TO ENTER JAP CAPITAL TUESDAY

Five Other Nations Will Sign Surrender Terms With Japs

MEN ARE SENT FOR INDUCTION

One Group For Pre-Induction, Other For Induction, Go To Camp Tuesday

Manila, August 22. — General Douglas MacArthur urgently notified Japan today that representatives of Canada, Australia, France, the Netherlands and New Zealand also will sign the surrender terms.

The surrender instrument, a copy of which was furnished your representatives, will be amended accordingly," MacArthur said.

The message was directed to Japanese Imperial Headquarters. Tokyo said today that General MacArthur will fly to the Japanese capital next Tuesday and three days later—Aug. 31—will dictate the signing of surrender terms aboard an American warship in Tokyo Bay.

Enemy broadcasts also quoted the Tokyo newspaper Yomhuri Mochi as saying that the first waves of occupation troops to land in the Tokyo area will total 20,000 men. Landings will begin by air Sunday and by sea Tuesday, Tokyo said.

While there was no immediate Allied confirmation of the Japanese reports, they possibly were based on information brought back to Tokyo from Manila by an official Japanese surrender mission headed by Lieut. Gen. Torashiro Kawabe.

Another group, which went for induction, all under 26 years of age, was under the leadership of Wilson Thompson, of Mountain Park. The list follows:

John Willie Cook, Jesse Velt Lawson, Charles Bruce Corder, James Howard Wood, Clarence C. Hayes, Calvin Grady Bruner, Clarence Henry Moore, Wilson Calvin Thompson, Lawrence Hemric.

Robert Garvey Cox was ordered to report on this induction group, according to the board, but failed to appear. If he has not already done so, he must report to the board office at once.

DOG PROVES TO BE REAL HERO

Saves East Bend Girl From Being Bitten By Stray Mad Dog Saturday

OF DALMATIAN BREED

Except for the watchfulness and courage of Victor, a four-year-old Dalmatian dog, Kay Frances Gough, 12-year-old daughter of Mr. and Mrs. J. C. Gough, of East Bend, might have been bitten unmercifully by a rabid dog.

Victor's quick defense of the child came about 9:00 o'clock Saturday morning at her home. No one had noticed anything strange about the actions of a stray hound until it came onto the Gough porch. When the girl attempted to run it off, it turned on her savagely.

It was then that the Dalmatian went into action, dashing between the child and the savage animal in a flash, knocking it off the porch and away from the house into a group of neighborhood dogs which had evidently followed the stray animal, and a first rate dog fight followed.

When the animal was killed, an examination of its head at Winston-Salem disclosed that it was rabid. As a result, about 20 dogs and a dozen cats were killed by their owners through fear that they may have been bitten.

Victor, who had been vaccinated against rabies some weeks ago, is receiving supplemental treatment and all care is being taken to see that he comes through okay, although he was not bitten or scratched during the affray.

The Dalmation is the property of Joseph L. and Edith Womble Dyer, who raised him from a pup and who had boarded the dog at the Gough home.

SHOULD LISTEN TO BROADCAST

Public Is Warned Not To Tear Up Ration Books As They Are Still Needed

PROGRAMS ARE LISTED

With rapid changes taking place in OPA controls, the public is requested by panel members of the local OPA office to tune in on the radio broadcasts of Chester Bowles, OPA Administrator, for news of vital importance to everyone.

It should be possible to get the broadcast over the following stations: Greensboro, Station WGBG, Monday at 7:45 p. m.; Charlotte, Station WAYS, Wednesday at 7:45 p. m.; and Winston-Salem, Station WAIR, Thursday at 7:45 p. m.

Ration books three and four still have an important job to do. The earliest time that ration books are expected to be of no further value to the public is the first quarter of 1946. They are United States currency in a sense, just like money or war bonds, and should be cared for in such a way that they may not be lost or mutilated.

Since a news story reported that some people have torn their ration books to shreds now that the war is over, the public is being reminded of the continuing need for these books.

Disease Cured In 6 Hours By Penicillin

Only one treatment is necessary in 95% of cases to cure this much dreaded disease.

The treatment is very simple, 300,000 units being given in one injection. This is in line with United States Public Health Service and State Board of Health recommendations. Clinic schedule:

Seeking to speed reconversion and aid returning veterans, Kiwanis International today announced nine far-reaching post-war objectives as the Kiwanis Club of Elkin considered ways and means of rendering greater community service in peacetime.

In a special message to 2,300 clubs throughout the United States and Canada, Hamilton Holt, Macon, Ga., president of Kiwanis International, declared that 149,000 Kiwanians "will not shrink from the problems of reconversion that lie ahead."

Holt told President Truman and Prime Minister King of Canada in telegrams read to the local club that Kiwanis International would lend its wholehearted cooperation in meeting and solving the problems of post-war reconstruction.

"Since Dunkirk and Pearl Harbor," he said, "Kiwanis manpower has been marshaled behind the allied war effort. These resources now will be directed toward the building of peace, unity and opportunity."

T. C. McKnight, president of the Kiwanis Club of Elkin, said that Kiwanis International's post-war objectives had the unanimous endorsement of Kiwanians here. He revealed that the service organization's theme would be "Build for Peace — Unity — Opportunity."

The nine objectives follow:

LATE NEWS IN BRIEF
From the State and Nation

A flue-cured tobacco crop estimated at 388,300,000 pounds and expected to be the richest in the state's history went on sale in the new bright belt of eastern North Carolina yesterday. The bulk of sales ranged from \$43 to \$45 per hundred and all markets were blocked to capacity at the end of the day's auctioning. The co-operative marketing services of the United States and state departments of agriculture said only slight price changes occurred for the majority of grades sold compared with opening day prices last year. Advances amounted to \$1 per hundred in most cases, although some lower quality offerings increased up to \$7 per hundred.

LEXINGTON, Aug. 21 — Reporting through its foreman, Roy G. Hill, the Davidson county grand jury today announced it had found unanimously that sufficient evidence had not been offered to warrant a presentment or find a true bill against any individual in connection with the alleged irregularities in the county's 1944 general election. In a formal report to presiding Judge Felix Alley, the jurors stated: "We proceeded to go into the report handed us by the solicitor relative to the alleged irregularities in the 1944 general election of Davidson county. After carefully and thoroughly reviewing the report, and all related documents and after examining the witnesses, we were unanimous in the opinion that there was not sufficient evidence disclosed to warrant a presentment or find a true bill had one been presented in the matter."

MANILA, Aug. 21. — The world's deadliest weapon, the atomic bomb, has probably made its last appearance in this war. There is no reason for further use of the bomb, say reliable authorities, on the basis of any foreseeable development in concluding peace with Japan. The devastating weapon will be sheathed for General MacArthur's occupation. Plans are going forward to make the occupation a well co-ordinated operation involving tens of thousands of Americans. The high command obviously would not risk carrying atomic bombs in a bomber covering landing forces.

WASHINGTON, Aug. 21 — Nylon and rayon were given back to the ladies tonight and nylon stockings may be on sale by Thanksgiving. Both fabrics were freed of all controls except for one technicality blocking the immediate use of nylon for hosiery. War production board officials said this formality will be ironed out promptly and that nylon stockings should reach store shelves by Thanksgiving, or by Christmas at the latest. Nylon can be used immediately for slips, blouses, shirts, and other garments. Rayon can be used for anything.
