It is easy to guide a horse by his mouth, but in the case of man you trust to his mouth and he will run away with you.—Boston Transcript.

A mean man is more to be dreaded than a mean animal. His intelligence enables him to do meaner things.—Troy Press.

Every Chicago man is supposed to blush as soon as he enters the Gallery of Art at the Fair.—New York Commercial Advertiser.

Most of the old roosters young Maxwell has beheaded are too tough for anything but soup.—Galveston News.

The World's Fair pies left over from each week will be used to pave the streets with.—Cleveland Plain-Dealer.

The Chinese must go. So, also, must Uncle Sam's reputation for hospitality to all comers.—Steep Brook Bazaar.

The summer girl is coming and she'll make the old man's pocket-book feel as if it had been struck by a winter's blizzard.—Swansea Gazette.

It was very thoughtful in Mr. Schurz to volunteer to act as an air brake for the Treasury Department.—Washington Post.

Australia has no World's Fair, but she can furnish a very extensive bank failure exhibit, none the less.—Washington Star.

The Chemical Bank has decided to resume. This is a most gratifying instance of Chemical reaction.—Chicago Tribune.

The Republican party has done enough for Clarkson to entitle it to his silence for several years to come.—St. Louis Globe-Democrat.

Senator Quay has been down in Florida taking a rest, but has returned to the Keystone State, and tells the Republicans that they "must hereafter select only men of unblemished character as candidates for office." That, of course, is simply a Quay method of declining any honors. He is the most moral man in words for one of his class, politically, that America can produce an example of.

A foolish woman in Iowa recently caused a run on two Dubuque banks. She tried to get check cashed after business hours, and as she did not succeed, she got the impression that the banks had failed, and circulated a report to that effect. This startled depositors, who made a rush to withdraw their funds as soon as possible, and it was some hours before the unfounded excitement could be allayed. There is no way of punishing such stupidity.

TO KEEP HER YOUTH, a woman must keep her health. All the "beautifiers" in the world won't do as much for you as Dr. Pierce's Favorite Prescription. With that, you can see the good that's done, as well as feel it. That regulates all the womanly functions, improves your digestion, enriches your blood, brings refreshing sleep, and builds up, strengthens, and repairs every part of your system. In every one of the "female complaints" and weaknesses that make women old and miserable, the "Prescription" will certainly cure. It's the only guaranteed remedy. If it doesn't benefit or cure, in the case of every weak or suffering woman, she'll have her money back. You pay only for the good you get.

There's the very best evidence that Dr. Sage's Catarrh Remedy will cure your Catarrh. It's this promise, made by the makers of the medicine: "If your Catarrh can't be cured, no matter what your case is, we'll pay you \$500."

WANTED. Ladies to do writing at home, will pay \$18.00 to \$20.00 per week. Send self-addressed stamped envelope for reply. Address, MME. WRIGHT, Mishawaka, Ind. May 3d, d. & w. 3ts.

"HOME SWEET HOME" However, you will never have to walk to your "Home Sweet Home," if you ride one of the CLEVELAND BICYCLES fitted with the Cleveland Thread Pneumatic Tire—he best in the world. It is the best high grade wheel on the market and sold strictly at \$150.00. GIDDENS BROS., Agents, Goldsboro, N. C. We are also agents for the sale of THE WAVERLEY, the best \$100.00 wheel on the market. It is reliable and guaranteed. Come to see us.

G. & J. The great volume of G. & J. pneumatic tire business which is pouring in upon the Goussault & Jeffery Mfg. Co., would indicate that that old reliable pneumatic is holding its own, notwithstanding the number of new tires put on the market. It is a noticeable fact that those very people whose only objection to the G. & J. tire was the corrugated tread, now insist upon having nothing but the corrugated tread. These tires are now furnished with either smooth or corrugated surface, but the percentage of smooth-surface tires ordered is very small. The fact that this tire will not fall off when deflated, makes it a leader among detachable pneumatics.
