LOCAL BRIEFS.

AGAIN snow confronts us on every hand.

This being the feast of Epiphany there will be service in St. Stephen's church to-day at 10 o'clock.

A FINE lot of mules arrived in this city yesterday for the sale stable of Messrs. Ham & Hunter.

A FREIGHT wreck on the W & W. R. R., near Rocky Mount caused considerable delay in the arrival of trains from the North here yesterday.

The Board of City Aldermen are to be highly commended for their purpose and efforts to advance Goldsboro along all possible lines of progress.

Mr. W. H. Smith returned yesterday from a visit to his extensive and valuable phosphate holdings in Florida, which are constantly increasing in value as the beds are developed.

Rev. Dr. F. D. Swinnell and family, the new Presiding Elder of the Newbern District, arrived in the city yesterday and are comfortably established in the district parsonage, which is one of the handsomest residences in the city. They are assured of a cordial welcome to Goldsboro.

SPECIAL steps are being taken by the Board of City Aldermen to extend the corporate limits of Goldsboro, enlarge the powers of the police, and bond the city in fifty thousand dollars for sewerage and other internal improvements. To which end the Legislature will be petitioned to amend the city charter.

We acknowledge an invitation to the sixth annual fair of the East Carolina Fish, Oyster, Game and Industrial Association, to be held in Newbern February 20th to 25th, inclusive. The premium list, which we have also received, is very complete and indicates that this famous fair will even surpass itself this year.

LITTLE Walter, the 2 year old son of Mr. and Mrs. Walter Holmes, was fatally burned at his home, near Jones Mill, a few miles from this city, Wednesday evening, while playing around the fire, in the absence of his mother, who had left the room for a few moments, leaving the child with his older brother, and not dreaming that danger and death were lurking near. The little sufferer lived but a few hours. In heaven it is healed and is an angel now forevermore. The remains were interred in the cemetery of this city yesterday afternoon. The sincerest sympathy of hosts of friends are with the sadly afflicted parents in their sudden and deplorable loss.

ALBEMARLE Presbytery met in this city yesterday. The Presbytery dismissed Rev. A. H. McArn to Pee Dee Presbytery to accept the call of the church at Oberon, S. C. It placed in the hands of Rev. Dr. Eugene Daniel the call from the first church in Raleigh, and in the hands of Rev. Jonas Barclay the call of the church in this city; both calls were accepted. Rev. Jonas Barclay was admitted into this Presbytery from Mecklenburg Presbytery, after the usual examination. A commission consisting of Rev. Dr. Barwell, Rev. S. H. Isler, G. C. Vardell and Jonas Barclay, and ruling elder W. S. Primrose was appointed to install Dr. Daniels on the third Sunday in June, and a commission consisting of Rev. Drs. W. D. Martin and Eugene Daniels, and Revs. S. H. Isler and G. C. Vardell, and ruling elder T. B. Hyman was appointed to install Rev. Jonas Barclay the second Sunday in February.

THE TIME IT MAY TAKE.

DON'T EXPECT TOO MUCH SUD- DENLY, BUT BE REASONABLE AND BEPATIENT.

As the Atlanta Journal says, and as everybody knows, the Democratic party is pledged, by its principles, its platform, and the record of its chosen leader, to effect important reforms in the policies and the administration of the government. But the difficulties in the way of the speedy accomplishment of this great work should not be overlooked by the people.

The Cleveland administration will be confronted, in the very outset, by the fact that the revenues of the government are falling short of its expenditures, and that the Republican party, during its long lease of power, has constantly increased the fixed or ordinary expenses of the government and made them cling to the treasury with a pertinacity of the "old man of the sea." This is especially the case in regard to pensions, the cost of which during the first year of the Cleveland administration, including arrears left unpaid by the present administration, must reach or closely approximate two hundred millions of dollars. No doubt some purging or pruning of the pension list will be effected speedily by the Democrats when they obtain full control of the government. But it will be found difficult to discontinue pensions once allowed, and the retrenchment in this great item of liabilities must needs be small for some time to come.

Then there are the subsidies to ocean steamers, extended by the present Postmaster General for years to come. These cannot be discontinued or repudiated without a violation of the government's contracts.

It appears to have been the persistent policy of the Republican party to fasten on the government indefinitely a measure of liability that would necessitate the raising of a great amount of revenue. The object and aim of this policy was to perpetuate the protection of favored industries by a high tariff. As Read or McKinley said, when defending their Congress from the appropriation of a billion dollars, "this is a billion dollar country." They had made it so by increasing the ordinary or pledged expenses of the government to an extent that would require the appropriation of a billion dollars by each succeeding Congress.

But for the liabilities thus established or increased, the Democratic task of largely reducing the taxation of the people would be comparatively a light one. But the incoming administration will have to steer "between Scylla and Charibdis." In reducing the tariff it must keep in view the necessity of raising sufficient revenue to meet unavoidable expenses of the government imposed by the policies of the Republican party. Republican leaders are already chuckling over the difficulties which the Cleveland administration will have to confront, but they are difficulties of their own creation, and for which they should be held responsible.

It may take more than one term of honest and economical Democratic administration to accomplish the reforms to which the party is pledged, and, in the meantime, the people should not overlook the conditions that make their speedy accomplishment so difficult.

The Vote of Oregon.

SALEM, Oregon, Jan. 4.—The official canvass of the vote of this State at the recent election, made yesterday, shows the following results: Harrison 35,002, Cleveland 14,243, Weaver 28,275, Bidwell 2,251, Pierce (Dem. Pop. elector) 35,813.

A Proclamation by the Governor.

STATE OF NORTH CAROLINA, EXECUTIVE DEPARTMENT.

WHEREAS, There is a growing disposition on the part of the people of the State to discuss matters tending to improve the condition of our public roads, and,

WHEREAS, The County Commissioners of almost all the counties, the Boards of Trade and Chambers of Commerce of the largest towns have appointed delegates to attend a Road Congress to be held in the city of Raleigh some time during the present month, and have asked the Governor to issue a proclamation requesting said delegates to assemble in Raleigh, as above stated:

Now, therefore, I, Thomas M. Holt, Governor of North Carolina, in obedience to the above request, do hereby issue this my proclamation, asking the delegates appointed as stated above to meet in the city of Raleigh on Thursday, January 19th 1893, at 10 a. m., to consider ways and means by which the public roads of the State may be improved.

Done at our city of Raleigh, the fourth day of January, 1893, and in the one-hundredth and seventeenth year of American Independence.

THOS. M. HOLT,
By the Governor:
S. F. TELFAIR,
Private Secretary.

A Terrible Fight.

JOHNSON CITY, TENN., Jan. 4.—Last night a masked mob of 500 men entered the jail at Bakersville, N. C., and took Calvin Snipes, who had murdered Isaac Osborne, a prominent citizen of Mitchell county, to a dense forest about half a mile away, and lynched him. Seven of the sheriff's posse were killed in their efforts to defend the prisoner. About twenty-five of the mob were killed, and among the dead and wounded some of the most prominent men in the county were the unfortunates.

ASBVILLE, N. C., Jan. 4.—A special dispatch to the Citizen from Cranberry, Mitchell county, nine miles from Bakersville, says the reports of a lynching at Bakersville are unfounded.

JOHNSON CITY, TENN., Jan. 4.—The fact which led up to the terrible lynching affair in Bakersville, N. C., are as follows: Aaron Wiseman and Calvin Snipes were partners in an illicit distillery in Mitchell county, N. C. and had William Osborne and Isaac Osborne, two brothers, where the distillery was situated. William Osborne reported the distillery to the officials at Bakersville, N. C., and helped them to destroy it. Wiseman and Snipes suspected Isaac Osborne as the informer. On the night of Aug. 27th, 1892, Snipes and Wiseman, armed with Winchester rifles, went to the house of Isaac Osborne and called him up. Osborne came to the door and the culprits opened fire, almost riddling him with bullets. Snipes was bound over to the Superior Court on purely circumstantial evidence, and after being in jail two weeks confessed to the killing in the manner above related.

The story of the lynching and the fatal conflict with the sheriff's posse is confirmed. The names of those of the sheriff's posse killed are as follows: J. N. Williams, R. T. Ritchie, R. N. Jones, P. B. Same, R. E. Johnson, Aaron Reid, T. N. Beckner, J. W. Laws, N. R. Pannell, George N. Hallifield and Tom Hall. The names of those of the mob killed are: John Worth, William Osborne, T. G. Bailiff, Will Perry, John Osborne, Phil. Crowder, Jim Nowel, Will Butler, Heagy Byrd, Owen Thomas, Jack Phillips, and several others whose names are not known at present.

Minister To Portugal.

WASHINGTON, D. C., Jan. 4.—The President to-day nominated Gilbert A. Pierce, of Minnesota, for Minister resident and Consul General of the United States to Portugal. Pierce was one of the Senators from North Dakota on its admission as a State.

Typhus Fever

NEW YORK, Jan. 4.—Typhus fever is now doubtless epidemic. Before ten o'clock this morning Health Officials had discovered ten new cases, all on the East side of the city and in the most thickly populated districts. The first cases make a total of 41 victims since Dec. 1, when the plague first broke out. There was one death from the disease at North Brothers Island during the night John Slesky, who had been taken for No. 34 Bayard street. It looks as though the disease had made great headway with the Health Department.

There was some delay in taking rigid precautions against the scourge, as far as lodging houses are concerned, and to this may be attributed the rapid advance which the disease has been making. All lodging houses South of Fourteenth street, and there 118 of them, were visited last night by Health inspectors. Every one of the lodgers were examined. It is intended to prevent the overcrowding of these places, and to compel the proprietors to place no more beds in the rooms than their business allow. Posthole 34 Bayard street, where the first case was discovered, was found to have thirty-seven beds in excess. The total number of lodgers in all lodging houses in the city is 15,000. The Health Board will meet to-day to take additional steps against the spread of the plague.

Panama Canal Scandal.

PARIS, Jan. 4.—M. Blondin, of the Credit Lyonnais, was confronted before examining Magistrate Fonqueville [this afternoon by Marius Fontane; the imprisoned director of the Panama Canal Company. From him many new facts were elicited, and eventually Fonqueville ordered that he be placed under arrest. It is reported that other important steps will be speedily taken by the examining magistrate.

In the law courts to-day report was current that Fonqueville had found an important telegram addressed to Chas. DeLesseps which would not only very strongly strengthen the prosecution, but would lead to the gravest developments before the opening of the trial on next Tuesday. To-day Fonqueville had numerous interviews with high public officials, and with Tanton, the procurer-general, and consequently more arrests are expected to take place within the next twenty-four hours.

The Gold Fever at New San Juan.

ORAY, Col., Jan. 4.—The first stage to and from the New San Juan gold fields has returned to Dolores, having made the trip to Bluff City and returned in four days with one coach, six horses and twenty-one passengers. Two stage passengers report 7,000 men there and this rush continues at the rate of 600 daily. They are scattered over a territory of 150 miles in extent. The gold is all over the region and great results are anticipated. The diggings begin near Bluff City and extend for twenty-five miles along the San Juan and Colorado reserve and over the adjacent country.

Kansas Legislature

TOPEKA, Jan. 4.—The Supreme Court this morning decided two of the four Legislative contests which were argued yesterday. In the Jackson county case, where E. J. Shellbarger (Populist) contested the election of Nick Kline (Rep.) the petition for mandamus was refused, and Nick Kline will take part in the organization of the House. In the other case where some of the tickets were misprinted the court held that the error was evidently a clerical one and that the voters using the tickets should not be disfranchised. The case was against the Populists. Many cases will be considered to-morrow.

Trouble Expected at Coal Creek

KNOXVILLE, TENN., Jan. 4.—A restless disposition has been noted for the last few days among the miners of Coal Creek. The State troops have been fired upon recently and the military authorities are preparing for more trouble.
