Among the various charity societies of Moscow there is one for the endowment of poor brides. The funds of the society are constantly increased by the gifts or bequests of benevolent persons, but only the interest of the money is used for the designated purpose,

It is cold yet up in the Maine woods. Two Connecticut sportsmen who have returned reported snowdrifts two or three feet deed in sheltered places in the forests, and the temperature so cold that fishing in the lakes has been back-

The ability of the electric system of street car propulsion to handle enormous loads was demonstrated in many places during Decoration week. In Buffale, on the following Sunday, the four electric cars of the street railway company carried over 15,000 passengers.

S. P. Armstrong, who died the other day of heart disease in the town of Butler, Pa, was the principal owner of the largest oil well ever struck in the United States. It was known as the "Armstrong Well," and was located on Thorn creek, in Butler County, Pa.

An English member of Paliament has patented an invention in which electricity is made use of for improving the extraction of gold. An electrical journal expresses a most feeling regret that some readier means is not available for the extraction from the pockets of subscribers of the gold which has been so long overdue.

The regular running of trains between Baku and Tiflis on the Trans Caucasian Line was stopped for over an hour on May 13 because immense masses of covered the tracks gang of laborers was required to clear the way. Now there is a sweepingmachine attached to each train.

A census enumerator in Florida got into a quarrel with a neighbor whose house he was visiting for census statistics and stabled him to death with a knife. He must have felt very badly afterward when he reflected that he not only had committed a crime, but had also lost

A trap has been invented for gathering to the spirited, reckless moth, and the invention promises to do away with camphor chests and all the other schemes to obliterate the wool chewer. The trap is on the principle of a flytrap, lit up by phosphorescence at night and baited with sweet odors and colored glass, supposed to draw the insect.

A process for marbleizing silk plush without pressing or embossing it has been discovered by the Astoria Silk TABLE-RAKES, Company. By this process the light TABLE-RAKES, and dark offects are reversed when looked at from opposite points. The finish is nicely preserved and does not as shown in many goods of this charac- ED. Malcolm L. Ford, who has been treated to so much persecution lately from the people who were bound to have him deciared a pofessional, is the son of one of Brooklyn's most eccentric millionaires. There is good reason to believe that the elder Ford disinherited Malcolm when he devoted himself to physical culture, and the poor fellow has had a hard row to boe several times

An Englishman who has been traveling in the West says that the word "Mississippi" always affects him to laughter, because it looks so droll with its i's and s's and p's treading on each other's heels. Maybe it does look a little funny, but it isn't half as ridiculous "Bogelly-cumswank" and similar names common in England, -New York

THE MOST RELIABLE

Recipe furnished to any regular Physician when requested.

We have never asked for a Certificate. We We have never asked for a Certificate. We have some of the strongest ever given—all sent without solicitation. Some of them with the request that we publish for the benefit of all children suffering with worms. The bottle is larger than usual; the Vermifuge is the best in the market; the price as low as any—then why not use it? Head a few only of the many evidences of its great merit.

LAGRANGE, N. C., July, 1887. Mr. J. P. Joyner—I gave my child one dosc of Boykin's "Worm Killer," purchased of you. It brought 366 worms. I consider it the best worm medicine made. Respectfully, J. W. THOMAS.

Read the following from one of the most prominent and best known Physicians and farmers in South Carolina. He writes: "That a negro girl 10 years old, near him, took two or three doses of the "Worm Killer," and passed 396 worms." R. H. EDMUNDS, M. D. Dated, Ridgeway, S. C., May 26th, 1884.

Mr. H. M. McDonald, of LaGrange, N. C., says: "Dr. Boykin's "Worm Killer" brought over 100 worms from one child in his neighborhoo', and that 't gives universal satisfaction,' He se is more of it than all other worm medi
