British Troops Said to Have Joined with French on Western Front

TAKE RICH TERRITORY

London, Sept. 13—Polish troops were reported today to have broken through German lines west of Warsaw, recaptured the city of Lodz and forced German armies to retreat into the Warta Valley.

The reports, received by radio from Warsaw and in Polish dispatches to allied sources, said the Germans in the Warta Valley west of Lodz were fighting to prevent the Poles from turning the Nazi left flank.

The Polish counter-attacks were reported to be the result of a comeback by the armies which the Nazis had reported trapped in the Posen area west of Warsaw. The reports from Poland said that Polish forces from the west were attacking the Germans in the Warsaw sector from the rear.

(In Paris, official dispatches reported that the Polish armies from the west had established liaison with the main Polish forces defending Warsaw. The contact was said to have been established on the Vistula plains, where there was severe fighting of Lodz, thus defeating the Nazi efforts to squeeze 250,000 Polish troops in the Posen-Warsaw pocket.)

A radio broadcast from Moscow, picked up in London this afternoon, said that the Poles also had started an offensive in the north.

Allied military experts, describing the reported Polish recapture of Lodz as the first German defeat on the eastern front, said that the German general staff apparently had strengthened too thinly their motorized columns, which broke under the attack of 250,000 Poles pressing simultaneously from the east and west.

The recapture of Lodz would threaten the safety of the German advances as far as Badom, 60 miles due south of Warsaw, and reduce the risk that the de-

HUNTING RULES ARE EXPLAINED

Confusion Resulting from Various Sources Bring Statement from Gentry

LICENSE AGENTS NAMED

Due to the confusion created by various articles appearing in different newspapers outlining the statewide hunting and fishing laws, the following information has been released by the state department of conservation and development:

No change has been made in the squirrel season, which opens September 15 rather than October 1, as has been reported. Another article of interest is the change in the quail season, which opens on Thanksgiving Day. Doves may be shot from 7 a.m. until sunset of each day during the open season, September 1 to September 30, and December 20 to January 31.

License selling agents in Elkin are Surry Hardware Co., and E. & D. Metal Co. K. W. Lawrence, register of deeds at Dobson, is also a license selling agent. All hunters who take to the fields this season may expect to have his license checked, G. Conrad Gentry, Surry county game protector, stated.

Friends Think He Will Be Next Governor

Will L. Gov. W. P. Horton, of Pittsboro, be the next Governor of North Carolina? That's a foolish question to ask his neighbors over in Chatham county. They think it is a foregone conclusion that he will be the next Democratic nominee, and of course, elected in November, 1940. Although Mr. Horton has not announced his candidacy, his friends are throwing a big barbecue and rally for him at Pittsboro on Saturday, September 16, at which 5,000 people are expected.

N. C. Press Ass'n Head Has Praise For The Tribune

"The Elkin community has, in the Elkin Tribune, a paper that it can well be proud of," said W. E. Horner, Sanford, president of North Carolina Press association, when he was in Elkin Thursday. Accompanied by Ed M. Anderson, publisher of Skyland Post, West Jefferson, and a member of the executive committee of NCPA, Mr. Horner called on The Tribune for its renewal membership in the press group.

Mr. Horner called attention to the fact The Tribune won, for two years, the Savory Cup that was formerly awarded each year to the best edited paper of less-than-daily frequency in North Carolina. The Tribune was in possession of the cup when it was withdrawn as an annual prize upon the death of the donor, Walter Savory. The cup will shortly be placed either in the state museum at Raleigh or in the school of journalism at the state university, Chapel Hill.

"I am glad to note that The Tribune is retaining its high rating among the papers of the state for general excellence, including make-up, printing and editorial content. Such a paper helps to build a progressive community as fast as any institution within it," concluded Mr. Horner.

SESSION IS TO MEET SEPT. 21

Body Expected to Be Asked to Change Existing Neutrality Law

SEEK CASH AND CARRY

President Roosevelt Wednesday announced that he is calling a special session of Congress to meet Thursday, September 21, to consider the emergency created by the outbreak of a major European war.

It is believed at this session the President will ask Congress to repeal the present neutrality law and pass a new law which would lift the present ban on sale of munitions and war supplies to warring nations, putting such sales on a cash and carry basis and opening the markets to all nations. Under this plan, Germany as well as France and England could buy their needs here provided they have the cash to pay for them and the ships in which to transport them home.

Other important matters pertaining to the European situation are also expected to be put before Congress.

1,552 TONS OF LIME ORDERED

Agricultural Limestone to Be Used in Surry Soil Conservation Program

MAY USE ON ANY LAND

To date 1,552 tons of ground agricultural limestone have been ordered for shipment to Surry county through the 1939 Soil Conservation Program. Each ton of lime used costs one unit toward meeting the soil-building goal for 1939. For each ton of lime received as a "Grant of Aid" through the program, \$2.00 is deducted from the total payment earned. This covers the cost of the lime and the hauling to some parts of the county. In some sections of the county the farmer pays the hauler a small additional amount depending upon how long a haul the trucker has to make.

In view of the fact that many of the Surry county farmers have

BOHNSON MICKLES, young Yadkin county man, and a companion escaped uninjured but narrowly missed death here Tuesday night about 11:15 o'clock when the speeding car driven by Mickles failed to make the turn off of Elk Spur street on to the Big Elk creek bridge and went down an embankment. Luckily the embankment was not rough or steep and the car was brought to a halt upright and undamaged near the bank of the creek. Given a hearing before Magistrate J. L. Hall after being arrested by Night Policeman J. L. Darnell, Mickles was convicted of speeding through an intersection and was fined \$25.00 and the costs.

PITTSBURGH, Sept. 13—A visit to offices of the leading steel producers here today showed executives almost dizzy with the sudden rush of domestic orders which many predicted would result in calling back to the mills of as many as 125,000 workers before Thanksgiving. A steady stream of telegrams from branch offices and manufacturers of virtually every commodity from coat hangers to locomotives poured in, telephones jangled, boys trotted in and out with memoranda. "Consumers," explained a perspiring official, are putting on the same panicky rush housewives did last week for sugar and flour. If it continues, and we believe it will, the industry will boost its output to 85 or 90 per cent. of capacity within 30 or 60 days.

H., Sept. 13—Its two stern pontoons already surfaced, the sunken submarine Squalus and its cargo of 26 dead broke the surface at 9:55 a.m. (E.D.T.) today, only to have the stern drop back to the bottom. DOG SHOW ON FRIDAY

The Elkin Fair got under way here Wednesday morning with everything in readiness for the throngs expected to attend from this section.

The exhibition hall was readied for the opening Tuesday, finishing touches being applied Tuesday night, at which time all exhibits were judged while everything was at its peak.

On the midway the Bullock Amusement Company was ready for action with four modern rides and about 20 concessions for the amusement of spectators. Rides include loop-the-loop, ferris wheel, chair-plane and merry-go-rounds. Numerous games of skill line the midway.

The first big feature of the fair is scheduled to take place this morning at 10 o'clock (Thursday), when the annual horse show will be staged. All horses and mules entered in the event will gather at the Chatham Athletic Field, where they will form a parade which will follow Main and Elk Spur streets to the fair grounds. Judging will be at the grounds.

Friday morning a dog show will be staged at the fair grounds under the direction of Dr. C. E. Nicks. This show will get under way promptly at 10:00 a.m., and will be open to sporting dogs of all types, and pets of every description. Anyone wishing to enter their dog should see Dr. Nicks immediately.

Admission is being charged to the fair grounds this year, but every ticket is also good for admission to the exhibition hall. The admission is only 10 cents. The fair ground has been fenced off.

Plenty of parking space is available within the fair grounds, and no additional charge is being made for cars. Attendants will be present each night to assist patrons in parking.

The fair is offering many fine premiums this year, the premium list totalling over \$700. Many of these premiums will be paid in cash.

All exhibits are of high quality, and present an attractive appearance, making a trip to the exhibition hall well worth while. Fireworks on three nights of the fair will be a new feature, the aerial display being staged by the Bullock Amusement Co.
