TESTIMONIAL

William P. Draper, Pharmacist of Springfield, writes the following: SPRINGFIELD, Mass., March 17, 1892.

JAPANESE REMEDIES Co., Chicago, Ill.

Gentlemen—The reports are very flattering about the Japanese File Cure. The last case, a lady seven years afflicted with Piles, for two years has not walked half a mile, now walks any distance and has only used two boxes. A leading physician recommended her to try the Japanese File cure. I have several other cases that I am curing. Wm. P. Draper, Pharmacist

A Proposition Made.

RICHMOND, Va., April 28—Chicago wants to add the "White House of the Confederacy" to her varied and novel attractions. She already has Libby Prison, in which hundreds of Federal prisoners were incarcerated here during the war between the States' and now some of her enterprising citizens are endeavoring to purchase the mansion in which Hon. Jefferson Davis lived while President of the Southern government. They desire simply to get the material and, as in the case of Libby Prison, to transport it to the Western metropolis, where this historic structure would be reproduced and made a place for the exhibition of war mementoes.

The real proposition to buy the old mansion, which is now used as a public school building but is soon to be converted into a Confederate museum, came this evening in a letter received by Mrs. J. Taylor Ellyson, chairman of the relic committee of the museum, from N. F. Notlaw, of the Great Northern Hotel, Chicago.

Mrs. Ellyson has not yet had an opportunity to submit the letter to the association, but is of the opinion that the ladies would not consider any proposition that would be made for the sale of the Davis Mansion and its removal to Chicago.

Chicago parties are also negotiating for the handsome white mantels of Italian marble which were formerly in the Davis mansion, but were sold when the building was dedicated to school purposes in 1871. The owner, William B. Waldron, will not sell for less than \$2,500.

We will probably see Hamlet no more. Edwin Booth, who has been in feeble health for some time, has again been stricken with paralysis. A great light of the American stage has gone out.

AS A SUPPORT for exhausted, nervous, overworked women, nothing can do as much as Dr. Pierce's Favorite Prescription. It regulates and assists all the natural functions, never conflicts with them, and it strengthens and builds up the female system in a way of its own. Nursing mothers and women approaching confinement, will find it exactly fitted to their needs. It lessens the pains and burdens of child-bearing, ensures healthy, vigorous offspring and promotes an abundant secretion of nourishment on the part of the mother. It's an invigorating, restorative tonic, a soothing and strengthening perfume, and the only guaranteed remedy for woman's chronic ills and ailments. If it doesn't benefit or cure, in the case of every tired or afflicted woman, she'll have her money back. On these terms, can anything else be "just as good" for you to buy!

You're offered \$500, or a cure of Catarrh, by the proprietors of Dr. Sage's Remedy.
