Quickest Way to Ease a COLD

1 Take 2 Bayer Aspirin tablets with a full glass of water.

2 If throat is sore also, gargle with 3 Bayer tablets in 1/2 glass of water.

The modern way to ease a cold is this: Two Bayer Aspirin tablets the moment you feel a cold coming on. Repeat, if necessary, in two hours. If you also have a sore throat as a result of the cold, dissolve 3 Bayer tablets in 1/2 glass of water and gargle with this twice. The Bayer Aspirin you take internally will act to combat fever, aches, pains which usually accompany a cold. The gargle will provide almost instant relief from soreness and rawness of your throat. Your doctor, we feel sure, will approve this modern way. Ask your druggist for genuine Bayer Aspirin by its full name — not by the name "aspirin" alone.
