importance. It has been 12.1 cents for the week, and 10 cents since September end, and is mainly due to short crops ibroad and good demand. Cotton has weakened after its sudden rise because he demand for goods has relapsed into hand-to-mouth buying, and print cloths are lower at 2.5 per cent. Some injury has been done by recent storms, but the market seems not now in the humor to magnify them.

There is reviving interest in the stock narket, which has slowly risen an average of 79 cents per share for railways, though they are weaker. While east-bound tonnage is large from Chicago, in September 241,908, against 241. 154 last year, the westward movement of merchandise is small and rates are cut, so that earnings reported for Sep-tember fall 3 per cent. below last year's quotations from London and the exeand 8.6 per cent. below those of 1892. There are unmistakably encouraging signs in the great industries although ployed or in new orders received are slight. But the strong demand for ma-terial, for pig iron, hides and wool, as for cotton, does not diminish, and has but at this figure a sharp contest de-
