CLOSING SESSION OF THE ASSEMBLY HELD YESTERDAY

Presbyterians End Eight Days Session and Delegates Leave for Home.

CREATE COMMITTEE ON CHRISTIAN ENDEAVOR

Question of Admitting Polygamists Into Churches in Foreign Lands Comes Up for Discussion—Resolution Thanking Greensboro for Hospitable Treatment.

The general assembly of the Southern Presbyterian church came to an end yesterday afternoon at 4.50 o'clock, after having been in session eight days. Dr. W. W. Moore, the moderator, delivered a short address just before adjournment, expressing his thanks to the assembly for supporting him in his rulings without a single appeal of objection. He attributed this to the wisdom of the commissioners rather than to the wisdom of his actions. But everyone who attended the sessions of the assembly could not fail to have been impressed, not only with the fairness of his rulings but with the goodness of purpose back of the ruling. Dr. Moore is truly spoken of as one of the most pious and gracious men living and his appearance and conduct justifies the statement. The closing prayer and benediction was by Dr. Moore.

LA FOLLETTE IN ALL NIGHT TALK MAY YET KILL CURRENCY BILL

Undertakes a Personally Conducted Filibuster Against the Aldrich-Vreeland Measure.

CALLED TO ORDER FOR ATTACK ON ALDRICH

Only After Vote of the Senate is He Permitted to Continue Remarks—He Then Starts In For An All Night Talk.

Washington, D. C., May 29.—It has been a long time since the Senate was tied by a filibuster with such slender support as was in evidence today, when Senator La Follette undertook to defeat the conference report on the Aldrich-Vreeland currency bill by talking it to death. The report being brought up shortly after one o'clock, Mr. La Follette took the floor. He insisted that a quorum should be maintained at all times, and up to six o'clock he had demanded twenty rollcalls. He thus was able to obtain more or less relaxation and at the same time keep the supporters of the bill in their seats. The heat was excessive, and many were very restless under this restraint. It soon became evident that the Republicans would have difficulty in maintaining the presence of a majority, and it was just as apparent that proceedings would be suspended whenever the necessary forty-seven senators were not present. Mr. La Follette complained of his recent illness and during much of the day leaned strongly upon the arm of his chair, half sitting as he talked. He engaged Mr. Aldrich in a colloquy concerning the provisions of the currency bill, and later, declaring that the chairman of the finance committee had not been frank in his replies, he was called to order, and only after a vote of the Senate had restored him to his right to the floor did he continue his remarks. All senators except Mr. Foraker voted to permit him to continue. Shortly before six o'clock Mr. La Follette inquired whether a proposition

STREET CAR RUNS AWAY; MANY HURT IN PANIC

GETS BEYOND CONTROL ON STEEP INCLINE AND SCORE OF PASSENGERS ARE INJURED.

Montgomery, Ala., May 29.—A score or more persons were injured in a panic late today on a crowded electric car returning from the baseball park which ran away down a steep incline east of Madison avenue. Some of the injured are fatally hurt. There were a hundred or more passengers on the car. It is customary for the cars to come down the steep incline one at a time. Car No. 36 was too close to the car ahead and when it became apparent that the car was beyond control and while the motorman was shouting to the crew ahead to pull out and give him room, there was a scramble for safety among the passengers. Men, women and boys jumped off the car and in a few moments the roadway was lined with injured persons. The car was stopped at the foot of the hill without accident.

THEATER CROWD SAVED BY PROMPT ACTION

Coolness of Attendants Prevents Serious Panic at New Orleans Playhouse.

New Orleans, La., May 29.—Several hundred women and children were in the Schubert theater witnessing a moving picture exhibition when fire broke out in a five-story building separated from the theater by an arcade passage-way. The theater exits were quietly opened and the audience requested to leave, the announcer saying there was a fire a few doors away. The big crowd passed under the arcade above which the flames already were bursting. The fire was confined to the building occupied by the American Oriental Importing Company.

Several wholesale houses, the electric plant and other concerns suffered heavy loss on account of the high water.

PROHIBITION MAJORITY WILL PROBABLY REACH 43,442

Raleigh, N. C., May 29.—The official vote from fifty-eight counties in the recent state prohibition election have been received here, and presuming that the unofficial returns from the other forty are practically correct, it would seem that the majority for state prohibition is about 43,442. On this basis, prohibition received 114,022 votes, and anti-prohibition 70,580. It appears that there is a heavy falling off in the prohibition election vote in practically all the counties west of Raleigh and middle and northern counties east, while the southern border counties and the extreme east voted a strength that compares fairly well with the general election two years ago. In Wake county the official canvass of the vote shows 743 majority against prohibition, 3,188 against and 2,445 for prohibition.

New York, May 29.—The great three-year-old racer, Colin, who was reported to have broken down while exercising yesterday, may race in the Belmont stakes tomorrow. Announcement was made tonight by De Coursey Forbes, manager of the stables of James R. Keene, that the injury to Colin, which was first thought to be a bowing of the tendons of the forelegs, is nothing more than an injury resulting from stepping on a stone, and that the swelling has now practically subsided. Mr. Forbes stated tonight that Colin's tendons are perfectly straight.
