Wilkes Election Case Is Ended By Compromise

The Swaringen - Poplin election case, a long drawn out series of litigation over title to office as a member of the Wilkes county board of commissioners, came to an abrupt end Thursday without going to trial when Swaringen, Republican and plaintiff, and Poplin, defendant commissioner and Democrat, signed a consent agreement that the case go off the docket and that each pay one-half cost.

The cost accumulated in the case to date totals approximately \$700.00.

The case was instituted soon after Poplin went into office in December, 1936, by virtue of a two-vote margin over Swaringen as the returns were certified by two Democratic members of the county board of elections,
Poplin's term will expire on

December 5, this year.

Franco Is Demanding Complete Loyalist Surrender, Dispatches State

PROVINCES SURROUNDED

Hendaye, Franco-Spanish Fron-tier, April 6 (Wednesday).—Loy-alist Spain, ripped in half by the insurgents' war machine, made a frantic last minute appeal to Britain and France today for arms and muitions to answer the enemy's ultimatum for an conditional surrender.

Catalonia, seat of the loyalist government, struggled in a strangulation grip as insurgent armies completely circled it by land and left only the Mediterranean— dotted with insurgent warships as a chance of escape.

The insurgent Generalissimo Francisco Franco threatened to blast Bercelona from the map unless there was a complete lovalist surrender, frontier dispatches said.

To London and Paris went urgent loyalist notes, asking for abolition of the international non-intervention committee with its "intolerable injustices" to permit arms and munitions shipments to the loyalist armies.

Talk of a surrender, the loyalists said, was "fantastic."

To the south of his 165-mile front Franco's seige guns along

the Ebro watershed ripped up the Barcelona-Valencia coastal highway and railroad to slice the "lifeline" of loyalist Spain. Catalonia's four provinces were completely cut off from six gov-

ernment-held provinces south of the bottle-neck at Tortosa which the nationalists have encircled. Madrid and its 1,000,000 men, women and children were isolated. Nearly 150,000 government

Their ammunition was said to be meagre and insurgents jubilantly asserted that soon there would be no shells to feed the loyalist guns defending Madrid.

STORES ARE TO CLOSE HERE EASTER MONDAY

All stores and business houses will observe Easter Monday as a holiday, according to Mrs. Franklin Folger, secretary of the Elkin Merchants association. Drug stores and cafes will be open as usual.

Roy Sanders, mail carrier from North Wilkesboro to Winston-Salem, narrowly escaped injury Sunday afternoon when his car caught fire and burned up on the Elkin-Winston-Salem highway near East Bend. Although the car was a total wreck, Mr. Sanders managed to save the mail.
