Madam:-I take pleasure in certifying ie. Her life was almost despaired seemed, could be done for her, nothing could her stomach retain. She was a complete wreck. Your medicine came to my mind and I immediately got a bottle of it; the first dose was retained: her improvement began AT ONCE and in a short time she was well and hearty. attribute her recovery due directly to your wonderful Remedy. I do not believe that too much could be said in its praise as a Tonic and Blood Purifier. Wishing you the success your Reme-

Furniture isn't what it used to be. There has been a vast improvement. Any one can see that. The price has not only been lowered but the general character and usefulness has been increased. We carry a representative line here, one that we would not be afraid to compare with any city three times the size of Charlotte. The goods we handle are new and up-to-date. No better money can buy and we KNOW IT.

Our prices are as low as any-body's, and we know that also. If you want correct stuff see us. If you want the lovest prices known see us. Am opening up every day some new things, and the goods are going. Come, go through our stock with us. You need not feel that you must buy.

THAT WEAR!

That's the kind we sell. You know very well that boys are harder on their clothes than men, and for that reason they need the best you can buy. You can't buy the best suits for boys as cheap as you can buy the shoddy ones, but here you can buy all wool suits, strongly made, for very little more than the shoddy kind will cost you. You will find that there is one point on the down grade of quality and price where cheapness ceases to be economy. Our knee pants suits at \$2.50 are all wool, pants have double seats, double knees, elastic waist bands and riveted buttons. Others at \$3.50 are finer but cannot be better made.
