YADKIN REPRESENTATIVE WRITES

I wish, Mr. Editor, if you will permit me the space in your paper to say a few words about the office created at Yadkinville during the last Legislature.

First, I wish to say that Davie county has the same office and has had it for four years. Further let me state that the people of Davie County are proud of the office and that the Representative, Mr. Grant, and the State Senator, Mr. Brock, from Davie County had nothing but the highest of praise for the office. Either one of them could have abolished the office during the last Legislature if they had been so minded.

But we notice by the Yadkinville Republicans and Democrats are terribly excited about the office. It is perfectly obvious that there are reasons for this excitement. One reason for this unusual outburst is the fact that several of these gentlemen are stockholders in the Dixie Bond and Mortgage Company. The Dixie Bond and Mortgage Company has obtained several thousands of dollars of the taxpayers hard earned money and the security that they offered is no good. These papers run well into the thousands. I ask you to go in Mr. Casteven's office at Yadkinville and look over these papers. Seeing is believing.

One objection they raise to the office is that they say it will cost the county more money. Lets see about that. Last year we paid the auditor \$350.00, Tax Supervisor \$218.00, Yadkinville Bank to allow us to store our money in their bank \$600.00, we paid the Register of Deeds to keep a record of bills paid \$480.00. These records are kept and filed in Mr. Casteven's office. By simple mathematics this totals:

Auditor	\$350.00
Tax Supervisor	218.00
Storage Fee	600.00
Record of Bills	418.00
TOTAL	\$1,586.00

Now the County attorneys' fees for Yadkin County last year were in excess of \$1,200.00. In Davie County the attorneys' fees were less than \$600.00 per year with this office.

Mr. Casteven gets only \$1,200.00 per year. His bond costs \$300.00. By simple mathematics this is only \$1,500.00 per year. Now if the Commissioners cooperate with the office as they do in Davie, it is bound to save the county money. So, these gentlemen that are estimating that it will cost more are Dixie Bond and Mortgages, or else they owe the county money they borrowed, and are afraid they will be called upon to pay this money back. You know it doesn't necessarily concern me, but it would make interesting reading to know how much Mr. W. E. Rutledge owes Yadkin County according to the 1936 audit. It would also make interesting reading to know how well some of these debtors of Yadkin County keep their interest paid. You know if some of these men were as interested in paying what they owe the county as they are in talking about the finances of the county, Yadkin would have more money than it has. But it is always interesting to hear one of these gentlemen of the Dixie Bond and Mortgage Company discuss the financial situation in the county. And may I add it is very appropriate for one of them to discuss.

Permit me to make one other observation. I notice that the Ripple says that I consulted only Mr. F. D. B. Harding and the Democrats with reference to this office. Do you consider the following Republicans nobody? Messrs. J. G. Ray, N. B. Castevens, Dick Everidge, Harrison Nicks, R. L. Hemric, C. B. Franklin, John Hemric, Turner Huds-peth, John N. Davis, Hank Joyner, Mack Lovelace and hundreds of others that signed the petitions asking that Yadkin County's funds be protected. Did you, Mr. Truth Can Be Told, of the Yadkin Ripple know that several Republicans went to Raleigh in the interest of this bill?

I would that you were better informed about what goes on in Yadkin County.

I much desire that Mr. Ripple re-examine the election returns. The figures he uses must have been taken from the minutes of the Dixie Bond & Mortgage Company instead of the certified returns of the County Board of Elections.

JETER L. HAYNES, Representative of Yadkin Co.

DIXON'S LAST CLASS IN YADKIN REUNION

Ten of the 13 Assemble With Prof. and Mrs. J. H. Dixon as Guests

ONLY ONE IS DECEASED

Yadkinville, June 14. (Special.)—A reunion of the last graduating class of the old Yadkinville Normal School—class of 1918—was held in the club rooms of the old Yadkinville Academy here Saturday night, June 12, with a dinner at 7 o'clock.

With but one exception the entire class of 13 is still living but are scattered considerably. Miss Rachel Royal, one of the class, is dead, leaving 12 members. Ten of them gathered here with Prof. and Mrs. Z. H. Dixon as honor guests. The reunion and dinner was sponsored by the four members of the class in Yadkinville, who were hosts to the class.

The 13 members of the 1918 class were E. Beecher Warden, Gorrel Myers, Mrs. Adeline Speas Shugart and George James Stafford of Winston-Salem; Dr. H. E. Casstevens of Greensboro; Miss Blanche Dixon of Elkin; Miss Florence Holton of Oklahoma City, Okla.; Mrs. Turnie Warden Pass of Chicago; and Miss Rachel Royal, now deceased. The two absent members were Mrs. Pass and Miss Holton.

Prof. Dixon, a pioneer in education in Western North Carolina since the early nineties, first established a private school here, which was later developed into the Yadkinville Normal. This school turned out hundreds of students, most of whom have done well in the world of business and society, and now cover a wide field of activity.

With the advent of the high school the old Normal was merged and has grown, with consolidation, to an institution of 18 teachers and a total of 680 students last year.

Prof. Dixon and Mrs. Dixon made talks to their old class and most of the members of the class talked. Prof. and Mrs. Dixon were presented with suitable gifts as a remembrance and both of them were presented with an autographed book, signed by the alumni.

One of the subjects spoken of by Prof. Dixon was the hope and the wish that early next spring, at which time he and Mrs. Dixon will celebrate their golden wedding anniversary, they can come back to Yadkinville for a day of celebration and a reunion of all the students then living, who attended the old Normal School under his guidance. This idea gained much favor with his last class and they readily agreed to act as hosts for the big reunion.

This class also plans an annual reunion every year.
