The Union Soldier Speakers in McKin-ley's Own Town—The Major Meets the Litigation in Which Mr. N. Gib-them. To the Editor of the Observer:

In your issue of the 18th inst, I no-tice a letter from Mr. N. Gibbon in ref-erence to the case of Alexander against Gibbon. In that letter he states that the Observer's report of the case "is calculated to make a false impression upon the minds of your readers and presents me in such a light that I respectfully request you to print a state-ment for me on the same subject." As I was the plaintiff in that case, I would respectfully ask to print a statement also for myself. Being a brother-in-law of Mr. Gibbon's I feel that the controversy was an unfortuate one, and every effort was made to avoid the litigation. My father, J. M. Alexander, living near the old home-place in Mallard Creek township, had control of the piece of land that was in litigation for more an offer was made of \$3,000 for the tract. Mr. Gibbon, in a sworn statement, stated that the land was worth about \$20 an acre, which would be \$600 he also swore to another statemen that he knew of no heirs of Amos Alex ander, the father of J. W. Alexander, except the heirs of J. M. Alexander. That being the case, from his own statement, myself, his wife and the ther members of the family were each entitled to one-seventh interest in the land. Mr. Gibbon, in whom the famihad much trust and confidence, was appointed administrator of the estate of ny father, J. M. Alexander. At the ime he was appointed administrator of my father, he was placed, by the heirs possession of the thirty-acre mine ract to rent it out and pay the taxes The following issues were submitted to he jury:

Answer: Yes. Twelve jurors of the county very promptly decided that Mr. Gibbon was

libbon to rent the land and to pay the axes thereon, according to his agree ment, but instead of doing this the and was sold at public auction, and no notice of the sale was given to th neirs of his intention to buy, and he bout \$600, for farming purposes and or mining purposes, several thousand lollars, at tax sale for \$5.40. As soon as I saw my brother-in-law had berayed the trust and confidence that brought an action for partition of the and, claiming that the ther heirs of my father, and myself, were each entiled to a portion of the land, except two the hab been fully advanced, who I aferwards agreed should come in and get ne-seventh in terest, like myself, out of the land. When this action was cught for a division, Mr. N. Gibbon laimed that he owned the whole land and it was in his own right and he was ole owner of the land, having purchasd same at a tax sale for \$5.40. His wife ny sister, who was entitled to her porion of the land, made no answer to my emplaint for a division, and thus ad nitted that she was entitled to a porion of the land. The case was de-ided against Mr. Gibbon, and he is compelled to give up thel and, which ne admitted is worth \$600, and which ne tried to take from his family connection by paying \$5.40. North Carolina prospered after 1876 nost wonderfully when we remember understand how all through the last ore of years there has been a steady shrinkage of values in the United States, and an unbroken, certain deline in prosperity in most States and sections in business activity, in indusrial enrichment. The Democrats got ull control in 1876, and then began a new era of enterprise and growth in oppulation and development of indus-ries. When a Radical demagogue deounces and misrepresents the Demoratic supremacy in North Carolina he loses sight of God, conscience and ruth, and talks only for temporary success of his party. MARVELOUS RESULTS. From a leter written by Rev. J. Gun-From a leter written by sich., we are lerman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the re-sults were almost marvelous in the case of my wife. While I was pastor at the Baptist church at Rives' Junction she was brought down with pneumonia succeeding la grippe. Terrible par-oxysms of coughing would last hours with little interruption, and it seeme as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in its results." Trial bottles free at Burwell & Dunn's drug
