LATENEWS from the State and Nation

MADRID WORKERS RUSH TO FRONT

Madrid, Oct. 20.—Lashed to martial fury by the shrill exhortations of their womenfolk, Madrid's civilian workers marched to war tonight.

Laborers, factory workers in grimy overalls, sawed desk workers with ink-stained fingers—all poured from their buildings in answer to the pleas of frenzied women.

Clumsily but effectively they fell in with the units of the regular militia marching off to give battle to the enemy whose cannonading could be heard plainly in the streets of Madrid.

LANDON CONTINUES TO SCORE NEW DEAL

Los Angeles, Oct. 21—Gov. Alf M. Landon accused the new deal of "undermining" individual liberty and "tampering" with basic democratic principals tonight in demanding that President Roosevelt be ousted in behalf of a "return to our constitution."

Before an open-air audience in the huge Los Angeles coliseum, the presidential nominee climaxed his west coast dash with an assertion that Mr. Roosevelt's re-election would be interpreted as an endorsement of policies Landon said had "abused" the power of government and threatened "our independence."

VIRGINIA GIRL IS SENT TO PRISON

Hopewell, Va., Oct. 20.—A Hopewell circuit court jury found Kathleen Phelps, 18, guilty of voluntary manslaughter today in connection with the death of her brother-in-law and fixed her punishment at five years in the penitentiary.

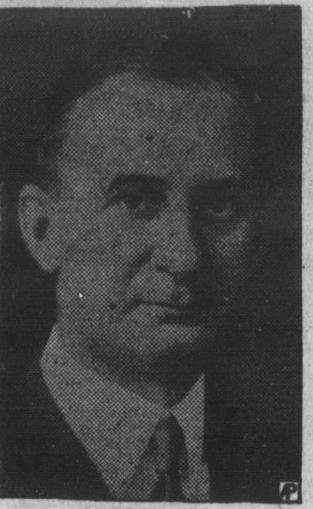

The jury reassembled after the court had made arrangements for an overnight recess and quickly reached the verdict, convicting the young woman of the slaying after what she testified was a "date" with Howard Watkins to "win a bet" from her sister, Watkin's wife.

INFLUENZA VACCINE TEST IS SUCCESSFUL

New Orleans, Oct. 20.—The first vaccine for flu has been tried on 30 human beings with 100 per cent success at the Rockefeller Institute in New York.

This fact was announced to the American Public Health association here today as the "preliminary skirmish" in what at present promises to be a successful campaign to mitigate the ravages of influenza and possibly to abolish the great flu epidemics as effectively as yellow fever and black death.

"Doctor" Endia Deeves Puts Theodore Van Eaton In Hospital Sunday

IS UNDER \$500 BOND

Endia Deeves, colored, who professes to be a doctor of sorts, which includes casting of spells and charms and the curing of more ailments than a half dozen patent medicine ad. writers can think up in a week's time, is now at liberty under \$500 bond on a charge of shooting Theodore Van Eaton, also colored, in the leg with a rifle. Van Eaton is in the local hospital.

The trouble was said to have occurred Sunday morning when Van Eaton is alleged to have gone to Deeves' home in Huntsville, after learning that the "doctor" had attempted to make trouble between him and his wife. It was said that Van Eaton was planning to transform the "doctor" into a medical case himself, but that his plans fell short when Deeves, warning him not to enter the house with a threat of shooting, had to make good on his word.

Deeves was arrested shortly after the shooting by Chief of Police Dixie Graham and locked up. He waived a preliminary hearing and a short while later was released on bond.

Death Comes as Result of Paralytic Stroke Suffered Last Week

rites Held Tuesday

The entire town was saddened Monday in the passing of Eli Clinton Grier, 53, intimately known to hundreds of friends as "Dick." Mr. Grier passed away quietly at the family home on Bridge street at 9:30 Monday morning, following a grave illness since Tuesday of last week, when he suffered a paralytic stroke.

Mr. Grier was a native of Mecklenburg county and a son of the late Mr. and Mrs. Julius Grier, the former a prominent merchant and farmer of the Charlotte section. He came to Elkin twenty-two years ago and was first associated with Brown-Grier Iron Works and later opened a men's clothing store. A number of years later he operated a large grocery store, in which business he was engaged until a decline in health forced him to retire about eighteen months ago.

During his residence here Mr. Grier had endeared himself to the entire citizenship of the town, regardless of age or station in life. He was one of the most beloved citizens of the town, which fact was evidenced by the throng of people who attended the funeral and called at the home, and by the beautiful and profuse floral offering. He was a member of the Methodist Episcopal church.

He is survived by his widow, Mrs. Bessie Greenwood Grier; two daughters, Misses Louise and Frances Grier, and one son, George Grier, and the following brothers and sisters: D. V. Grier, Gastonia; Sidney and Joseph Grier and Mrs. J. R. Renfrow Matthews; Dr. Charles Grier, Car-

DRUNKEN DRIVERS BECOME EPIDEMIC

Four Are Arrested Locally Within Little Over A Week's Time

BOUND OVER TO COURT

Local police have encountered an epidemic of drunken drivers during the past week, four such arrests having been made in little over a week's time.

During the past week-end Guy Shumate, of Elkin, was arrested by Night Officer J. L. Darnell after he struck a telephone pole on West Main street. Shumate, it was said, drove about a hundred yards from the scene, turned the truck directly across the street, and collapsed in a drunken stupor. Given a hearing before Justice of the Peace Julius Hall Monday, he was bound over to superior court under \$250 bond.

Another driver to face a charge of driving while intoxicated was Harvey Gregory, who was arrested about 3 o'clock Monday afternoon on Market street extension. Gregory was said to have struck another car. He was arrested by Chief of Police Dixie Graham.

A little over a week ago Brady Osborne, of Elkin, was arrested by Officer Darnell on a similar charge. He is at liberty under \$250 bond.

Sunday night Richard Vanhoy was arrested by Patrolman J. E. Crowell on a drunken driving charge. He too was bound over to court under \$250 bond.

DELEGATES NAMED TO CONVENTION

Good Program is Staged During Meeting of Kiwanians Friday Evening

JENKINS MAKES TALK

Delegates and alternates to the convention of this Kiwanis convention, to be held Thursday in Greensboro Friday and Saturday, October 29, 30 and 31, were elected Friday at the meeting of the Elkin Kiwanis club.

W. B. Lankford and E. C. James were named as delegates, while Garland Johnson and Paul Gwyn were named alternates.

An excellent program was staged during the meeting by Byron Bryan and his Home Town Nuts, which included Ernest Day and Sam Holbrook. Dr. J. G. Abernethy acted as program chairman.

A feature of the evening was a talk by Rev. Wm. A. Jenkins, pastor of the Methodist church, who brought out the fact that this being a national election year, it would likely see much intolerance on the part of those backing the various candidates. He urged that everyone give and take—to allow the other fellow full right to his opinion and to avoid heated political arguments usually the rule during a national campaign.

Just a few days ago the towns of the nation were bragging about how hot it was and now the weather birds are beginning to forecast the snows ahead.

MARTIN FAVORS SECURITY ACT

Democratic Nominee for Legislature From Surry Explains His Stand

FAVORS CALL SESSION

N. J. Martin, of Salemfork, Democratic nominee for the state legislature from Surry county, stated Tuesday that he is highly in favor of the Social Security Act, which provides an old age pension for those of the state over 65 years of age.

Mr. Martin stated that he is in favor of the governor calling a special session of the legislature as soon as possible after the elections are over in order that the necessary legislation may be enacted to make North Carolina eligible to the appropriations of the federal government for this purpose, which will be one half of the amount paid in old age pensions, the other half being paid by the state. Mr. Martin explained further that such a special session was necessary if the legislation was enacted in time to make the state eligible to the federal funds before next July, for if the special session is not called no funds from the federal government will be available for this purpose before next July.

Mr. Martin said that a number of personal inquiries, as well as a great number of letters asking about this matter had prompted his statement.
