadkinville about one o'clock Sunday morning as the pair were returning to their homes in the Swan Creek section from the Winston-Salem fair.

Swaim was drowned in the waters of North Deep Creek, where the car plunged from the bridge and landed on its top, pinning him under it. Myers was rescued in time to save him from same fate. He was rushed to the Yadkin Clinic for first aid treatment, then carried to Elkin, where it is thought he will recover.

The new Ford V-8 which be-longed to Myers and which had been driven only 1300 miles was evidently traveling at a terrific rate of speed, estimated by many to be 100 miles or more per hour. It is understood to have had an extra speed gear on it. The car was absolutely demolished. The death car had just passed three cars in a row 200 yards from the creek, and one occupant of these cars states he was making 45 miles an hour and it passed him as though he were standing still.
