Commissioners Add New Officer To Night Shift

SPARGER IS NOW SGT.

Area Near High School Building Zoned and Caution Signs Authorized

PARKING METER MOVED

The Elkin Board of Commissioners moved Monday night to strengthen the police department and provide additional protection for the downtown business area.

On the recommendation of Police Chief Corbett Wall, the commissioners authorized one additional policeman and approved the promotion of Nathaniel Sparger to sergeant.

"An additional officer will enable us to assign two men to each shift," Wall said, "which will greatly increase protection in the downtown area between midnight and 8 a. m."

"The promotion of Sparger to sergeant makes it possible to delegate authority when I am off duty, which, I believe, will enable us to operate a more efficient department," the chief added.

Sparger serves only on the second and third shifts when Chief Wall is not on duty.

The promotion, which carries with it a monthly pay raise of \$25, is effective immediately, Wall added.

Sparger, a member of the Elkin force for approximately one year, has served as a law enforcement officer for a number of years.

Other action by the commissioners included the zoning of the area near the high school as a school area, where caution signs will be erected; and the approval of a request by G. H. Yoeman to remove a parking meter in front of the Elkin Parts and Equipment Company on Main street.

THREE MEN ROB VIRGINIA BANK

Take More Than \$8,000 Cash From Farmers' Bank Near Elk Creek

SAID HEADED THIS WAY

Police of two states and the Federal Bureau of Investigation are searching for three men who robbed the Farmers' Bank of Elk Creek, Va., of between \$8,000 and \$9,000 shortly before 3 p. m. Tuesday.

Elkin police officers were asked Tuesday afternoon to be on the lookout for the trio, believed headed in this direction.

Entering the bank, the trio drew guns and ordered Cleve Rhudy, assistant cashier of the bank, and his son, Grover, to lie face down on the floor. While two securely trussed up Rhudy and his son, a third entered the vault and removed the money. The bandits told them to do what they were told and they wouldn't get hurt.

Grover Rhudy reported to police that he had seen the bandit's car, a black light model 1942 coupe, drive past the bank once before they entered. At the time of the theft, the car was supposed to have West Virginia plates on it.

Meanwhile, a youth from Twin Oaks, near Sparta, reported to authorities that he was stopped on the road by a trio resembling the bandits and asked to help push their car. It had become overheated, he was told. The youth said that the West Virginia plates were removed, leaving Kentucky tags on the car. This aroused his suspicions.

Luther Wingate, Grayson County revenue commissioner, said last night that authorities were certain that the men reported in North Carolina were the same ones who robbed the Elk Creek bank earlier in the afternoon.

MARTIN HELD IN SAFE PROBE

Twice - Paroled Desperado Arrested Monday By Winston-Salem Police

ARSENAL IS UNCOVERED

Robert Summerfield Martin, 48, twice-paroled desperado, remained in jail at Winston-Salem Tuesday while Winston-Salem police and Sheriff B. B. Brockman of Spartanburg, S. C., continued digging up evidence regarding Martin's alleged part in a safe cracking in Spartanburg last month.

Martin and his 31-year-old girl friend, Mrs. Lula Clarice Jolly, were arrested along with Ray Wiley Cummings, 25, and Mrs. Dorothy Opal Davis, 32, Monday night.

Searching the quartet, detectives found a loaded pistol in Mrs. Davis's pocketbook and in the trunk they found an electric drill, numerous hammers of different sizes and shapes, wrecking and crow bars, screw drivers, a flashlight, several pocket knives, chisels and other instruments which appeared to be burglary tools.

Officers then went to the place where Martin and Mrs. Jolly lived on Burke Street and confiscated six guns, including various makes of rifles and shotguns, all fully loaded, and approximately 40 pounds of ammunition.

Police questioned the quartet at intervals but said they gained very little information. They termed Martin a hardened criminal and said he refused to talk until he had seen his lawyer.

Meanwhile, Sheriff Brockman arrived late in the afternoon, accompanied by Deputy George P. Pruitt and J. W. Jessup of Concord, a member of the State Bureau of Investigation.

Sheriff Brockman said all evidence thus far reveals that Summerfield Martin had worked for the Inman textile mills in Spartanburg.

This brings the year's total in Surry county to 38 cases.

Health department officials declined to voice an opinion as to whether this outbreak constituted another epidemic.

The Board of Health is scheduled to meet Monday with school boards of the county to determine whether to delay the opening of schools, now planning to open September 15.
