PRICE: FIVE CENTS

30,000 WATCH PINK STAR WIN KENTUCKY DERBY

Congressman Longworth and Wife Visitors at Races at Louisiana.

LONGEST PRICED HORSE WINS BY TWO LENGTHS

Heavy Track, Almost Fetlock Deep With Mud, Causes Withdrawal of Favorites, Leaving Field of Six—Time, 2:12 3/5.

Louisville, Ky., May 6.—Moving past a spent and reeling field with an ease which his clumsy, lumbering stride did not indicate, Pink Star, the longest-priced horse in the race, today won the thirty-third Kentucky derby by two lengths from Seal, with Orlando in third position, a length and a half away.

The race was run over a track almost fetlock deep in mud and the time, 2:12 3/5, was the slowest in the history of the race. Thirty thousand persons saw the race Congressman Nicholas Longworth and wife being among the visitors.

ALDERMEN AND CITY OFFICIALS MAYOR'S GUESTS

Mr. Murphy Entertains at Supper Members of Official Family.

SPEECHES MADE BY SEVERAL OF GUESTS

Retiring Chief Executive of City Proves an Admirable Host—Short Speeches are Full of Praise, Reminiscences and Predictions.

Mayor T. J. Murphy was the host at an enjoyable supper at the McAdoo hotel last night given to the retiring Board of Aldermen and other city officials, and although there were present those who in the last municipal campaign were active in the fight for a new administration, it was evident that old differences were forgotten and that all were willing to work for the best interest of the city. The affair was very informal and thoroughly enjoyable.

After an excellent menu had been served speeches were declared in order and all vied with one another in complimenting the outgoing board and mayor and predicting greater things for the future.

The first speaker was City Attorney R. C. Strudwick, who said that he had been associated with the Board of Aldermen during the last two years he felt sure that all had done their best for the interest of the city and the

TORNADO SWEEPS OVER NORTHERN TEXAS TOWNS

Storms of Wind and Rain Do Enormous Damage to Crops and Property.

MANY HURT, BUT SO NO ONE REPORTED KILLED

Growing Things are Killed, Trains and Ferries Damaged by Fearful Force of Storm—Many Persons are Reported Injured.

Fort Worth, Tex., May 6.—A storm of wind and rain which was general throughout a considerable area in northern Texas today, and which at some places assumed the proportion of a tornado, according to meager reports received here tonight, has resulted in the loss of at least two lives, the injury of many persons, and great damage to property and crops.

Several villages were wiped out, but because of the prostration of both telephone and telegraph wires, details are almost impossible to obtain.

The full extent of damage to life and property will probably not be known before tomorrow. At Deport, one of the largest villages in Lamar county, twenty miles from Parish, the storm passed northeast, cutting a patch about 100 yards wide, in the residence portion on the east side. The Baptist parsonage was blown to pieces, its timbers and the furniture scattered over the ground. R. H. Bryson's residence was

HAYWOOD AND MOYER CASES GET HEARING

Men Charged With Murder of Former Governor Placed On Trial.

ONLY A QUESTION OF FAIRNESS, SAYS DARROW

Attorney for Miners' Leaders Declares That Nothing but a Square Deal Is Asked by Men Alleged to Be Involved in the Idaho Assassination.

Boise, Idaho, May 6.—The argument of the motion of the defense for a bill of particulars in the case of William Haywood, charged with the murder of former Governor Steunenberg, was commenced before Judge Freemont Wood at 10:15 a. m. today.

By direction of the court Haywood was brought up from the county jail below to attend the hearing on the motion. Sheriff Shad Hodgins and two deputies brought the prisoner into the room and gave him a seat at the table of his counsel. He was not handcuffed.

Senator Borah represented the state and Richardson & Darrow the prisoner. Mr. Richardson opened his argument by reading the indictment of Haywood, Moyer, Pettibone, Orchard and Simkins, charged with the murder of Governor Steunenberg.

Mr. Richardson contended that the indictments only showed that Governor Steunenberg had been killed by a bomb; that Haywood was charged with conspiring to have Steunenberg murdered, and that Haywood was charged with being present and actually committing the crime, an assertion that every one knew to be untrue.

Senator Borah, who began for the state, said that the defense was not seeking particularization of the indictment, but possession of the evidence by which the state hoped to prove its case. He then explained that the charge that Haywood was at Caldwell when the murder was committed was necessary under the Idaho statutes. Senator Borah said that the indictments as to murder was surely specific enough to show the prisoner the exact nature of the charge he must meet. The demand for particulars as to the conspiracy was a demand for evidence.

Clarence Darrow, of the defense, then addressed the court. He said that it was purely a question of fairness and justice to the defendant. "Mr. Borah says we do not want a better pleading, but that we are after the evidence," said Mr. Darrow. "We are. Why not? Why are we not entitled to know what the evidence will show, so that we may prepare to meet it?"

Judge Wood at 3 p. m. announced that he would not decide the matter of furnishing the defense a bill of particulars until Wednesday morning at ten o'clock. Court then adjourned for the day.

Immediately before the opening of the court for the hearing of the motion for a bill of particulars, Clarence Darrow, of counsel for the defense, said: "Under the laws and constitution, Moyer, Haywood and Pettibone are to be tried in court by a jury of their peers. The forum is the state court of Idaho. Under these facts, I do not see what there is for President Roosevelt to do. All we have a right, or desire to do either of him or any other citizen is to leave the courts and juries to administer the law fairly and without prejudice and without influence from the outside."

EIGHTEEN KILLED IN SOUTH AFRICAN MINE DISASTER

Johannesburg, Transvaal, May 6.—An explosion occurred today at the Modderfontein gold mine. Three whites and fifteen natives were killed.

(Continued on Page Two.)

PRESIDENT OPENS SCHUTZENFEST AT CHARLESTON, S. C.

Touches Button in White House and Hears Answering Cheer Over Long Distance Telephone.

Demonstration Which Begun Yesterday in South Carolina City Will Last for Several Days.

Charleston, S. C., May 6.—President Theodore Roosevelt touched a button in the White House today at 2:37 p. m., and formally opened the fifth triennial schutzenfest of the National Schutzenbund of America.

The button was electrically connected with a rifle of the range at the Schutzenplatz in this city, and the detonation that followed was heard in the White House by the aid of a telephone, a minute later, the result of the shot being communicated to the President.

Three shots were fired at a ring target, the scores being twenty-four, twenty-one and twenty-four, a total of sixty-one out of a possible seventy-five.

The final result was announced to the President by Governor M. F. Ansel, of South Carolina, who stood near and after the congratulations and felicitations had been exchanged, the President was able to hear "My Country, 'Tis of Thee," and "The Star-Spangled Banner," and three cheers for the President of the United States, given by the multitude just outside the shooting ranges.

The opening of the festival was preceded by a parade in which about three thousand participated. The city is full of visitors, and the festival opened most auspiciously, with a splendid attendance and everything working out according to program.

Among the distinguished guests present is Dr. Zofel, German consul at Atlanta, Ga.; Governor Ansel and many others. Riflemen from many states, including California, are present.

The festival will continue until next Tuesday.

SALISBURY MAN IS NOT SURE AS TO DETAILS OF NOAH'S LANDING

Declines to Commit Himself on the Witness Stand When Questioned.

OTHER ROWAN NEWS NOTES

Salisbury, N. C., May 6.—The processes of the court today have not been productive of newspaper stuff. Dick Frazier, a young negro, went to the roads for five years on a conviction of having broken into the store of the Patterson Manufacturing Company at China Grove. There were pistol-toters and a few cases of scuffling without license.

The court spent a good portion of the afternoon in a case against J. T. Artz on an indictment for burying a horse in a "watershed." Of course, the horse was dead. Mr. Artz was represented by Theo. F. Klutz and R. Lee Wright and the cross-examination was amusing. Examiner Barnhardt was on the stand and Mr. Wright worried long for an admission that there was no watershed. "When old Noah landed with the ark and crawled out there, he didn't find any watershed, did he, Mr. Barnhardt?" "Well, I don't know, sir. I wasn't

STATE BANKERS WILL MEET IN THE TWIN-CITY

Executive Committee Selects Winston-Salem for the Meeting May 22-24.

FOUR OTHER CITIES MAKE APPLICATION

Mayor Eaton Headed a Strong Delegation from His Town and Secures Convention that Was Prevented by Fire from Meeting in Durham.

The executive committee of the North Carolina Bankers' Association met here last night and selected Winston-Salem as the place for the annual meeting to be held May 22-24. It is understood that the vote of the committee was unanimous for the Twin-City. Greensboro, Charlotte, Raleigh and Morehead City also asked for the meeting.

The committee met in a room in the Benbow at eight o'clock and heard the invitations of the representatives of the various cities. President John F. Willy, of Durham, presided over the meeting and several other members of the committee were present. The meeting was also attended by representatives from Greensboro, Winston-Salem, Morehead City and other points.

On behalf of the City of Greensboro, G. S. Bradshaw invited the association to hold its convention here. Lee H. Battle, president of the Chamber of Commerce and cashier of the City National Bank, represented the chamber, while the banks of the city were represented by W. E. Allen, secretary and treasurer of the Greensboro Loan and Trust Company, and R. G. Vaughn, cashier of the American Exchange Bank. All of these urged the committee to select the Gate City.

Mayor O. B. Eaton, on behalf of the City of Winston and the Board of Trade of the Twin-City, invited the convention to meet there. James A. Gray represented the Winston bankers and also made a speech of invitation.

Charlotte people sent several telegrams and letters urging the association to choose the Queen City as a meeting place and Raleigh also asked for the convention. Frank H. Morton invited the association to Morehead City.

After hearing all of the invitations the committee went into an executive session and chose Winston-Salem as the meeting place.

PRESIDENT ROOSEVELT, From a Photograph Taken While Speaking at the Jamestown Exposition Opening.

GUATEMALA AND MEXICO ARE ON THE VERGE OF WAR SO WASHINGTON IS TOLD

Diaz Government Supposed Formally to Have Severed Diplomatic Relations and Recalled Ambassador.

Washington, D. C., May 6.—Although telegraph wires have not brought to Washington the actual news of the severance of diplomatic relations between Guatemala and Mexico, officials here have no doubt that Mexico took the action today that will result in giving to the Guatemalan minister in Mexico passports for his withdrawal.

The Mexican minister in Guatemala is now preparing to return home and the American charge, Philip Brown, secretary to the legation, has been instructed to look after Mexican interests in the Guatemalan capital upon the departure of the Mexican minister. Ambassador Creel, of Mexico, has

been in hourly anticipation of a message from his government informing him that the break had occurred between his country and Guatemala. He was advised that Guatemala had denied the request for the surrender of General Jose Lima, who is suspected of being implicated in the murder in Mexico of former President Carrillas, of Guatemala, and that there was no alternative but for Mexico to consider the refusal as an insult necessitating the discontinuance of relations between the two countries.

The state department had numerous messages today from Minister Lee and from Secretary Brown. These dispatches confirmed the advice received from Washington that there was no possibility of Guatemala and Mexico arranging the controversy over the demand for the extradition of General Lima.

The formality of issuing passports in the two countries, each for the withdrawal of the minister of the other government will probably require a day or two.

The severance of diplomatic relations does not mean war, although the fact that the countries adjoin causes great anxiety in that there may be at any time invasion by one or the other into the territory of the enemy by irresponsible hands and doubtless trouble would result that might easily end in declarations of hostilities.

Dr. Toledo Herrarte, the Guatemalan minister, conferred with Assistant Secretary Bacon today concerning the situation, and said that he hoped that there would be a settlement soon.

Untrue, Says Mexico. City of Mexico, May 6.—Diplomatic relations between Mexico and Guatemala have not been severed. Tonight the secretary of foreign affairs, Jos E. Alcala, emphatically denied the report emanating from Washington to the effect that Minister Gamboa had been recalled.

Florida Is for Bryan. Tallahassee, Fla., May 6.—The House today adopted the Senate concurrent resolution endorsing William Jennings Bryan for the Democratic nomination for President.

SUPERINTENDENT LAKE LEAVES SOUTHERN FOR ANOTHER RAILROAD

Will Become Superintendent of New York, New Haven and Hartford.

SUCCESSOR NOT APPOINTED

Superintendent C. S. Lake, of the Danville division of the Southern railway, with headquarters in this city, has tendered his resignation, effective upon the appointment of his successor. Mr. Lake resigns in order to accept a more attractive offer to go with the New York, New Haven and Hartford railroad, as superintendent with headquarters in New Haven, Conn.

A few days ago Mr. Lake was given an attractive offer to take the position but he declined. The company then offered the position with a considerable increase in salary. After considering the matter Mr. Lake decided to accept. While he feels he is severing many close friendships, he feels that he cannot afford to turn down the offer. It is understood that the salary in his new position is quite an attractive one.

Mr. Lake is a native of Front Royal, Va., and has been in the railroad service for twenty-seven years. He began as a telegraph operator and rung by rung has climbed the ladder. He has served as operator, yardmaster, train dispatcher, trainmaster and superintendent, filling each position so well that he was given a promotion whenever a vacancy ahead of him was made.

He came to Greensboro nearly five years ago and for about three years was trainmaster. When Superintendent E. H. Coapman was made assistant general superintendent, Superintendent W. S. Andrews, of the Washington division, came here and Mr. Lake went to Alexandria to become superintendent of the Washington division. When Mr. Andrews went to the Queen and Crescent Route, Mr. Lake came back to the Danville division.

Mr. Lake is an experienced railroad man and his services will be greatly missed by the Southern. He and Mrs. Lake have many friends here who will regret to see them go.

While no announcement has been made, it is generally believed that Superintendent George V. Peyton, of the Washington division, will succeed Mr. Lake. It is the custom to move the Washington superintendents to Greensboro when a vacancy occurs.

ALABAMA IS PROBING FERTILIZER TRUST

Montgomery, Ala., May 6.—Alleging that there exists a fertilizer trust, iniquitous in its operations in Alabama, a legislative committee began its work today to investigate it.

The committee is headed by Senator Leath, who asserted in the Senate some weeks ago that fertilizers of the same grade made at Florence, Ala., cost the Alabama farmer as much as that made at Baltimore.

Fifty witnesses have been summoned. The board of directors of the Young Women's Christian Association will hold its regular monthly business meeting at ten o'clock this morning.

46 MEAT PACKERS ARE BARRED FROM SHIPPING GOODS; LAW VIOLATED

Failed to Comply With the Terms of Law Enacted by Last Congress.

CONFERENCE IN CHICAGO

Chicago, May 6.—Secretary of Agriculture James Wilson today met in this city the chief meat inspector of every large city in the country, for the purpose of conferring on the application of the new meat law.

The inspectors, who number about 150, proceeded at once to the Union Stock yards. The stockyards and the packing houses were first inspected and an executive meeting was then held, at which the phases of the law were discussed.

Dr. A. D. Melvin, chief of the bureau of animal industry, delivered an address to the conference later in the day. He declared that on July 1, 1906, there were engaged in meat inspection at 163 establishments, 764 employees. There are now 2,029 employees at 669 establishments. There have been granted to retail dealers or butchers as provided for by the law, 3,558 certificates of exemption. Inspection has been withdrawn, Dr. Melvin declared, from forty-six official establishments, principally because of failure to maintain a proper standard of sanitation and of some cases because of the use of prohibited preservatives.

Dr. Melvin declared that the bureau had received in a general way the cooperation of the packers.

PATIENT IN FAYETTEVILLE HOSPITAL IS KILLED BY FALL FROM THIRD FLOOR

Pedestrians Horrified to See Man Hanging by Hand Calling for Help.

HE HAD BEEN UNBALANCED

Special to Daily Industrial News.

Fayetteville, N. C., May 6.—This morning at about seven o'clock pedestrians were horrified when they saw a man, a patient in the Highsmith hospital, hanging by one hand from a window on the third floor yelling for help, but before assistance could be rendered he lost his hold and dropped to the sidewalk fifty feet below.

After being carried into the hospital by doctors and nurses, it was found that he had sustained a broken arm and broken leg, also internal injuries. He proved to be John L. Sherwood, a prominent young business man, of Dillon, S. C. He fell at seven o'clock just as the night nurses were going off duty and the day force coming on, this giving him his first opportunity to get to a window.

Mr. Sherwood was formerly a resident of this city, a clerk for the late James Burnes.

Mr. Sherwood was admitted to the hospital last Wednesday and since he has been perfectly rational with nothing in his condition to require watchfulness. It is thought he had risen and was sitting in the window and he lost his balance, his immediate cries for help indicating that.

Mr. Sherwood died from his injuries at six o'clock this afternoon.

RAILWAY MEN MEET TODAY IN ATLANTA

Nearly Eight Hundred Delegates are Expected to Attend Convention.

ATLANTA, GA., MAY 6.—

Nearly eight hundred delegates, representing the 91,000 members of the Brotherhood of Railway Trainmen, are expected to attend the biennial convention of the order, which will begin here tomorrow morning and continue for ten days.

Two executive sessions will be held each day and an open meeting to which the public will be invited will be held Tuesday evening.

P. H. Morrissey, of Cleveland, O., grand master, arrived today. A strong bid is being made by Des Moines, Ia., for the next convention.

Thief Enters Telegraph Office. Some one entered the local office of the Western Union Telegraph Company Sunday afternoon and stole about \$4.50 from the money drawer. Entrance was gained through a rear window.

NORTHBOUND TRAIN 38 WRECKED AT LEXINGTON

Engine and Two Coaches Leave Track—No One Killed.

30,000 LONGSHOREMEN STRIKE IN NEW YORK

Number of Men Out Largely Added to by Going Out of Crowd.

EXPOSITION READY IN FIFTEEN DAYS

President Tucker So Declares. More Money Needed.

Washington, D. C., May 6.—"Yes, we need a little money to finish the exposition," said President Harry St. George Tucker, of the Jamestown Exposition Company, after a visit to President Roosevelt today. "The board of directors has issued a mortgage of \$400,000 and I have every reason to believe that it will be taken up in the next few days."

Mr. Tucker denied the report that Thomas F. Ryan had bought in the bonds to cover the mortgage, but said that he was perfectly satisfied with the result of his financial negotiations. With this money in hand, he said, the exposition, with fifteen good working days, would be completed.

Fire Destroys Polish Town. Warsaw, May 6.—Fire today destroyed the town of Tysowce, in the province of Lublin. Three thousand persons are homeless.

HUNDRED TO TESTIFY AT MARVIN INQUEST

Inquiry into Death of Delaware Boy One of the Most Remarkable on Record.

Dover, Del., May 6.—It is probable that the inquest into the death of little Horace Marvin will begin on Thursday. It will be the most remarkable inquest ever held in this state.

Nearly one hundred witnesses will be called, including the members of Dr. Marvin's family, the detectives who have been at work on the case and practically everybody who can throw any light on the case. Foreman Clarke said tonight that the inquiry into the death of the child will be most searching.

The jury can be relied on, he said, to make a thorough examination of every one who has been in any way connected with the case. "We will leave no loop hole," he said. "We want to ascertain how the boy met death."

Saloon Defeat Dispensary. Wilson, N. C., May 6.—At an election held at Black Creek, this county, today saloons defeated the dispensary by twenty-one to eight.

RAILWAY MEN MEET TODAY IN ATLANTA

Nearly Eight Hundred Delegates are Expected to Attend Convention.

Atlanta, Ga., May 6.—Nearly eight hundred delegates, representing the 91,000 members of the Brotherhood of Railway Trainmen, are expected to attend the biennial convention of the order, which will begin here tomorrow morning and continue for ten days.

Two executive sessions will be held each day and an open meeting to which the public will be invited will be held Tuesday evening.

Thief Enters Telegraph Office. Some one entered the local office of the Western Union Telegraph Company Sunday afternoon and stole about \$4.50 from the money drawer. Entrance was gained through a rear window.

NORTHBOUND TRAIN 38 WRECKED AT LEXINGTON

Engine and Two Coaches Leave Track—No One Killed.

Northbound passenger train No. 38, the Southern's southwestern Limited, was wrecked near Lexington last night. The engine and two mail and baggage coaches were derailed. Strange to say, no one was killed and no one was reported seriously injured.

The details of the wreck were not available here last night. A wrecking crew was ordered to the scene. Traffic will be delayed several hours, as a result of the derailment. Northbound trains following 38 had not arrived here at an early hour this morning.

It was said at the depot that members of the train crew and one or two mail clerks received bruises. The passengers were severely shocked, but escaped injury. This is one of the finest trains on the road and none but the most exclusive take the train.

30,000 LONGSHOREMEN STRIKE IN NEW YORK

Number of Men Out Largely Added to by Going Out of Crowd.

New York, May 6.—The longshoremen's strike, which has been on for a week in Brooklyn and Manhattan, was suddenly extended today, when a number of men employed on the docks on the Hudson, both in New York and Hoboken, left their places. It is estimated that about 30,000 went out.

The strikers claim that several thousand more men will strike and that within twenty-four hours there will not be a longshoreman at work except for companies which grant the increase in wages demanded.

Occupants of Market Move. The occupants of the old market in the city hall building last night moved into the new Fisher building, fast across the street from the city hall. This new building has four small storerooms and was built expressly for a market building.

The old market will be used for an armory for the Gate City Guards.
