BOTTLED AT THE LINCOLNTON LITHIA SPRINGS

Urinary Passages. LINCOLNTON, N. C. RALEIGH, N. C., January 1, 1894. THE LINCOLN LITHIA WATER CO:

I take pleasure in stating that I have used the Lincoln Lithia Water quite extensively in my practice during the past five or six years, and I have come to regard it with great confidence. In the Uric Acid Diathesis; in controlling the tendency to nephritic colic and breaking up the habit of recurrent attacks; in Dyspepsia; in Albuminuria whether due to pregnancy or other causes), I have found great satisfaction in its use. Indeed, so highly do I appreciate its efficient helpfulness in the disturbances of the renal functions, that I regularly prescribe its systematic use, to the exclusion of ordinary drinking water as a preventive of renal complications dur-

ing the last three or four months of pregnancy, in the cases of all my patients who can afford it. A. W. KNOX, M. D. Very truly yours,
