

HAMBRIGHT TAKES BURLINGTON POST

Elkin Man is Named Director of Athletics at Burlington Hi School

WITH CHATHAM HERE

Hoyt T. Hambright, connected with the Chatham Manufacturing Co., here as director of athletics for a number of years, has accepted the director of athletics post at Burlington high school, reporting there Monday.

Mr. Hambright, former All-South Carolina gridiron star, will coach all sports at Burlington and will also act as head of the city physical recreation department during the summer months.

Locally, while active head of the Chatham Blanketeers, Mr. Hambright produced the greatest baseball squads the Elkin manufacturing plant has ever known. He is widely known throughout both North and South Carolina in athletic circles, and was in charge of the recent semi-pro baseball tournament at Greensboro.

At the close of his college career, Mr. Hambright won all-state laurels in football, All-S. I. A. A. in basketball, and all-State in basketball.

He was freshman coach as Erskine in 1931 and then coached at Trenton (N. C.) High for three years, winning the state

class "B" basketball title in 1932. He was athletic director at Mountain Park Junior College in 1933, from where he came to the Chatham Blanketeers.

Pen, Pencil Offer Is Drawing Big Response

(Continued from page one)

Another factor is the high quality of these sets and the fact that they are fully guaranteed. Each set carries a guarantee slip.

Sets Ideal for School
Children and parents are finding these sets ideal for school requirements and that is one reason why so many of these premiums are moving out. Parents can make a substantial saving by getting these sets for their children. More than one set easily obtainable, simply by paying for additional subscriptions for yourself, relatives or friends.

Easy to Obtain
The Tribune has made it very easy to obtain one or more of these remarkable fine writing sets. The only requirement is to pay \$1.50 for a year's subscription to this newspaper, the regular established price for many years, and a set is yours free. The payment can be for a renewal subscription or a new one. The offer is made on the same basis to everyone without any restrictions or stipulations, and regardless of whether your subscription is now due or does not expire for several months. In the latter case your subscription will be extended a full year from the expiration date.

More than one set can be obtained by any reader as we are giving a set with each \$1.50 paid. You can pay your own subscription for two or more years, your own subscription and that of as many relatives and friends as you desire, or should your own subscription be paid far in advance, you can pass up your own and

pay for as many others as you care to. We'll give you a handsome set with each \$1.50 paid us for subscription and let you say as to whose credit the subscriptions are to be entered.

Offer Nearing End
While there is still ample time to take advantage of this very remarkable offer, the fact remains that it is drawing towards a close. Final date of offer is Saturday, September 18, a matter of only the remaining days of this week and next week.

Subscribers living at a distance or finding it inconvenient to call at this office, should mail their remittance within the next few days. Remember, we will mail the set to your address or to any address you designate provided you add five cents for postage.

Better make arrangements now to get your set or sets. The offer will soon be over.

Wide Range in Value For Site

should not exceed \$40 per acre. However, they admitted some of it was more valuable. A good portion of the land is covered with white sand or Bermuda grass.

Testifying for the power company by affidavit, J. E. Brendle, chairman of the Yadkin county commissioners; J. L. Crater, county clerk; E. H. Hoots, Thomas A. Steelman, Paul P. Davis, W. A. Hall, E. B. Vestal, all farmers of the proposed dam site, declared the bottom lands which would be covered by water are worth about \$200 per acre.

No Unemployment
The group also testified that no unemployment exists in Yadkin county and no PWA project such as the proposed dam, is needed to take up the slack. Judge Sink, however, disallowed this testimony.

The chief witness for the City of High Point was J. B. Saxe, civil engineer of the New York firm which surveyed the dam site last December and recently revised cost estimates. Saxe said the proposition, exclusive of a distribution system in High Point, could be built for \$5,649,724, as compared with the \$5,766,750 available in the event the court permits the city to issue bonds to augment the PWA grant.

Given Details
On the insistence of W. S. O'B. Robinson, chief Duke counsel, Saxe broke down his estimates into minute details as to construction and costs. He denied the estimate is a minimum, but insisted that it is likely construction could be done at a smaller instead of a greater figure. Robinson then recalled David Nabow, Duke Power Company engineer, to dispute the Saxe figures.

Judge Sink is hearing the case without a jury by agreement of both sides. Attorneys for both litigants conceded that the case will go to the State Supreme Court regardless of Judge Sink's ruling.

ARE TO BEGIN SUIT ON STREET ASSESSMENTS

The Elkin board of town commissioners, at their monthly meeting Monday night, instructed W. M. Allen, town attorney, to begin suit on all street assessments which are in arrears. Numerous assessments, it was learned, are three and four years behind, and must be brought up to date.

The commissioners also authorized the installation of a number of street lights along streets that at the present time are poorly lighted.

REVIVAL HERE IS DRAWING CROWDS

The revival at Pilgrim Holiness Church here is being well attended, crowds increasing each night. Rev. H. S. Bennette is doing some very inspiring preaching. The Bates sisters from Greensburg, Ind., are in charge of the music and singing. They arrived here Monday and will continue through September 19th. A cordial invitation is extended to the public regardless of denomination, to attend these services. Services each evening at 7:30, three services on Sunday—11:00 a. m., 3:00 p. m., and 7:30 p. m.

NEWMAN FAMILY HOLDS EIGHTH ANNUAL MEET

The eighth annual reunion of the Newman family was held Sunday at the home of L. H. Reeves in Sunset Park, West Elkin. The records of previous reunions was read by former senator S. O. Maguire, principal speaker for the occasion, prior to his talk. The program was opened with prayer by Loyd Wagoner.

At noon a bountiful dinner was spread on a long table. G. M. Newman offered the invocation.

The afternoon session was featured by music by the Cool Springs quartette, Elkin Valley choir and Jack Osborne and children and a talk by Rev. Isom Vestal.

There were 206 registered for the gathering and the registration revealed that the oldest attendant was Mrs. Carrie Newman Morrison, 87, and the youngest, John Newman, Jr., nine months old.

The 1938 reunion will be held at the same time and place.
