### JUDGE JONES ACCEPTS.

HE WILL QUALIFY AS JUDGE OF THE  
NEW CRIMINAL COURT.

Ewart and Cook Will Contest; A Startling Sensation on the Taxis That Will Further Confuse Fusionists; When Will "Moonshining" Cease? The State Y. M. C. A. Convention; Other Items of General Interest.

ARGUS BUREAU,  
RALEIGH, March 19, 1895.

Hon. Thomas A. Jones has accepted the appointment of him by the governor as judge of the new criminal court circuit, composed of Buncombe, Madison and Haywood counties.

Gov. Carr is in receipt of a curious letter. It comes from a woman named Catherine De Vaughn, who lives in Graham county. She wants to be a notary public and writes the governor asking that he appoint her. The governor refuses her request on the ground that she is not eligible, quoting Article 6, of the constitution. The woman evidently thought the Legislature had passed a law making women eligible as notaries.

Gov. Carr has appointed Mr. E. D. Bowden, of Currituck county, a commissioner of wrecks for No. 1, district.

This morning two little negro boys named Willie Jones and Massey, became involved in a fight. Willie pulled a pistol and fired twice at Massey, who ran. The little negro followed, firing until he had emptied his pistol. He is not more than 12 years old. He was arrested and jailed.

The Supreme court hands down decisions this afternoon. The cases that come before the court this term are generally of small importance.

More building is going on in Raleigh now than is usual. Over 40 houses are in course of construction here.

Chief Marshal Carroll has already begun making preparations for the ceremonies at the unveiling of the Confederate Monument and the occasion will be a grand one.

Joe Turner states that he will not accept the \$1,000 offered him, as yet. He says he wants and deserves \$1,600.

Phillips of the Arrington committee who was so outrageously drunk here, has left the city and it is doubtful if he will return.

Two more seizures were reported to Collector Simmons today from Clatham county. Both were made by deputy Collector L. C. Bagwell. One was an 80 gallon distillery situated near Silk Hope and owned by Manly Perry. A complete outfit, the owner and 1800 gallons of beer were captured by the deputies. The other still was a 60 gallon affair, near Siler City. With it were captured a complete outfit and 1000 gallons of beer. The owner, Jack Davis, escaped.

Collector Simmons was some time ago notified by the Washington authorities that he would be allowed a new clerk. He has received over 1,000 applications for the place. A. M. Mitchell, of Bertie county, is the fortunate man. He arrives here to-morrow.

Special United States Gauger, T. M. Frazer, of Covington, Ky., but now situated at Greensboro, is here looking over the Revenue office.

The Raleigh cotton mills here are to be greatly enlarged and improved. Few departments will be added and hundreds of new spindles put in.

Secretary Cooper, of the Y. M. C. A. has received notification of the coming of 120 delegates, so far, to the State Y. M. C. A. convention which meets here next Thursday. Of these a large number are delegates from college associations. The University will send down 23 delegates, and the University choir, Wake Forest will have 18 delegates here. Wilmington and Charlotte have not yet been heard from. At least 200 delegates will be present by Thursday evening.

Judges Ewart and Cook are preparing to make a strong fight for their rights to the judgeship of the new Criminal Court circuits. Mr. Ewart has em-

played T. R. Purnell, Esq., of Raleigh and Cook has to represent him that pair of old-line Republicans, Judge Russell and Col. L. C. Edwards. A pair of Republicans are here doing the manual labor in the Cook case now. Mr. Purnell says that Mr. Ewart will commence proceedings in Henderson county and carry the matter as speedily as possible to the Supreme court.

Mr. Geo. B. Moore, whose death I informed you of yesterday, was a man of considerable means. In his will, which was probated here to-day, he leaves \$12,000 to the Rex Hospital. This money is badly needed by the hospital and will do a great deal of good.

The last Legislature passed a bill concerning Wake county which has only just come to light. It provides for the establishment of a July term of Wake county court for the trial of criminal cases only. There was formerly such a court, but it was abandoned on account of the very warm weather and because it was unnecessary. The bill was probably rushed through at the close of the session.

Several clerks have remained over from the legislature to finish up their work. One of these wandered all over the capital building this morning, going in every office, in search of the secretary of state's office. He was very much intoxicated. "I'm all turned round," was what he said, over and over.

There was a big fire near here last evening. A farm house and two out houses and a barn were burned. The fire was of incendiary origin.

There is soon to be a big sensation sprung here that will further rout the "pie eating" Fusionists.

### Mount Olive Locals.

MT. OLIVE, N. C., Mar. 12, '95.

The farmers are making good use of this fine weather.

Mr. D. J. Aaron spent last week here with his wife.

Mr. Jake Parrott, of Kinston, was here last week visiting Mr. W. P. Kornegay.

Messrs. Joe Williams and Matt Moore, of Duplin, are visiting in town.

Mr. E. W. Cobb spent Sunday in Dudley.

Mrs. E. B. Fonvielle, who has been visiting her mother Mrs. A. E. Hatch has returned to her home in Onslow county.

Mr. Oscar Pearsall, of Wilmington, called on our merchants Monday.

Misses Lyde and Katie May Williams, of Warsaw, are visiting relatives here.

Mr. B. W. Southerland, of Wilmington, was here Monday on a visit to his father Mr. R. J. Southland.

Miss Hattie Lane, daughter of Mr. Bryant Lane, who lives near here died the 14th inst., of heart failure aged 30 years.

Mrs. H. H. Williamson is quite sick at her home near here.

The many friends of Mrs. W. G. Davis will be pained to learn that she is quite ill.

Miss Carrie Davis, of Seven Springs, who has been attending Mount Olive High School was taken sick about two weeks with the typhoid pneumonia and lingered patiently until Sunday when death came to her rescue. She was 16 years of age and was highly esteemed with all she came in contact. The school closed Monday to pay the last respects to a faithful student. She was laid to rest in the old family burying ground near Seven Springs.

John L. Howard, better known as "Peg-Leg," a shoe maker, was found Monday with a lot of stolen goods in his possession. The goods belonged to Mr. Jno. R. Smith which consisted of hats, shoes and cloth. He owned that he had been stealing them and carried them to Fort Phillips near here, a place of bad reputation, where he visited daily. So that place was searched by Officer D. W. Kelley, and a lot of Mr. Smith's goods were found. Mr. Kelley took "Peg-Leg" up to Goldsboro Monday and he is now in jail. J. O. C.

### The Allianca Affair.

NEW YORK, 17.—The Recorder will to-morrow publish the following dispatches from Washington, D. C.:

"Spain has replied to Gresham's demand. A dispatch was received to-night that, so far as it goes, is entirely satisfactory to the United States. It is in response to the last part of Secretary Gresham's dispatch in which he insists that immediate and positive orders be given to Spanish naval commanders not to interfere with the legitimate American commerce passing through that (Windward) channel, and prohibiting all acts wantonly imperiling life and property lawfully under the flag of the United States."

"That part of the dispatch which refers to the firing upon the Allianca is reserved for future reply, after an investigation by Spain into the circumstances that surrounded it."

"There is no doubt in the minds of the President and Secretary of State that this will receive prompt disavowal as an unauthorized act, and that a 'due expression of regret on the part of Spain' will be forthcoming."

"Secretary Gresham communicated the substance of Spain's response to the President as soon as it had been translated, but he was unwilling to give it out for publication. 'It is understood, however, that the despatch conveyed the information that orders had been issued to the commanders of the Spanish men-of-war in Cuba waters not to interfere with legitimate American commerce and to use every precaution to avoid international complications by an exercise of undue zeal.'"

NEW YORK, March 18.—The following cablegram was received by the New York Times to-day from William C. Whitney, ex-Secretary of the Navy, in reply to a message sent him by Charles R. Miller, editor of the Times:

"NAPLES, March 18.—In considering what should be done concerning the outrage perpetrated by the Spanish man-of-war in firing on the Allianca, one fact should not be lost sight of. It was deliberate. It is certain no person in command of any war vessel in the world would be ignorant of the fact that firing upon a merchant vessel of another power on the high seas in the time of peace would violate the law of nations. There isn't a subordinate officer of any man-of-war in the world who has not been sufficiently instructed to know that. It is, therefore, a case of a wilful insult to the American flag and people. I do not recall so wanton an insult to a first-class power in fifty years. An apology scarcely wipes out such an affront. The thing is a relic of the Middle Ages. It is a disgrace to us that lies at our door step."

"You can gather what my opinion is. What the Government should do is another matter. The President in such matters is generally a safe person to follow; but you ask my opinion, there it is."

### Bank Failed.

KANSAS CITY, Mo., March 18.

—The National Bank of Kansas City failed this morning. The capital of the bank is \$1,000,000. No detailed statement of the condition of the bank has been given out. The failure was wholly unexpected and the news of the suspension created quite a sensation in financial circles. The bank is the oldest in the city, having been established by Messrs. J. H. and W. H. Chick before the war. In July 1893 it succumbed to a run and temporarily closed its doors. Although the capital was reduced and the stockholders paid in a 50 per cent. assessment in the reorganization, the bank has never recovered from the blow it received at that time. The deposits are \$990,559. The following notice was posted on the bank door:

"To depositors:—The directors and stockholders of this bank have decided to discontinue business. All deposits will be

paid in full. (Signed) J. S. Chick, president."

The official statement was published March 5. Since then depositors have been drawing out, as they considered the statement very unfavorable. Depositors on Saturday drew out over \$60,000, and the officers saw that if the run continued they would not be able to continue payment to-day.

### Going Back to Georgia.

ATLANTA, GA., March 18.—A special from Mapima, Mexico, says:

The colony of one thousand negroes recently established here is rapidly going to pieces. The negroes are leaving for their old homes in Georgia and Alabama in squads, embracing men, women and children, who will attempt to walk the entire distance. They are all dissatisfied, claiming that they were lured into making the change by promises which have not been fulfilled.

### The Facts About It.

RICHMOND, Va., March 18.—Anent the telegram sent out from Washington that Gov. O'Ferrall entertained a negro member of the Massachusetts Legislature at a dinner at the Executive mansion, the facts are these:

The Governor received the committee of the Massachusetts Legislature who have been travelling in the South in his official capacity. The function was not a social one. He had a cold lunch spread, and was not aware that there was a negro in the party until the committee entered the mansion. When he invited the committee to partake of refreshments, the negro followed the rest of the party into the dining room, much to his surprise.

### Will Start To-morrow.

SAVANNAH, Ga. Mar. 18.—The steamship Horsa will sail to-morrow for Monrovia, Liberia, with 200 immigrants, men, women and children. The emigrants, who are mostly from the neighborhood of Memphis, Tenn., and Birmingham, Ala., have been waiting here ten days. They are all very enthusiastic. The Horsa came up the river this morning and was greeted by immense crowds of negroes. The gates at the wharf at which she stopped had to be closed to keep the immense crowd out. The Horsa is a 700 ton fruit steamer and has been newly fitted up. She passed a rigid inspection by the custom house officers this morning who gave as their opinion that she complied with the government regulations.

Rev. C. S. Smith, of Nashville, a prominent minister to the African Methodist church is making a fight on the movement. He declares that the ship does not comply with the government regulations. Rev. Smith has been to Liberia frequently and gives a very unfavorable report of the state of affairs there. The movement is under the direction of the International Migration Society.

# OPINIONS Of Some Prominent Grocers

See what some of the largest houses in this country say about the Aurora brand of butter:

The largest retail grocery in the State of Ohio, says: We have handled this butter for nine years and it has given universal satisfaction.

The largest retail dealers in Chicago say: We have handled this butter almost without a break for sixteen years and have found it a very superior article.

A leading house in New Orleans which has used it for 11 years says: It always gives the most perfect satisfaction.

The leading retailer in Louisville, Ky., says: I have found this butter gives general satisfaction and suits my trade better than any I have handled.

From the leading grocers in Cincinnati: We think it the finest we ever saw.

The Proprietors of the finest store in Detroit say: We have been selling this butter for some time with the greatest satisfaction to ourselves and customers.

The best house in Buffalo says: We have used your butter continuously for the past four years and have been well pleased with the results.

From the largest dealer in Atlanta, Ga.: This butter gives perfect satisfaction to all my customers.

Loughlin, of Dallas, Texas, says: You can use our name in saying the best you can for your butter.

The above are the opinions of a few leading grocers of different localities, all agree that they have found nothing better. But listen, I am much more interested in what the housekeepers of Goldsboro say about this butter than I am about the opinion of all the grocers on the face of the globe. Try it and let us hear from you; we want your opinions and are not afraid to have them.
