

# The Daily Journal-Observer

THE DAILY CHARLOTTE JOURNAL, AND THE DAILY CHARLOTTE OBSERVER, CONSOLIDATED MARCH 27, 1893.

CHARLOTTE, N. C., FRIDAY, JUNE 29, 1893.

PRICE FIVE CENTS.

## Daily Journal-Observer

A Minnesota Republican paper nominated Gen. Phil Sheridan for President.

Gen. Crook finds it harder to dispose of his Indians than to capture them. Red tape is a troublesome thing sometimes.

A popular subscription fund has been started at Uniontown, Pa., to defray the expense of the defense of young Nutt for killing Duke.

Jefferson Davis, who was sometimes ago prostrated by a dangerous illness, has entirely recovered and is now in excellent health.

Judge Hoody and Foraker, the rival candidates for Governor of Ohio, are said to be intimate friends, and reside in the same ward in Cincinnati.

The Republicans in Ohio are trying to make it appear that Judge Hoody is not an orthodox Christian. If Hoody was the Republican candidate this would not hurt him.

The last crank is a man named Kirk, who has written a pamphlet to show that the discoveries in science will eventually make it possible for the human family to live on without dying unless they want to.

Richmond Star: "A great many of our sidewalks all over the city are in a very wretched condition, and ought to be repaired as soon as possible, or some of these dark nights somebody will break his neck and see the city."

How many necks is that fellow going to have?

Gen. Crook has succeeded in gobbling up the most of the hostile Apaches. If he will now go for the men who plunder, then sell them rum, drive them to war, and then sell them guns and ammunition to shoot white people, the Indian problem would be simplified.

The late Archbishop Wood, of Philadelphia, was a bank officer in early life, and the results of his financial training are seen in the fact that he left a church property valued at \$12,000,000, and there stands against it no debt that cannot be immediately paid. His motto was "safety rather than profit."

The New York Herald wants to know if William Tell died really exist. Why, of course he did. If he didn't how could he ever have sent that arrow into old Gessler's anatomy? The next thing the Herald will be asking us if somebody did really strike Billy Patterson.

Judge in Switzerland don't seem to trouble to look with much alertness. One of them recently asked a joker to prison for having a document in his possession inscribed as follows: "Fool's Bank, doing business in Nowhere, promises to pay on presentation a hundred francs. Director, Prince Carnival. Note: Whoever forges bank-notes will be sent to a watering place for fifteen years."

The editor of the National Republican has had some sad experiences from his back shed, which inspire the following spiteful remarks: "The bite of an infected cat produces all the horrors of hydrophobia which results from the bite of a dog. No barking or howling dog equals in annoyance the horrible night screams of a cat. Let the dog catchers be instructed to take in grinnalks."

"Instead of dying out," says the Central Presbyterian, "the Jewish people shows increasing vitality. They can not be stamped out or swallowed up. They pass from country to country, to become practically masters wherever they go. They get the land in Germany and Hungary, and grow rich in Russia; they are the great bankers in London and Paris and the centers of European commerce. In ten (recent) years the Rothschilds furnished \$100,000,000 in loans to England, Austria, Prussia, France, Russia and Brazil. They increase faster than Christians, and of every 100,000 persons only 50 Jews die to 143 Christians."

GEN. ROBERT E. LEE.  
The Republican States Unreconciled with Secession.  
LEXINGTON, Va., June 28.—Valentine's recumbent figure of Gen. Robert E. Lee was unveiled here to-day with imposing ceremonies in the presence of a large number of people. Gen. Lee was selected as chief marshal and Gen. Geo. Stewart as assistant marshal. The procession formed on the University campus at 9 o'clock and marched to the cemetery, and having decorated the grave of Stonewall Jackson, returned and paid like honors to the tomb of General Lee. The exercises were opened on the University campus by prayer by Rev. H. J. McBryde.

CHASING CRIMINALS.  
Washington Post.  
There are planks in the Ohio Democratic platform that must make Mr. Sherman, serious by reason of the rare skill displayed in the manipulation of delicate questions.

The Best of Good Feeling.  
New York Herald Post.  
To crush there is to-day a more cordial feeling in the North toward the Southern people, and a heartier sympathy with the efforts of the latter to develop their prosperity and well-being, than there has been at any time during the last 40 or 50 years.

Wanted: 11 Members!!  
Are you distressed at night and broken of your rest by a tickling cough and crying in your throat and get a bottle of Mrs. WIGGLES' Cough Cure. It is a sure cure for all coughs, colds, croup, whooping cough, and all other ailments of the throat and lungs. It is a pure vegetable preparation, and is perfectly safe for all ages. It is a sure cure for all ailments of the throat and lungs. It is a pure vegetable preparation, and is perfectly safe for all ages.

THE "LIVING SKELETON."  
The man who has known as the "Living Skeleton" for many years, and who has been the subject of many articles in the newspapers, is now in the city. He is a man of extraordinary strength and endurance, and is able to perform feats of strength and endurance that are beyond the power of ordinary men. He is a man of extraordinary strength and endurance, and is able to perform feats of strength and endurance that are beyond the power of ordinary men.

## OKLAHOMA.

Payee Applies for an Injunction—A Decision by the Court of Claims.

WASHINGTON, June 28.—Gen. Pope, commanding at Fort Leavenworth, telegraphed to Secretary of War Lincoln as follows: David L. Payne has applied to the United States Circuit Court at Topeka for an injunction against yourself and me restraining us from interfering with his entrance into and occupation of the Pottawatomie district of Indian Territory. This application brings up for decision the whole question of the status of the Oklahoma territory. I am not a lawyer, and I am not a candidate when Mr. Moses was elected. He comes with an established reputation, and it is hoped that Columbia under his management will soon have a system that will compare favorably with the excellent one that has been established in your midst. The board has appointed Saturday the 30th instant for the election of sixteen teachers—seven white and nine colored—at salaries ranging from \$50 down to \$30.

FROM WASHINGTON.

Paymaster Watson's Sentence—Declines the Postmaster's Offer.

WASHINGTON, June 28.—An official order was issued by Adjutant General Drum promulgating the findings of the court martial and announcing President Arthur's confirmation of the sentence in the case of Paymaster James P. Watson. "The term of imprisonment at hard labor is 18 months and the requirement in regard to the payment of the fine is \$5,000. The sentence was pronounced in the State penitentiary at Washington, and will bring his position as chief of postal inspectors.

SWINDLERS ARRESTED.

Three New Yorkers Taken in for Duping Victims with Forged Missouri State Bonds.

New York, June 28.—Isaac A. Briggs, broker and lawyer, and two associates, were arrested to-day on a charge of selling forged Missouri State bonds to Edwin R. Kirk, a mailmaker. Kirk was induced to purchase bonds of Eric to the value of \$271,185, but subsequently learned that Eric had had similar bonds illustrated in the city, on a representation that he was a State official of Missouri. Briggs was sent to State prison for one year for attempting to defraud a small firm Jacob Astor. Eric ranks as a professional forger. Lyon was arrested a year ago on a charge of selling forged bonds of the State of Missouri on a charge of selling forged bonds of the State of Missouri.

An English Journal on Shipping Papers.

LONDON, June 28.—The News this morning says it is perfectly within the power of the government to prevent the export of Irish paper on her soil. The gross negligence in shipping them is most cruel. If assisted emigration continues it must be conducted differently. There is no reason to believe that the government has co-operated with any other agency than Mr. Tukes, but mere inaction is not enough.

The Dead Lock Continues.

CONCORD, N. H., June 28.—The ballot of the joint convention for U. S. Senator to be held to-day at Concord, N. H., necessary for choice, 156; Wm S. Ladd, 1; Jeremiah Smith, 1; Chas. Doe, 1; Chas. S. Bell, 1; Ben F. Prescott, 2; Gilman Marston, 14; Aaron F. Stevens, 10; James F. Briggs, 20; James W. Patterson, 43; Edward H. Hollins, 90; Harryingham, 112.

Guarding Against the Spread of Cholera.

SMALLA, June 28.—Vessels proceeding from here to Suva, will be forbidden to communicate with stations on the canal, owing to fears that the cholera may thus be spread. An order has been issued prohibiting any person from proceeding from Port Said to other towns in Egypt.

The Atlantic and North Carolina Railroad.

RALEIGH, July 28.—The stockholders of the Atlantic and North Carolina Railroad Company met to-day at Morehead City. Propositions to lease that road were offered by the Chesapeake and York Valley Company, and by two other syndicates, but no action was taken to-day.

Washington Post.

The Germans who bolted the Republican ticket in Ohio last year, and have been battered with abuse and spat upon with slang and slanders for doing so, are now coolly asked to hold and help elect Mr. Foraker. They don't "see it."

One Hanged and the Other Burned.

NEW ORLEANS, June 28.—A Times Democrat special from Greenville, Texas, gives a different account of the lynching of the negro who committed rape upon a young lady near Jefferson, than has been published elsewhere. It states that one of them was hanged and the other burned to death yesterday.

The Voting Must Go On.

CONCORD, N. H., June 28.—The vote is to be taken to-day for U. S. Senator. A quorum of either house will be present before Tuesday. A resolution to defer taking any binding votes for Senator will be taken on Tuesday. It was defeated in the joint convention after a ballot this afternoon.

Indications.

South Atlantic States, partly cloudy weather. In the local, south to west winds, stationary or slight rise in temperature and barometer.

## FROM COLUMBIA.

Educational Affairs in the Palmetto State.

COLUMBIA, S. C., June 28.—On Monday the school board elected Mr. D. B. Johnson, of Newbern, N. C., as superintendent of the city schools. This election was the first since the election of Mr. P. P. Moses, of Goldsboro, who unexpectedly resigned. It seems that North Carolina must have an educational boom for it certainly has within its borders some flourishing graded schools, which have given their principals a reputation outside the State. Prof. Johnson was not a candidate when Mr. Moses was elected. He comes with an established reputation, and it is hoped that Columbia under his management will soon have a system that will compare favorably with the excellent one that has been established in your midst. The board has appointed Saturday the 30th instant for the election of sixteen teachers—seven white and nine colored—at salaries ranging from \$50 down to \$30.

## FATAL RAILROAD ACCIDENT.

A Heroic Engineer Loses His Life Through the Carelessness of a Section Master.

CHARLESTON, S. C., June 28.—The fast express train from Summerville this morning when three miles from this city was derailed by the section master siding by a misplaced switch, and came into collision with two loaded cars, which were standing on the side track. The engineer, J. B. Smith, was instantly killed and a colored fireman, Paul Washington, received injuries from which he died later in the day. The engine was demolished, and the engineer's body cut completely in two. There were about one hundred and fifty passengers on the train, none of whom were hurt. They owe their lives to the heroism of the engineer, who, instead of jumping from the engine after the train left the main track, occupied himself during the run of 75 yards to the scene of the collision in reversing the engine and putting on the air brakes. The accident was caused by the carelessness of the section master who was repairing the switch at the time. The coroner's jury lays all blame on the section master, who was committed to jail in default of \$2,000 bail.

## UNSTEADY CHICAGO.

Another Break in the Market—Unsettled, Depressed and Uncertain.

CHICAGO, June 28.—The markets on change suffered another bad break this morning and the forenoon session was marked by unsteady and uncertain movements. The depression in grain prices extended to provisions and grain as well, but was more especially felt in pork and wheat. Pork advanced a steady and heavy decline the past three days, and this morning took a tumble to 42 1/2 from 50c. Lard declined 7 1/2 cents, making the quotation for July option less than that touched on the day of the failure of McGeech & West, which had displayed weakness for a week past, and a heavy decline followed. To-day these declines renewed all the uneasiness of the past two weeks and the unsteady movement of the market that H. O. Kenton & Co., and John Sinclair, had succumbed. They have been dealing in grain, but were not rated as very extensive. The cause assigned for the unusual weakness displayed by the market is the bad showing made by the firms of McGeech & West, and the fact that H. O. Kenton & Co., particularly the latter firm, for whom a better report as to assets had been anticipated.

## THE HILL INVESTIGATION.

Vouchers Demanded and More Charges Made.

WASHINGTON, June 28.—In the Hill investigation to-day the counsel for Murch called for all vouchers for money paid Bartlett, Hobins & Co., and their successors. He also demanded all vouchers for money paid to the Hill since 1876. He coupled this demand with the charge that Bartlett, Hobins & Co. had secured nearly all the contracts for the Hill since 1876. The Hill is a supervising architect, and had been enabled to do so through corrupt influence in the architect's office, although not the lowest bidder. The counsel for Hill excitedly denounced this as a slander. The committee decided that the vouchers should be produced and adjourned for a day to give the prosecution an opportunity to inspect them.

## The Bessemer Steel Works Shut Down.

ALLENTOWN, Pa., June 28.—To-day the large Bessemer steel works of the Bethlehem Iron company are idle, and union men and other workmen are all being shut out. It is claimed by the men that the difficulty has not been caused on account of wages, but that several days ago the company discharged a union man and refused to reinstate him, and decided to shut down. The men say that this is an effort to force them to sever their connection with the amalgamated association, and that the company will recede from their position in a few days. The workmen have seen offered substantial aid by President Jarrett. Messrs Jarrett and Lee will return to Bethlehem Saturday.

## Charges of Bribery.

WASHINGTON, June 28.—Charges of bribery during the Hill investigation with the internal revenue service have been made against revenue agent Chas. M. Horton, of Boston, one of Commissioner E. A. Tamm's appointments. These charges are made public in newspapers and afterwards laid before President Arthur. Commissioner Horton to-day notified Horton that he must vindicate himself before entering upon his new duties.

## The Testimony of a Physician.

James Beecher, M. D., of Birmingham, Ala., says in a report made to the U. S. Senate, that he has seen a number of men who have been cured of the disease of syphilis by the use of the "Wiggle's Cough Cure." He says that he has seen a number of men who have been cured of the disease of syphilis by the use of the "Wiggle's Cough Cure."

## Every Day for Three Years.

ANNAPOLIS, Md., Oct. 4, 1891.—I have used your "Wiggle's Cough Cure" for three years, and I can say that it is a most valuable medicine. It has cured me of my cough, and I have been able to breathe freely ever since. I have used it for three years, and I can say that it is a most valuable medicine. It has cured me of my cough, and I have been able to breathe freely ever since.

## Indications.

South Atlantic States, partly cloudy weather. In the local, south to west winds, stationary or slight rise in temperature and barometer.

## Memorandum Against.

I have read with great interest the article in your issue of the 28th inst. regarding the "Wiggle's Cough Cure." I have used it for three years, and I can say that it is a most valuable medicine. It has cured me of my cough, and I have been able to breathe freely ever since.

## THE CITY.

Arrival and Departure of Trains.

RICHMOND AND DANVILLE.  
Leave A. L. Line Depot 8.50 a. m. and 4.30 p. m.  
Arrive 2.10 a. m. and 1.50 p. m.

Leave 8.10 p. m.; arrive 7 a. m.  
C. C. SEELYE DIVISION.  
Leave 7.10 a. m., and arrive 8.35 p. m.

## LOCAL RIFLES.

A new postoffice called Chalk, after George W., has been established in Gaston County.

—Capt. Joe Emory, the clever young clerk at T. L. Seigle & Co's, has gone to Chatham on a short leave, visiting his parents and friends.

—Messrs A. J. Beall & Co. make the happy announcement that they have to-day received a car load of the jocular Georgia watermelons.

—A broken down car delayed the arrival here of the Charlotte, Columbia & Augusta train, two hours yesterday afternoon.

—The Lenoir Topic says that the following Charlotte ladies are spending the summer at Dr. Beall's: Mrs. M. L. Wriston, Misses Lucy and Ella Wriston and Miss Alice Sprung.

—Rev. Mr. Hurley, a young graduate of Trinity College, has been elected to fill the vacancy in Pineville circuit caused by the death of Rev. Lemmon Shell.

—Mr. W. M. Yandle, of Pineville township, brought up a big cotton stalk yesterday, bearing five or six blooms, several buds and a lot of squares. Mr. Yandle is ahead on cotton.

—Rev. J. T. Bagwell, who was recently elected to a professorship in Trinity College, has decided not to accept that position, at least not this year, and will remain in charge of the Tryon Street church.

—Sandy and Loney, two of Wadsworth's stable boys, got into a fight last night, and pecked each other over the head with rocks in a vigorous manner, causing blood to flow by the quart. They will be before the mayor this morning.

—Pink Mason, white, was seriously injured near Matthews, Wednesday evening, by a mule running away with him. Mason was thrown and trampled upon, having his collar bone broken, and receiving other injuries.

—Night before last the smoke house of Mr. Lindsey Adams was entered by robbers, who carried away a barrel of flour and a quantity of meat. This is the second time Mr. Adams' premises have been invaded by thieves this week.

—Dr. Bidez's juvenile Pinaflore troupe is about ready to appear before the public. The play will be presented in the opera house next Friday night. Dr. Bidez has taken great pains in preparing the juveniles in their various parts, and something really good may be anticipated.

## Artistic Display.

One of our citizens who has just returned from Lancaster, S. C., tells us that Dr. J. F. G. Mittag has in his office in that place the most extensive display of photographs of distinguished men all over the United States, to be found anywhere. It is really worth a visit to see them and compare our views in the abstract of the celebrated and great work such as may be formed after an examination of the "counterfeit project."

## Sale of Cotton Factories in Gaston County.

Two large cotton factories, the Lawrence and Woodlawn, located in Gaston county, were sold at public auction a day or two since by a decree of the Superior Court, in favor of creditors, by Mr. E. K. P. Osborne, commissioner. The Lawrence, the largest and finest of the two properties, was sold for \$45,000 and was bought by Mr. John R. Hall, the highest bidder. The Woodlawn was bought by the same party for \$19,000. This is considered remarkably cheap, as the two cotton mills are among the most valuable in this part of the State. They had previously been operated by Linsberger Sons.

## The Old Horse Sale.

The old horse sale of the Southern Express company, was the attraction in town yesterday. The sale opened at 11 o'clock, and closed about one, when the freight was turned over to the purchasers, and the fun of opening the mysterious packages began. Bidding was lively from the first, and among the most eager and rapid buyers was Dr. Jim McPhail, who took in every package that looked to him like it might have "something" in it. When the sale closed, Jim had a whole ear load of goods. The first package he opened was a small box for which he paid \$1.00, and which was found to contain a quart of cow peas. His next box revealed a basket of cotton seed. A dolman and a revolver were among his other prizes. McPhail got a box of goose eggs, of the vintage of '80. Landerker wept tears over a string of zinc cups for a patent well elevator, and an iron wheel big enough for the driver of an engine. Col. Cowley got four vests and an old valise. Mr. Zimmerman got a lot of Spanish lace and five beaver hats, making the best bargain of all. Alimanco, patent medicine circulators and the like were the most common articles. Several parties bought from \$30 to \$40 worth of packages and carried them off to secret places to open and inspect.

In all 230 packages were sold and the receipts were \$173.17. The sale will be continued to-day at 10 o'clock.

## THEIR GUILT CONFESSED.

Yesterday's Development in the Davidson College Post Office Affair—The Ex-Postmaster and His Clerk Make a Confession of Their Guilt.  
Mr. L. B. Lamson, the postoffice inspector, returned to the city yesterday from Davidson College, where he had been investigating the affairs of the post office at that place, and brought with him Mr. H. B. Gillespie and Mr. Jas. F. Gamble, late postmaster and clerk, whose arrest on charge of robbing the mails was mentioned yesterday. Mr. Lamson then brought them back to this city and arraigned them before United States Commissioner Waring. Young Gamble's bond was fixed at \$400, and his father, Mr. John Gamble, went security, after which himself and son left for Davidson College on the afternoon train. The postoffice inspector preferred several fresh charges against Gillespie, one for falsifying money orders, one for stealing money order fraudulently and one for making fraudulent returns to increase his compensation. The commissioner put the accused under an additional bond of \$1,000, making the whole bond amount to \$1,400. The father of the young man was lying sick at home, but was sent for and will arrive in the city to-day, when he will give bond for his son and pay up his deficiency, which will amount to about \$500. On his way to the jail Gillespie was accused by the reporter, when he wished to make, to which he replied that he had not. A great deal of sympathy is expressed by all for the families of the unfortunate young men.

## An Approaching Celebration.

The Bremen's monument, which is now rapidly being completed, is to be unveiled about the 15th of next September, in Elmwood cemetery, this city, and the Bremen are arranging to make it a great occasion. Such it should be and we are glad to see them commencing the work in good time. Committees will be appointed to visit the merchants and business men of the city for their assistance in getting up the celebration, and the Chamber of Commerce will be urged to lend a helping hand. Fire companies from all over the State and South Carolina will be invited, and firemen's contests will be a feature of the day. Correspondence has already been received from the railroad officials relative to the running of excursion trains, and everything possible will be done to bring an immense crowd to the city, and make an unforgetting day a memorable one in our annals. The orator of the occasion will be selected next week, when the day for the unveiling exercises will also be decided upon and announced. The marble cutters will next week cut the inscriptions on the four sides of the base of the monument.

## The Davidson College Boomers.

The Davidson College boomer, known as the aggressive and commencement committee, will be called to meet at an early day, probably one day next week, by the trustees, Col. John L. Brown, of this city. The other members of the committee are: Rev. L. McKinnon; J. B. Mack, D. D.; H. W. Wiley; Esq.; Maj. R. Bingham; Hon. J. H. Evans; A. D. Hepburn, D. D.; Geo. Allen, Esq., and J. Rumble, D. D. All are active, energetic men, great friends of the college, and men at whose hands good work may be expected. The duties of this committee will be to use every effort:

## Failure of the Stockholders' Meeting.

The meeting of the stockholders of the Charlotte, Columbia & Augusta Railroad, that was to have been held in Columbia last Wednesday, was a signal failure for want of a quorum. The Richmond & Danville syndicate owns 18,000 shares of stock, a majority of the shares, and it is entirely at their pleasure whether a meeting shall or shall not be held. This syndicate can put its shares in its pockets and go on its way, and a meeting cannot be held until its shares are represented. So a stockholder tells us. The meeting was adjourned until the 27th of July.

## Two Dashing Runaways.

Yesterday afternoon a colored boy named Berry Cunningham, was whipping his horse and driving rapidly along Trade street by the court house, when two miles that were hitched to a wagon belonging to Mr. Dick Moss, became frightened and ran off. Berry's horse ran also. The runaways took down Church street at a terrible rate, and created no little excitement. The men who were in the wagon, the Rudisill mine, but Berry finally stopped his horse without damage. Berry was summoned to appear before the mayor this morning on charge of causing all the trouble.

## Ordination and Confirmation at the Catholic Church.

At Rev. H. P. Northrop, Bishop of Charleston and Vicar Apostolic of North Carolina arrived in the city yesterday. Rev. Julius Phol, O. S. B., of St. Mary's College, is also here. At the Catholic church this morning Brother Conrad, who has been for some time past professor of music in St. Mary's, will be ordained a sub-deacon, and tomorrow morning he will be raised to a deaconship. Sunday morning he will be ordained to the priesthood. Bishop Northrop will conduct the ordination services. At 8 o'clock Sunday morning, confirmation services will be held in the Catholic church by the Bishop.

## Market with Pistol and Shot Gun at Matthews.

Dr. J. Bruner and a Mr. Benton, a merchant at Matthews Station, had a difficulty Wednesday evening over a settlement, which resulted in a shooting scrape. Mr. Benton went to Dr. Bruner for a settlement, when a dispute arose and Bruner ordered him out of the house, telling him it was a d-d rascal, whereupon Benton raised his fist, when Bruner knocked him down with a chair. Benton then drew a pistol and fired at Bruner, the ball passing through the breast of Bruner's coat. Bruner then got a shot gun and fired at Benton as he was leaving the house, but the charge missed its mark. Benton continued down the road with his pistol cocked, when in descending a step he slipped and fell, the pistol being discharged again, but doing no damage.

The coroner of the county, who lives a mile off, is said to have been on hand within an hour after the affair, for forensic purposes, but the corpse was not to be found.

Both the parties are respectable citizens and have been bound to court.

## From Emigrant Dr. H. S. Hoppens.

"I have made use of Colman's Liquid Root Tonic in several cases of consumption and general debility, and have found it a most valuable food, tonic and stimulant. (Take no other.) Of Colman's."
