Hon. J. H. Blount Appointed Minister to the Hawaiian Island.

WASHINGTON, May 10.—The President has appointed Jas. H. Blount, of Georgia, envoy extraordinary and minister plenipotentiary to the Hawaiian Islands, succeeding John L. Stevens, resigned. Blount's commission bears date of yesterday, and it will be sent him by the next mail for Honolulu. The fact that Blount's transfer from the post of a special commissioner to make a report on the advisability of annexing the Hawaiian Islands to the United States, to the position of minister, was decided on at the cabinet meeting yesterday. A report from Blount, mailed in Honolulu during the last week in April, came to Secretary Gresham yesterday morning, was taken by him to the cabinet meeting. Owing to the confidential character of the report its contents are kept secret, but it is presumed that it contained such information that the President determined to lose no time in commissioning the new minister to succeed Stevens. The salary of the position is \$7,500.

Surgeon General of the Navy.

WASHINGTON, May 9.—The Secretary of the Navy has appointed Medical Inspector J. Rufus Tryon surgeon general of the navy to succeed General John Mills Browne, who will retire to-morrow.

Surgeon General Tryon was born in New York. He served with the West Gulf squadron from 1803 to 1865, in the Naval Hospital at Boston, 1865 to 1866. He was with the Asiatic squadron from 1870 to 1873, and was on special duty in connection with the yellow fever epidemic at Pensacola, Fla., from 1873 to 1875, since which time he has been on duty at New York and Philadelphia. He was attached to the Alaska on the Pacific station 1882 to 1883, and in 1884 was a delegate to the International Medical Congress at Copenhagen.

TESTIMONIAL. William P. Draper, Pharmacist of Springfield, writes the following: SPRINGFIELD, MASS., March 17, 1892.

JAPANESE REMEDIES CO., Chicago, Ill. Gentlemen:—The reports are very flattering about the Japanese Pile Cure. The past case, a lady seven years afflicted with Piles, for two years has not walked half a mile, now walks any distance and has only used two boxes. A leading physician recommended her to try the Japanese Pile Cure. I have several other cases that I am curing. Wm. P. Draper, Pharmacist

DON'T BE IMPOSED UPON, when you ask for Doctor Pierce's Golden Medical Discovery. Go to a reliable dealer. He'll sell you what you want. The ones who have something else to urge upon you in its place are thinking of the extra profit they'll make. These things pay them better, but they don't care about you. None of these cheap substitutes is "just as good" as the "Discovery." That is the only blood-cleanser, flesh-builder, and strength-restorer so far-reaching and so unfailing in its effects that it can be guaranteed. In the most stubborn Skin, Scalp, or Scrofulous Affections, or in every disease that's caused by a torpid liver or by impure blood—if it ever fails to benefit or cure, you have your money back. Nothing else, at any price, is really as cheap. You pay only for the good you get.

There wouldn't be any cases of chronic Catarrh if all used Dr. Sage's Remedy. That's positive. Its proprietors will pay \$500 reward for an incurable case.

A Terrible Railroad Accident. Is a daily chronicle in our papers; also the death of some dear friend, who has died with Consumption, whereas, if he or she had taken Otto's Cure for Throat and Lung diseases in time, life would have been rendered happier and perhaps saved. Heed the warning! If you have a cough or any affection of the Throat and Lungs call at J. H. Hill & Son's sole agents, and get a trial bottle free. Large size 50c. G. & J. The great volume of G. & J. pneumatic tire business which is pouring in upon the Gornully & Jeffery Mfg. Co., would indicate that that old reliable pneumatic is holding its own, notwithstanding the number of new tires put on the market. It is a noticeable fact that those very people whose only objection to the G. & J. tire was the corrugated tread, now insist upon having nothing but the corrugated tread. These tires are now furnished with either smooth or corrugated surface, but the percentage of smooth-surface tires ordered is very small. The fact that this tire will not fall off when deflated, makes it a leader among detachable pneumatics.

TESTIMONIAL CHICAGO, Sept. 4, 1893. Gentlemen:—Some weeks ago I was troubled for the first time in my life with what the physicians called "Acute Piles." Securing little relief from medical advice I was induced by a friend to try your Japanese Pile Cure. The first application afforded me great relief, and within two days the cure was complete, and I have had no return of them since. I send you this testimonial as voluntarily, and hope it may be the means of inducing others afflicted as I was, to give it a trial. Yours truly, J.D. Pierce, Manager Chicago Marble Co. East end of Michigan St.
