

## LARGE PLANE IS COMING TO ELKIN

Giant Ford Tri-Motor Plane to Carry Passengers; Here Three Days

### ELKIN MOTORS SPONSOR

A huge 16-passenger Ford airliner will arrive in Elkin Friday afternoon and will be located on a large field about seven miles distant on the Elkin-Brooks Cross Roads highway Saturday, Sunday and Monday for the purpose of giving local residents an opportunity to enjoy a 12-mile sky ride over Elkin at a nominal cost. This opportunity is being made possible by Elkin Motors, Inc., local Ford dealers.

The giant ship is one of the largest of its kind in America, with 1,000 total horsepower. Among the crew are two nationally known transport pilots, Capt. J. M. Gilmour, former airline pilot, who has safely carried over 175,000 passengers, and A. J.

Hartman, who has had nine years commercial flying experience.

Safety of the passengers riding in the plane is assured by use of three independent motor plants, all metal construction throughout and the ship's being manned by a pilot and co-pilots at all times. The big plane cost \$56,000 and is capable of carrying sixteen passengers. It is equipped with three Wright whirlwind motors of over 300 horsepower each. Some of the modern conveniences include lavatory, electric lights, dressing room and heat. It has a wing spread of 76 feet and weighs 10,000 pounds when loaded. It is capable of a top speed of 150 miles an hour and has a cruising speed of 125 miles an hour. The visit of this plane is offering the people an opportunity to ride in absolute safety and luxurious comfort.

What does it profit a gent to have superior wisdom? Friends will only say what a lucky guesser you are.

Fishing towers are used along the coast of Japan. They are constructed of bamboo poles.

## MIDGETS WIN 4 STRAIGHT GAMES

Defeat Chatham Mill Nine 5-2 and Have No Trouble With Other Three

### BEAT RONDA 18 TO 4

The Elkin Midgets have won four straight games in the past week. Tuesday they beat the Chatham Mill nine by a score of 5-2. Harris pitched a neat game for the Midgets and Pardue was on the mound for the mill nine.

Thursday they took the Gwyn Avenue nine to the tune of 18-7. Sparks pitched for the opposing team and Powers and Shumate hurled for the Midgets. Harris

and Shumate led the Midgets at bat.

The Ronda nine was defeated 18-4 on the local playground Saturday. Powers for the Midgets pitched a five-hit game. The Ronda pitchers, Byrd, Rumble and Vanhoy, yielded 24 hits to the local nine. Harris and Couch starred in the batting for the Midgets.

Monday the Midgets won their fourth consecutive game by defeating the West Elkin Stars 19-5. Harris and Shumate again starred at bat. Eldson was reached for 22 hits by the Midgets. Shumate pitched a six hit game and struck out fourteen of the opponent's batters for the winning Midgets.

Maybe Mr. Farley could modernize his department by offering curb service to those desiring to buy postage stamps.

## WEEDS STUMBLING BLOCK TO FARMERS

Plant Diseases Also Stand in Way of Growers in Production of Small Grain

Mixed varieties, plant diseases, and common and noxious weeds compose three stumbling blocks for North Carolina farmers in the production of quality small grain.

However, declares A. D. Stuart, extension seed specialist at State College, these obstacles can be overcome to a large extent by good farm practices.

The use of pure seed will eliminate the low yield and poor quality of mixed varieties, he pointed out, as well as control

most weeds, since a large portion of the weeds produced in tilled fields are planted with the seed.

Stuart says that the North Carolina Crop Improvement Association gives the opportunity of both using and producing pure seed. Applications are now being received for the inspecting of small grain fields for certification.

If a grower's crop passes field inspection by the Association, threshing should be done carefully. All equipment should be cleaned thoroughly before work is begun so that no mechanical mixture will result, the seed specialist advises.

After threshing and cleaning, a small sample of the grain must be submitted to the Crop Improvement Association for official purity and germination tests by the State Department of Agriculture.

## WILL SHOW FREE MOVIE AT LYRIC

"Three Women," Starring Johnnie Mack Brown, Sponsored by By Local Plumbing Concern

"Three Women," a thrilling motion picture beautifully filmed in technicolor and starring Johnnie Mack Brown, Sheila Manners and Hedda Hopper, will be shown free of charge at the Lyric Theater here Friday morning, May 14, from 9:30 to 11 a. m.
