GWYN TALKS ON TAXES

W. B. Lankford, vice-president of the Elkin Kiwanis club during the past year, Friday night was named as president to succeed L. G. Meed in the annual balloting of the club members. W. G. Carter was named as vice president.

Garland Johnson was named secretary-treasurer, succeeding Mr. Carter.

The following board of directors were also named: Paul Gwyn, Errol E. Hayes, Dr. C. L. Haywood, Jr., E. S. Spainhour, R. M. Hudgins and Julius L. Hall. L. G. Meed will also serve as a member of the board due to the fact that the retiring president is automatically named to that body.

A talk on one of the amendments to the state constitution which will be voted on Tuesday, was made by Kiwanian Paul Gwyn, town treasurer, who expressed himself as being against amendment 2 which would provide limited property tax exemption for homes occupied by owners. Mr. Gwyn stated that the amendment, if approved by the voters, would cost the town a huge sum and that it would probably result in a 15-cent higher town tax rate, raising the present rate from \$1.50 to \$1.65.

Elks Run Wild Over Taylorsville To Win 76 to 6

The Elks of Elkin high school last Friday afternoon declared a Roman holiday in defeating Taylorsville high school here by 76 to 6, their opponent's score having been donated when Gray, momentarily confused, snagged the ball and ran across his own goal line.

As the score indicates, the Elks ran wild to score at will against the weaker Taylorsville team, every man on the squad seeing action with exception of the water boy.

Friday the Elks, who have been defeated only once this season, will journey to Winston-Salem to play North High of that city.

DR. STONE QUIT'S CORONER'S RACE

Dobson Republican Lists Age and Business Responsibilities as Cause

SMITH IS UNOPPOSED

In a statement in which he pointed out that he is too old and that his business is such he could not serve if elected, Dr. W. M. Stone, prominent physician and druggist of Dobson, the latter part of last week formally announced his withdrawal as a Republican nominee for the office of county coroner.

Dr. Robert E. Smith, of Mount Airy, who has filled the office for the past six years and who is the Democratic candidate for re-election, will probably be unopposed by virtue of Dr. Stone's withdrawal.

Dr. Stone's statement was as follows: "I withdraw my name as a candidate on the Republican ticket for coroner. I am too old and my business is such that I cannot serve if elected."

In enlarging on the statement, Dr. Stone said that he felt he would be unable to properly carry out the duties of the office and that he had tendered his resignation to the executive committee after he was drafted into nomination.

THIRD OF COST OF POSTOFFICE HERE GOES TO WORKERS

Are to Determine Wage Rate For Workers

COST LIMIT IS \$67,100

Hope That Construction Job Can Be Ready For Bids By Early in 1937

HEARING MAY BE HELD

By Paul May
Tribune Washington Bureau
Washington, D. C., October 27.

The Treasury Department's procurement division has asked the Department of Labor to determine wage rates for workers to be employed on construction of the new Elkin postoffice. Shortly after these rates are determined, expected to be about December 29th, they will be written into the specifications and the project will be placed on the market for bids.

The Department of Labor will either appoint a referee to visit Elkin and hold a hearing on prevailing wage rates there, taking testimony from union organizations, contractors and city officials; or else obtain the necessary data by private investigation. The rates so determined, officials of the procurement division state, will be the very highest prevailing in every class. These rates are often so high, officials claim, that costs of construction are sometimes higher than originally planned.

The limit of cost for the new Elkin postoffice building is \$67,100. A third of the contract price will go directly to labor employed on the site. In addition to the contract price of the main construction job, the \$67,100 must cover additional costs such as furniture, screens lock boxes, seeding and planting.

The procurement division is flooding the Department of Labor with wage rate requests in the hope that most of the postoffice construction jobs, authorized by the deficiency appropriation bill of 1936, can be placed on the market by early in 1937.

POLLS AT WAREHOUSE

Many Believe Roosevelt Will Win, While Others Are Sticking By Landon

CANDIDATES LISTED

With local interest in Tuesday's national election at fever heat, The Tribune is making arrangements to broadcast county, state and national returns Tuesday night.

Loud speakers will be placed atop The Tribune building and through radio and a microphone to be located in The Tribune office, those present will be given state and national returns as they come over the air, and county returns as they come in by telephone from Surry and neighboring counties.

The national election has thus far overshadowed county and state competition here, Democrats seemingly taking it for granted that Surry and North Carolina will go Democratic as usual. However, although numerous Democrats are predicting the election of Mr. Roosevelt, others are not so sure. The majority of Landon supporters appear confident that the Kansas governor will win, although they concede him victory by only a few electoral votes.

This year as usual the Elkin polls will be located in McNeer Warehouse, in quarters now occupied by the newly organized Baker Truck & Implement Co. L. G. Baker, manager of the new firm, has kindly given his consent to use his place of business for this purpose.

According to C. A. McNeill, registrar for Elkin township, several
