There can be no better medium of advertising than through our columns, as our paper goes daily into the hands of its many readers, thus keeping them ever reminded of our advertising merchants; and as the chief reason for constant advertising is to have the advertisements read as often as possible; the advantage of advertising in THE DAILY ARGUS is at once evident, as our patrons will have their advertisements read afresh every day. Rates furnished on application.

### LOCAL BRIEFS.

GIVE us more factories.

The "Mullet" is the most punctual of trains.

The weather yesterday was cool and windy throughout the whole day.

THERE are a good many sufferers with the "grippe" in and around this city.

HEREAFTER the partridge shooting season will begin November 1st, and end March 1st.

WITH February comes St. Valentine's Day and Washington's birthday. The first on the 14th and the second on the 22nd.

THE Governor has offered a reward of \$200 for the capture of Charles Williamson, of Cleveland county, for the murder of his brother.

ALL who are to take part in "The Old Folks" concert are requested to meet at the Opera House Thursday night, at 7.30 o'clock sharp.

WALNUT street between East Centre and John, is in a very bad condition at this time, and needs the attention of the proper authorities.

RALEIGH is to have a new evening daily paper to be called the Capital, the first issue of which will appear to-day. We wish the new journal success.

WE are requested to announce that there will be a meeting of the Ladies' Benevolent Society at Odd Fellows Hall this afternoon at 4 o'clock. A full attendance is desired.

THE truck farmers of this section are now taking advantage of the fair weather, and making active preparations for planting peas. Their efforts are deserving, and we hope they will be crowned with abundant success.

THE New York Star has been purchased by Mr. Frank A. Munsey and transferred into the Daily Continent. It is somewhat different in form from the average metropolitan sheet, having small pages with only five columns to the page.

THE Argus job printing department is now better prepared to fill orders than ever before, having just received another large lot of material. Any one in need of anything in the job printing line will do well to call and see us before going elsewhere.

AND still they come. Another car load of horses and mules was received in this city yesterday from the western stock markets for the enormous stock trade of Goldsboro, which is the heaviest this year that has ever been known. This is, without a doubt, one of the best markets in the South for the sale of stock.

THE Richmond Times, which in a career of less than two years, has taken some of the longest strides of progressiveness ever seen in Southern journalism, has just taken another step forward by placing a system of private telegraph wires in its office, by which it gets the latest news from all parts of the world, independent of the regular offices and sent directly into its office. This is after the manner of the great metropolitan journals.

### THE GENERAL ASSEMBLY.

RALEIGH, Feb. 3.—[SENATE].—The Senate met at 11 o'clock, Lieutenant Governor Holt presiding. Prayer by Rev. Mr. DuRant. The reading of the journal was dispensed with.

The following bills were introduced: Requiring dealers in sheep to have them registered; To prevent the spread of contagious diseases in the public schools of the State; To allow the commissioners of Haywood county to levy a special tax.

The bill to allow notaries and others outside of the State to verify pleadings passed its third reading. The bill to amend the charter of the Salem Water Supply company passed its second reading.

The bill to incorporate the Bank of Commerce in Fayetteville, passed its second reading. The bill to incorporate the Harper Traffic company passed its third reading.

The bill to incorporate the Leaksville Aluminum company passed its third reading. During the morning hour, Senator Turner offered the following resolution, which was placed on the calendar, causing much merriment.

Resolved, That the State Treasurer be and is hereby authorized to set apart a drawer in the safe kept in his office for the purpose of receiving all conscience money that may be returned to the State by all officers and parties that feel that they have wronged the State by taking therefrom more than a good conscience will allow, and that in the event that any person, who has held the office of state printer in the last twenty years should return to the State Treasurer the bonus that they feel they have received from the State over and above what was commensurate with the services actually rendered the State, that the same be immediately appropriated to the soldier's Home; that if any member of the General Assembly feels that he has perpetrated a wrong on his constituents by not advocating a reduction of the price of State printing, that said drawer should be opened to his conscientious consideration.

Senator Bellamy's bill to forbid preferences in assignments was taken up and he made an admirable speech in its favor.

Senator Williams opposed the bill.

### HOUSE OF REPRESENTATIVES.

Rev. Dr. J. B. Bobbit opened the session with prayer. Among the petitions was one for a law giving claims the same protection as is given oysters.

The following bills were introduced: By Mr. Lowrey, to furnish the school children of the State with school books; Mr. Skinner, to establish lay days in Tar and Pamlico rivers and to repeal the fish law of 1889 in regard to these streams; To fix fees in executing claim and delivery papers; Mr. Long, of Warren, to amend the charter of Henderson; Mr. Watson, of Vance, to amend the public school law as regards the salaries of teachers of the first and second grades; Mr. Cox, to prescribe the scale of officers' fees in Pitt county; Mr. Franks, to change the name of F. L. Pierce; Mr. Ham, to prevent obstructions in the North East River; Mr. Gower, to levy a special tax in stock law bounds in Johnston county; Mr. Alston, to apply certain taxes to the payment of bonds subscribed to the Atlantic and Henderson railway; Mr. Hill, to incorporate the Scotland Neck bank; Mr. Lowe, to authorize a change of name of Blackwell's Durham Operation Company; Mr. Buchanan, to amend the charter of Bryson City, Swain county; To authorize Swain county to levy a special tax to pay for an iron bridge across Tuckasee river; Mr. Long, of Columbus, to regulate fishing in Columbus and Brunswick counties; Mr. Mann, to prescribe the duties of magistrates; To enlarge the duties of the State Chemist; For the better protection of creditors from fraudulent debtors.

The following bills passed third reading: To prohibit the sale of liquor in Greene county; To enable the town of Washington to subscribe to a railway in order to secure it; To prevent the closing of channels by ditches or pod nets, by providing that they shall not extend more than one-eighth the width of Pamlico river; To regulate the sale of lands by foreclosure by allowing redemption within two years, on certain conditions; to facilitate the cancellation

of mortgages and deeds of trust.

A bill providing for the speedy payment without legal demand of money collected by a sheriff or other officer within ten days after collection came up with an unfavorable report, it being stated that the law now covered the case.

Mr. Henry urged the passed of the bill, as did also Mr. Bryan, of Wayne, while Mr. Peebles opposed it saying it would put unjust burdens on sheriffs. The bill was tabled.

The bill to add another cause for divorce—imprisonment in the penitentiary for felony—was made the special order for noon on the 5th.

There was some debate on a bill in relation to master and servant; providing that it shall be a misdemeanor if any one shall be enticed any servant or cropper to leave and violate his contract.

Mr. Brinson drew a graphic picture of the tenants system now, and told how easily it was for the tenants to jump their contracts and leave the land owners in the lurch, with perfect impunity.

Mr. Watson, like Mr. Brinson, warmly favored the bill. All the amendments were voted down. The vote was then taken on the bill, which passed—ayes, 60; nays, 20. There was objection to a third reading.

The following bills also passed the third reading: Prohibiting fishing with nets in front of seine beaches which are in use; Changing the time for qualification of county commissioners from the first Monday in December to the first Monday in August; To allow sheriffs to collect arrears of taxes; To make it a misdemeanor for intoxicated brakemen to run on trains; To relieve ordained ministers from work on the public roads.

### Can Change to Stone.

One of the most remarkable curiosities ever seen has just been examined by M. de Quatrefages, the French naturalist. He is a provincial, named Simeon Aiguier, and is 30 years old. Aiguier, thanks to his peculiar system and nerves, can transform himself in most wondrous fashion. He has very properly dubbed himself "L'Homme-Protee."

At one moment assuming the rigidity of a stone, his body may be struck sharply, the blows falling on as a block of stone. At another he moves his intestines from above and below and right to left into the form of a large foot ball, and projects it forward, which gives him the appearance of a colossally stout personage.

He then withdraws it into the thorax, opening like a cave and the hollow look of his body immediately presents a skeleton. Aiguier successfully imitates a man subjected to the tortures of a rack, as also a man hanging himself, and assumes a striking cadaverous look. What most astonishes M. de Quatrefages was the stoppage of the circulation of the blood, now on the left and now on the right side, which was effected by muscular contraction.

### Deer Stop a Passenger Train.

Who would think that a railroad engine that rested in a round house here was stopped on its way to Charlotte to prevent it from running over two deer that, charmed by the big yellow glare from its headlight, stood on the track and waited until the engine stopped within ten feet of them? Such a thing did occur: It was on the Carolina Central railroad, and Frank Lewis is the engineer who came within an ace of bringing a load of venison to Charlotte.

The Charlotte bound passenger train, Capt. George Welsh, conductor, pulled out of the depot at Wilmington at the usual time Tuesday evening, made the regular stop at Hilton Bridge, another stop at Cape Fear and Yadkin Valley crossing, and was just getting under way for Meares Bluff when Engineer Lewis saw a dark object ahead on the track. He at first thought it was a man, but, as it did not move, he seized the whistle cord and gave the cattle alarm. The object grew bigger, but remained motionless, and the engineer threw on the brakes. The train slowed up abruptly, and as it drew near the object the engineer saw something that astonished him.

There, just in front of him, was a big buck deer with a fine spread of antlers. The buck was standing in the center of the track staring directly into the headlight, and just behind him, standing across the track and looking at the engine over the buck's shoulders, was a beautiful doe. The engine got within ten feet of them when its nearness threw the rays of the headlight over them, and

the moment that occurred they bounded from the track and disappeared in the darkness. The engineer was almost unstrung by the novel experience, and he and the fireman talked deer all the way to Charlotte. Had he known what the objects ahead of him were he could have put on steam and bagged a big mess of venison.—Charlotte (N. C.) News.

### Bucklen's Arnica Salve

THE BEST SALV in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. H. Hill & Son's drug store.

### A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street with out resting. He found before he had used half a dollar bottle, that he was much better; he continued to use it and is to-day enjoying good health. If you have any Throat, Lung or Chest Trouble try it. We guarantee satisfaction. Trial bottle free at J. H. Hill & Son's drug store.
