Mr. Benedict, the President's bosom chum and a so-called Wall street "Democrat," has openly declared that he will not support the Democratic party in the event that a free coinage man is nominated for the presidency in 1896. Other public men, in close touch with Mr. Cleveland, and who are known to absorb their financial ideas from him, have made similar assertions.

The rumor to which Senator Butler alludes was that he was participating in a plan for the fusion of his partythe Populists-and the Democrats. Senator Butler intimated a decided leaning towards the Republicans as allies.

Ex-Secretary of State John W. Foster delivered an address in the First Presbyterian church of Watertown, N. Y. Sunday night, in which, speaking of the recent Chinese massacre and the relation of the Chinese to the Christian missionaries in their country, he said that Americans can afford to be a little slow in their condemnation of the hinese in view of the number of outrages perpetrated upon Chinamen in this country and the scant degree of justice that has followed them. He recalled the fact "that the Rock Springs, Wyo., riot a few years ago was equally cruel and fatal in its results, and reflected more severely upon our authorities," and

There is a good deal in that. The good planks in the Populist platform, as Christians in China fare better than the Chinese in the United States. The first that no true believer in Jeffersonian reply to this that comes to mind is that the life of a missionary is worth more than that of a heathen, but this reply does not meet the case at all. The truth is, that, being a Christian people, we should be more careful about human life than the heathen are and not more indifferent about it.
