THE ARGUS.
DAILY AND WEEKLY

There can be no better medium of advertising than through our columns, as our paper goes daily into the hands of its many readers, thus keeping them ever reminded of our advertising merchants; and as the chief reason for constant advertising is to have the advertisements read as often as possible; the advantage of advertising in THE DAILY ARGUS is at once evident, as our patrons will have their advertisements read afresh every day. Rates furnished on application.

LOCAL BRIEFS.
The heaviest Spring rain we remember to have seen, fell here Thursday.
YOUR attention is called to the advertisement of a beautiful line of Easter cards at the Goldsboro Book Store.
A MUSICAL programme has been arranged for Easter services at the Episcopal church to-morrow, which will be published in to-morrow's paper.
THE numerousness of dogs in this city is a great drawback to the full enjoyment of life. If there is a tax on every dog the town till must be full.

A LONG train of vestibuled cars passed through yesterday morning, going North. These trains are not yet so common but that they arrest the attention of all of our people.
REPRESENTATIVE Morton, of New Hanover county, was married to Miss Eliza Ward, of Onslow county, on Wednesday night. They are both well known here and THE ARGUS extends its heartiest congratulations.
REV. Mr. Edwards, of the Baptist church, was expected to be absent at the union meeting on Sunday, but as he was indisposed yesterday he did not go, hence he will have his usual services on Sunday morning and night.

THE children of St. Stephen's Parish expect to sing carols in the church to-morrow—Easter morning, at sunrise. The children of the Sunday School will practice for this at the church this afternoon at 2 o'clock. All the boys and girls of the town are invited to participate in "Egg Hunt" in St. Stephen's church yard this afternoon at 4:00 o'clock.
CREEDS may be useful, but they are very little used. Until men begin to more nearly live up to their belief, what they do and not what they are more important question. Ask a farmer if he does not plant too much cotton, and he will answer yes. Ask him if he does not cultivate too much land, and he will answer yes. Ask him if he should not raise his own supplies, and he will answer, yes. Ask a newspaper man if he does not think that he should abstain from writing about things that he does not understand, and he will answer, yes. Yet the conduct of both belies their belief.
It is with real pleasure that we reproduce a clipping below taken from the Raleigh News and Observer of a recent date, with reference to our late townsman, Mr. W. J. Crews. Mr. Crews was the operator here for many years, and he and his family won many friends, who will delight in any promotion that awaits him, and who duly appreciate all the kind things that may be said of him. The News and Observer says: "Mr. Walter J. Crews, who has for the past six or eight years been manager of the Western Union telegraph office at Goldsboro, N. C., but was recently promoted to the management of the Asheville office, has resigned the latter position and will leave for his new field of labor (Winston) to-morrow to take charge of and inaugurate the Winston-Salem telegraph exchange. Mr. Crews is a fine electrician and a thorough gentleman, and Winston is to be congratulated on this desirable accession."

From Washington City.
WASHINGTON, March 26.—The Secretary of the Treasury has received a report from Immigration Inspector Layton, dated at Pittsburgh, in regard to the case of Hungarians employed in the construction of the railroad at Pocahontas, near Elkton, W. Va. He said that the men were secured through Mayer Kaffee, of New York city, by R. L. D. Rosenthal, an agent of the R. R. Co.; but that he (inspector) had found nothing in the transaction that could be construed as a violation of the alien contract labor law. He said that it was very evident that the agent had deceived the men in regard to hours of work and character of the food to be furnished; but that he himself had observed no cruelty or indignities. He added that the restraints imposed on them were for the purpose of compelling payment of indebtedness for board and transportation. Reports from other sources indicate that the laborers in question were very badly treated and had been flogged and beaten on the slightest pretext; also, that they were compelled to remain and work out their indebtedness, under penalty of death should they attempt to escape.
A-Sistant Secretary Spaulding said this afternoon that as there had been no violation of the alien labor law the case was beyond the jurisdiction of the United States, and the men must look for redress to the State authorities or to the courts.

A petition was filed in the Supreme Court of the District of Columbia to-day, in behalf of Geo. G. Merrick and his associates, praying for a mandamus on Secretary Foster to compel him to receive a silver bar for free coinage. This is a renewal of the "silver brick suit," which was heretofore brought, and died with the death of Secretary Windom.
Assistant Secretary Spaulding has informed R. H. Bradley, Librarian at Raleigh, N. C., that books for court libraries are entitled to free entry under the law, provided not more than two copies of any particular publication are embraced in any one invoice.
The case of Harry Martin, the young man who entered the White House by breaking through a window on the South portico, while drunk last Saturday night, came up in the police court this morning, and at the request of his counsel was continued until next Wednesday on account of the physical condition of the defendant. Mr. Martin has not fully recovered from the effects of his spree.
The Treasury department issued a circular letter to-day announcing that it is prepared to settle claims under the Bowman act, for stores and supplies taken and used by the U. S. Army, upon certificate by the Attorney-General that after examining the evidence taken by the Court of Claims he finds no ground to move a new trial, or that such motion has been made and denied.

Preparing for the World's Fair.
CHICAGO, March 26.—The committee on ceremonies have made public an abstract of its voluminous report of the arranged programme for the dedication ceremonies of the World's Fair in 1892. The opening ceremony will be a grand military display Tuesday, October 11th. In this, ten thousand troops of the National Guard and several regiments and batteries of United States regulars will participate. On the evening of this day it is proposed to give

a series of tableaux representing salient historical facts in the life of Columbus.
Wednesday will be the main day of the dedication ceremonies and will be ushered in by a national salute of forty-four battery volleys, fired by all batteries in attendance. At ten o'clock the troops will form and escort the President of the United States, the Diplomatic Corps and distinguished foreigners to the main building, where they will be greeted by the consolidated bands playing "America."
After the forty four States, represented by their Governors and staffs have followed, the programme of dedicating exercises will be given. In the evening there will be a continuation of the tableaux representing historical events in American history.
On Thursday there will be a mammoth civic and industrial procession which will fully illustrate all departments of industry. There will also be a grand dedication ball in the evening.
Friday, October 4th, the last day of the celebration, will be devoted to military exercises.
The receipt by Secretary Dickinson of the telegram from Secretary Foster of the Treasury, in regard to funds for a meeting of the commission has brightened prospects; and it is now thought the full commission will meet here in April, as originally proposed.

He Died Game.
WILKES BARRE, Pa., M'ch 26.—Geo. W. Moss was hung to-day for the murder of his wife, in Oct. 1889. The drop fell at 10:19 a. m. The fall broke Moss' neck and he died instantly.
Moss walked to the gallows with a smiling face. He said: "God does not hold me responsible for the murder of my wife, and I do not hold myself responsible. I die like a soldier, with a smile."
Before the condemned man left his cell he said: "I am sorry for the Sheriff, who is my friend; it must be an unpleasant job for him. I am glad the end is here. I don't think I ought to die, and if they are my last words, I never knew that I shot my wife, but I guess I did it, and I would sooner die than live in prison all my life. If the Sheriff would allow me I would pull the cap over my head myself and pull the rope too. Good bye and God bless you."

The Fight in the Illinois Legislature.
SPRINGFIELD, ILL., March 26.—There was a row started in the Legislature to-day over the World's Fair matters, which is likely to cause serious trouble. A large number of members are dissatisfied over the provision of the World's Fair bill, which places the disposition of the \$1,000,000, which it proposed to appropriate for the State's exhibit, in the hands of the State Board of Agriculture. A resolution was introduced to-day depriving the Board of its authority, on the ground that it represents but one interest in the State—that of agriculture; and placing it in the hands of a special commission of twenty-five members, to be selected from the Congressional districts of the State at large. There was a wordy warfare over the resolution, which was finally referred to a committee. But the end is not yet. Both the farmer and the city representatives being determined in the matter.
A Plucky Prize Fighter.
NORFOLK, Va., March 26.—"Johnny" Monihan, of New York, and Billy Young, of this city, light weights, fought near this city this morning for a purse of \$200. The fight took place near Ocean View and was witnessed by seventy or seventy-five sporting men. The ring was sixteen feet and gloves five ounces. After the third round Monihan's eye had to be leeches, but he held out well until the seventh round. After that he was clearly whipped and threw up the sponge in the tenth round.

"Ready to Die."
MAUCH CHUNK, Pa., March 26.—Wm. Stangley was hanged in the jail here to-day for the murder of his landlady, in 1889. He was attended by two Lutheran clergymen. He walked to the gallows with faltering step, being very weak from the effects of disease. It was necessary to assist him up the steps. He said he was ready to die and expected to meet his brothers and sisters in Heaven.

Pronounced Hopeless, Yet Saved.
From a letter written by Mrs. Ada F. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my Lungs, cough set in and finally terminated in Consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friend on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Cough and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am now a well and hearty woman." DUFFY'S CROUP SYRUP
Receipts of the late Dr. Walter Duffy.
DIRECTIONS.
Dose for a child two or three years old, one teaspoonful; for a child three months old, ten drops; for a child six months old, twenty drops; for one five months old, nearly half a teaspoonful; repeating these doses frequently if necessary until relief is procured.
This is to certify that I have used DUFFY'S CROUP SYRUP in my family for over six months and I believe it to be a most excellent remedy for croup with children, especially as a preventive. Our youngest child had a severe attack of croup about a year ago, inasmuch that we feared a more fatal recovery, but was successfully treated by our physician, but thinking it probable that other attacks might follow, we frequently used DUFFY'S CROUP SYRUP and the child has had no marked symptoms of croup since, and I believe it is due to the use of the CROUP SYRUP and we now keep a bottle of it at our house at all times and I cheerfully recommend it to all. DUFFY'S COUGH - MIXTURE
A Prompt and Efficient Remedy for
Coughs, Colds, Croup, Bronchitis, Sore Throat, Diphtheria, Catarrh, Etc.
One of the most effective remedies I have ever known for a cough or cold is DUFFY'S COUGH MIXTURE. It is indeed a rare combination of valuable medicines, acting at once the progress of a cold and beginning to heal. Unlike all other cough medicines there is no narcotic or any other unpleasant effect experienced in taking it. I am an ardent believer in its value and I cheerfully recommend it to the public at large every where where such a safe, pleasant and effective cure for one of the most prevalent complaints to which human flesh is heir.
THOMAS GATES,
R. N. DUFFY, Proprietor.

Mr. R. N. Duffy has called upon me to say something for his COUGH MIXTURE, now being advertised. The best I can say is that it is a certain cure for Coughs, Croup, Throat and Croup. I recognize the mixture as being identical with a prescription I have used in my family with striking success. I have known one of the most distinguished physicians of North Carolina, I am opposed to patent nostrums, but cheerfully recommend this on account of its scientific origin, and the happy results obtained from it in repeated trials in my family.
Mrs. J. K. WILLIS,
R. N. DUFFY, Proprietor.
I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is a druggist of long experience and a gentleman of the highest integrity. I do not believe he would advertise anything that was not exceptionally good. This remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cough and after I had tried a number of the principal cough remedies without benefit.
W. B. BRINSON,
R. N. DUFFY, Proprietor.
DEAR SIR—It affords me great pleasure to testify to the merits of your COUGH MIXTURE. I have used it in my family for some winter and have found it the best of remedies for Coughs and Colds.
Yours truly, F. WINNLOW,
R. N. DUFFY, Proprietor.
