## DAVIDSON BOYS TAKE THE PLUMS FROM QUAKERS

An Even Game on a Tie for Five Innings and Then—

## A STREAK OF BATTING DOES THE BUSINESS

Few Individual Features of Interest, With Effective Service for Both Teams, a Home Run for Lanford and Good Stick Work by Hobbs.

It is a cold day when Guilford gets left at baseball—according to the college tradition—but yesterday was the unlucky thirteenth of a very uncertain month, weatherwise, and when the Quakers met the Davidsons they went down in the last inning to the cheerless tune of 6 to 3. The market for heating apparatus, top coats and wraps was an active one at Cone park yesterday afternoon, and possibly 400 spectators applauded at times and shivered all through the game, which might have been a better one under more favoring conditions. In fact, it was difficult for the players to warm up to their work, and while the game was snappy in sections, it was yet rather ragged and patchy in spots, despite the five successive innings in which each team presented a selected row of ciphers to the other, and when the score was standing at even.

Davidson tallied in each of the first three innings, running her total up to three; two of these runs were assisted in the making by indifferent fielding both in and out, but when Lanford went to bat in the third he lifted the ball over the fence back of the centerfield and ambled around the bases to the home plate in the same complacent way in which the circus pony trots around the ring—just because he's accustomed to it. But barely had the cheering echoes for Davidson died down when the Quakers found a chance to expand their lungs in a frigid atmosphere and became very cheery over a gain of two bases, including a long drive to center by Pitcher Hobbs, and over a batting streak before and after the big twirler, the result being three runs that in the aggregate cannot come under the designation of earned.
