NEW DISCUSSIONS NOW UNDERWAY

Radio Talks on Subject of Marketing Farm Products Being Given

HEARD ON WEDNESDAY

A new series of discussions on the marketing of farm products is now underway on the Carolina Farm Features radio program, a presentation of the State College Extension Service.

Heard on alternate Wednesdays the first group of talks is being prepared by S. L. Clement, agricultural economist of the North Carolina Experiment Station.

The general theme of these discussions will be the tobacco import and export trade as it affects North Carolina growers. The leaf supply and demand in several of the foreign tobacco manufacturing countries will be brought up for a complete discussion.

The American export trade has been hurt considerably because many countries are levying higher import duties on tobacco and encouraging their farmers to grow more leaf.

Mr. Clement will deliver a talk on the Japanese tobacco situation June 2. Other talks will be heard on alternate Wednesdays.

"I COVER the Philadelphia WATERFRONT"

The TRUE Story of Bill Wilson, a Philadelphia reporter, who found "scoops" can be made in more ways than one.

IT'S MY JOB TO GET THERE FIRST WHEN THERE'S NEWS ALONG THE SCHUYLKILL AND DELAWARE

LONG AND SHORT RUNS, CHASING NEWS... A HOLD-UP... A FIRE...

MAYBE IT'S AN ACCIDENT, OR A FERRY SMASH... BUT, BELIEVE ME, THEY ALL EAT INTO MY FUEL TANK

I'VE STOPPED AT PRETTY NEARLY EVERY SERVICE STATION AND TRIED THEM ALL...

ONLY TO LEARN A TANKFUL OF ESSOLENE CARRIES ME ON TWO OR THREE MORE STORIES THAN THE REST

AND THAT NEWS IS AS VALUABLE TO ME AS MAKING A "SCOOP" A WEEK

WRITTEN testimony of thousands of motorists is your assurance of extra mileage with Essolene. This regular priced motor fuel gives more miles per gallon than even most premium priced gasolines and no gasoline at any price gives more.

Essolene is different... so different it's actually been granted a U. S. Patent. Different, patented, loaded with extra miles. Try one tankful and see why Happy Motoring starts at the Esso Sign.
