Collision Takes Place At Intersection On Church St.

### SURRY MAN BADLY HURT

Truck Driver and Companion Attempt To Flee After Hitting Motorcycle

BONDS TOTAL \$3,000.00

George W. Angel, 41, and Jesse L. Stewart, 19, both of Clover, S. C., waived preliminary hearings and were bound over to superior court on several charges resulting from a collision between a truck and a motorcycle here late Saturday afternoon.

The accident occurred at the intersection of Church and Spring Streets, presumably when one of the vehicles ran through the red light there. The truck, driven by Angel, was headed west on Spring Street and crashed into the motorcycle, ridden by Alonzo Layell, 47, of State Road, as it was passing the intersection going north.

Officers said Angel and Stewart attempted to flee the scene of the accident, leaving Layell lying in the street with a badly mangled right foot. A bottle of liquor was found in the glove compartment of the truck. Both men had been drinking, officers stated.

Angel faces charges of operating a vehicle under the influence of liquor, hit and run driving, violating the prohibition law, and driving without operator's license. His bond was set at \$2,000. Stewart is being held under \$1,000 bond on a charge of aiding and abetting in hit and run driving. James Ashley, Negro, third occupant of the truck, was released after paying costs on a charge of drunkenness. The men were employed by E. H. Moser, of Hickory, Route 3, owner of the truck.

Layell is recovering at the Hugh Chatham Memorial Hospital. For a time it was feared that his foot would have to be amputated, but his condition Wednesday was reported as improved, and it was thought that his foot would be saved.

House Committee Recommends \$8,232,000 Fund

PART IS FOR THIS AREA

Army Engineers Will Determine How Much Of Fund To Be Used On Project

DEANE SEEKS \$2,000,000

New hope for the Yadkin Valley Flood Control Project was born last Friday when the House Appropriations Committee in Washington recommended an expenditure of \$8,232,000 for flood projects throughout the nation, including the Yadkin plan.

Army engineers will determine how much of the funds are to be used for flood control planning on the Yadkin River, but Representative C. B. Deane said, "It is likely that... we will obtain more than the \$75,000 requested in budget estimates to initiate the Yadkin flood control program."

The funds will be used only to finance preliminary engineering and planning work on the project, and actual construction of the four proposed dams may not get under way for some time. But Mr. Deane expressed pleasure that a start has been made in the direction of flood control. "It's at least an opening wedge in our long fight to end the annual Yadkin flood tragedy," he declared.

Following the recent flood, Mr. Deane had requested a \$2,000,000 appropriation for starting construction work immediately on the project.

Following the opening meeting at 11 a. m., Dr. Thomas Parran Surgeon General of the U. S. Public Health Service, will speak at an informal luncheon at 12:30.

### Voting Places Set Up In Surry For Referendum

Twenty-two voting places have been set up in Surry County for the state-wide tobacco referendum to be held Saturday, July 12, to determine whether tobacco farmers favor a voluntary assessment of 10 cent per acre to finance the program of Tobacco Associates, Inc., in maintaining and developing export outlets for flue-cured tobacco.

Poll holders for the vote will be selected at a meeting of officers of the Surry County Farm Bureau and agricultural leaders at the court house in Dobson this morning (Thursday) at 9 a. m.

Each of the county's 14 townships will have at least one voting place, and a large vote is expected by farm leaders.

Claude H. Thore, chairman of the PMA committee for Surry County, and the two members of his committee, Garland Denny of Pilot Mountain, and Sam A. Holder of Mount Airy, designated the following points as voting places: Elkin township — North Elkin School; Marsh township — Little Richmond School; Rockford township — Copeland School and J. E. Stanley's store; Siloam township — Siloam School; Shoals township — Pilot Mountain School; Eldora township — Eldora School and Union Store; Dobson township — County court house; Bryan township — Mountain Park School and Zephyr School; Franklin township — Blevins Store; Stewart township — Pine Ridge and Beulah School; Mount Airy township — City Hall, Flat Rock School and White Plains School; Long Hill township — Needham's Service Station; Westfield township — Wook's Store, Hunter's Store and Cook's School.

County Agent Neill M. Smith said that any person sharing in the proceeds of the 1947 crop of flue-cured tobacco is eligible to vote. Expressing his approval of the plan, Mr. Smith pointed out that the cost of the program, at 10 cents per acre was insignificant in comparison to the benefits that would accrue to growers of flue-cured tobacco.

A two-thirds majority vote will be required for the levy to go into effect. The polls will be open from 6:30 a. m. to 6:30 p. m.
