The following poem was written for Mrs. Thelma Benge, member of our 4-H club at Cool Springs.

KEEP TRYING

I joined the 4-H club my friends 'Cause there's things that I don't know

And State and county workers Can always help us so.

You know I'd rather try and fail Than try and try some more Than be among the number Who never seek to know—

A better way to plant a lawn, A more convenient plan Of doing things about the home And building up the land.

'Tis best to do the best you can Whatever be the task And when we've done our very best

'Tis all that God will ask. My daddy asked me with a smile What he could do for me, He thought to tease me just because,

I'd joined the club you see.

"Oh move the road and grade the lawn" My answer swiftly came And though he meant it for a joke He proved that he was game.

The lawn is graded now and green The road is moved away And I try to do a little bit To improve things day by day.

Oh sure those who try will fail And the doubters scoff and smile But those who try and try and try

Will get somewhere after while.

Oh yes I still am trying And though my part is small I'd rather try and try and fail— Than never try at all.

A female lecturer said: "Since women adopted modern costumes, street car accidents have decreased 50 per cent." And a male voice in the back row called out, "Why not cut out street car accidents altogether?"
