DEAR SIR:-The Ivers & Pond Piano which we have been using during the last year has not only given perfect satisfaction, but far exceeded our expectations. We find it a perfect instrument in every respect—the treble having that clear ring that is so hard to find in other pianos. The extra bass pedal which you so kindly had the manufacturers put on for us, makes the piano espe-

cially adapted for orchestral use. We unhesitatingly give the piano of Ivers & Pond STATE, our highest recommendation, and assure you that no other instrument shall ever be used by us.

We can cheerfully and confidently recommend your house and your piano to any one desiring superior instruments, and such as will be entirely satisfactory. Wishing you all success in your business under-

takings, I remain, very respectfully, REV. F. BERNARD, O. S. B., Director of Music.
