THE POWER OF THE POPE. No Re-Union of Catholic and Other Churches Possible Till This is Acceded-The English Press on the Yachting Fust. London, Sept. 14 — The Catholic con- omitting fractions. ference that is annually held in England ander the auspices of the Catholic Pruth Society has hitherto been treated y the press as unworthy of mention. It has this year suddenly assumed the importance of a leading congress. The conference began at Bristol on Monday this being the largest number on record. the ultimate terrestrial cataclysm has place, before night. At the time of our moss and crehises, were mingled in and terminated Thursday. The questions before the conference were not new, but the meeting derived unwonted interest from Cardinal Vaughan's address on Christian re-union. The Archtiry's recent missive on this subject, which was a reply to the Pope's letter to the English people, required a reply and Cardinal Vaughan gave it in such clear terms as will end discussion within the Anglican Church on the bases of an agreement with the Roman Catholic Church. The kernel of the question of the reunion of Christiandom, said Cardinal Vaughan, consisted in the admission of the Roman claim that the Pope had received by divine right, authority to teach and govern the whole Church. was a negation of the Roman claim. further declared that he did not expect right in line with my party." to witness the submission of the English people, as a body, to claims that the silver convention," said a promi- gether. WALLER'S CASE.

A Paris Newspaper Says It is Irretrievably

of ex-United States Consul Waller, which show that his case is irretrievably lost.

Washington, Sept. 14.—State Department officials know nothing of the information respecting the Waller case professed to have been obtained by the Siecle, of Paris, and cannot understand the basis for the claim that Waller's cause "has been irretrivably lost."

They attach no importance to the alleged news. The record and proceedings of the court-martial are not due in France until about the end of the month, according to statements made by the French ministry for foreign affairs to Ambassador Eustis, and if it be true that they are in Paris, it is said that a representative of a well-known Greek cotton house reports from Texas, where he now is, that he estimates the crop of the State at 1,600,000 bales. His house is bearish and places no reliance on the estimate this are professed to have been obtained by the Basis for the claim that Waller's cause "has been irretrivably lost."

The farmers are happy in this section and are not all 16 to 1 by a big sight. THE BATTLESHIP INDIANA

Secretary Herbert Orders Mr. Cramp to Dock It at Port Royal, S. C .- Camp Refuses and Will Dock it at Halifax. Washington, Sept. 14.-Mr. Charles Cramp, the Philadelphia ship-builder,

had a talk with Secretary Herbert to day about the request made by the Secretary of the Navy that the new battleship Indiana should be docked in the new naval dry dock at Port Royal, S. ., and not in Halifax, Nova Scotia. Secretary Herbert has no authority ment. Mr. Cramp recently informed vessel at Halifax, giving as his reason that there was no adequate arrangements for so doing in this country. To nformed Mr. Cramp that the Port ersation to-day Mr. Cramp indicated his original intention of taking the Iniana to Halifax. He said that as the

couraging that the heavy drain will cease, the strong points in the situation count for naught and the market is left unsurported to pursue its downward course. The feeling to-day has been extremely heavy and the entire gain of yesterday was lost. The weekly clearances were about 500 000 bushels smaller than a week ago, but cables were higher and shipments from the Argentine were light. A number of traders, however, who bought on the rumor that the syndicate would deposit \$6,000,000 were disappointed when it was learned that no such deposit would be made and placed their holdings on the market for sale. As soon as a scattered demand around the opening had been satisfied prices gave way under their offerings, the net decline for the day being 1565.

being 1% s.

The near-by futures of corn to day were affected by an increase in receipts and large estimate for Monday—300 cars. There was estimate for Monday—300 cars. There was good buying early of October by shorts, but as soon as the support ceased that option declined 1% per bushel, closing weak. May showed a net decline of 3% Provisions were easier on heavier receipts of hogs in the West. Local operators are looking for librral receipts here next week and sold some in anticipation of lower prices.
