THE INVESTIGATING COMMISSION. t Gets Off on its Work of Locking Into the Chinese Massacre Cholera at Tien-Tsin and Cho Foo.

Washington, Aug. 14.—A cablegram received at the State Department to-day from J. Courtney Hixson, United States consul at Foo Chow, reports the departure from that place of the mixed British and American commission to investigate the Kucheng massacre. Such authorization could not be given by Minister Denby, but by the Secretary of State or the President only. It is said at the State Department that Mr. Denby has the entire matter in charge on the present and some excellent Gospel preaching was done. There were, probably, 20 or 25 professions of religion. The behaviour was better this year than for several years past.

We Won't Get Cuba, They Say, if She Wins. BERLIN, Aug. 14.—The semi-official North German Gazette, in an inspired leader, comments on the relations of the United States with the Cuban rebels. It says that whatever the official relations between Spain and the United States, the sympathies of the masses of the American people are with the Cubans, but if the American politicians draw rebels means a rich gain for the North Americans they make a great mistake. The separation of Cuba from Spain can only result in Cuba becoming a small independent State like San Domingo. = Madrid is not wrong in asserting that New York has become the Mecca of all the adventurers of the world, who look upon the Cuban rebellion as a business
