LOVE'S LABOR LOST.

We have a letter from Prof. T. Gilbert Pearson, curator of the museum of Guilford College, enclosing a leaflet which was asked to publish and approve in the interest of the protection of the birds of the country.

We sympathize with Mr. Pearson but cannot join in his crusade. An appeal to the heart or the conscience of Dame Fashion is as an appeal to deaf ears.

The associated banks of New York City hold over thirty-eight millions of dollars of idle money. A more effective answer than this to the statement that there is not enough money in the country to do the business can hardly be imagined.

By all accounts the new police commission has succeeded in making New York a Sunday dry town. The day before yesterday was the driest that has been experienced during the drought.

In the conclusion of his speech at the Press Association banquet at Greensboro last Monday night, Mr. Moses H. Cone suggested that the Press Association send two of its members of different views, to Mexico to investigate the practical results of the free coinage of silver in that country and report back.

The New York Herald presents a very cheerful view of the export of gold last week. It mentions that this country has recently sold comparatively little merchandise to Europe, while it has bought in enormous quantities.

The Richmond Dispatch, which occupies an extremely conservative position on the coinage question, does not appear to have been greatly impressed by the result of the Georgia free silver convention, held at Griffin last week.

THE LOUISIANA BOUNTY CLAIMS.

Congressman Meyer and Comptroller Bowler Center About Them—The Comptroller Will Say August 7, Whether or Not He Will Pay Them.

Washington, July 22.—Representative Adolph Meyer, of Louisiana, called upon Comptroller Bowler, at the Treasury Department this afternoon, and had a long conference with him regarding the proposed hearing upon the constitutionality of the law directing the payment of certain bounties to sugar producers, which the Comptroller has fixed for the 7th of August.

Mr. Meyer stated to a reporter that his visit had no other significance than that the sugar planters know that Mr. Bowler had \$5,000,000 of their money held up in the Department, and they wanted to know what their chances of getting it were.

A MOVABLE CAMP FOR REFUGES.

Where the Old Camp Was During the Kpl. Jennie at Brunswick, Near Waynesville—No Danger Yet.

SAVANNAH, Ga., July 22.—The refugee camp established near Waynesville, 100 miles south of Savannah, during the Brunswick epidemic three years ago, has been made the headquarters of a movable camp for refugees.

The camp is now being put into operation, and the refugees are being moved to it. The camp is now being put into operation, and the refugees are being moved to it.

FRIENDS' SUNDAY SCHOOL PICNIC.

All the Schools of Deep River Quarter Took Part—To Bring the Friends' Picnic to the People—The Successful Picnic.

Deep River, July 22.—Last Saturday, the 30th anniversary of the Friends' Sunday School of the Deep River quarter, had a great picnic. The object of the picnic was two-fold: To give the members of the various Sunday schools an opportunity to mingle together and enjoy a day's outing; To bring the newly established Friends' Orphanage prominently before the people as an institution worthy of their favor and support.

The occasion was a grand one and it was a current remark that a finer assemblage of people had never been seen in this section.

When 10 o'clock came the beautiful park opposite the orphanage building presented a lively scene and at 11 o'clock the exercises of the day began. Allen J. Tomlinson, of Archdale, presiding. Each of the Sunday schools performed their parts creditably indeed, after which President Hobbs, of Guilford College, was called to the speakers' stand and gave a splendid impromptu talk.

Then came the hour for dinner and all repaired to the ladies' extended table. Each of the Sunday schools performed their parts creditably indeed, after which President Hobbs, of Guilford College, was called to the speakers' stand and gave a splendid impromptu talk.
