RAMBLES OF THE RAMBLER

BREEZY NEWS, VIEWS AND COMMENTS.

What He Sees and Hears While Roaming the Streets.

Easter Sunday in Frog Pond is an event of unusual interest. About 4 o'clock in the morning of that day the people begin to stir and fall into line with a brass band in the lead. By sunrise the whole town is out on parade, the women wearing the brightest colors of flowers, feathers and fabrics their small amount of money will buy, and the men wearing the broadest brim straw hats on the market. This grand pageant, with brass band accompaniment, first visits the silent city of the dead, where they have planted one or more human beings every Sunday since the town sprang into existence. The most noted palm singers of the town chant a solemn requiem over the marble slabs which mark the final resting place of those who are waiting for a blast from Gabriel's trumpet. After the services the shrill notes of the cornet awake an echo among the tall sycamores below the cemetery and the procession moves toward the town. Later in the day at the modest church building, which has been profusely decorated for the occasion, the society people of Frog Pond, which embraces every condition of life, gather to listen at the grandest sermon of the year. The fashions for the coming season are here, forecast by a few of the leaders. While some are listening at the preaching, a great many others are watching the style of dress and hat worn by certain young ladies. Yesterday and to-day the Rambler has seen many familiar feminine faces from Frog Pond on our streets, who were here to attend Castex's millinery opening and carry the styles to their rural homes, which would turn their less fortunate sisters green with envy. When we see all this we cannot help thinking, and regret that we do think so, that the sacred intents and purposes of Easter Sunday have been perverted into a fashion sheet. Frog Pond is the last place in the world we ever expected would take on such worldly ways, but even that secluded village is not immune from the haughty spirit of vain pride which dominates the more arrogant cities of larger population. With two brass bands and a Woman's Club there is no telling what the old town will do. We shall see, if we live long enough.

Some Facts For You.

Frank Daniels, manager of Wallack's theatre in New York, took "a hand primary," so to speak, the other night on an important question.

"Between the acts ushers distributed among the audience slips with a brief printed statement, politely asking the recipient to indicate by a check-mark in the list of various advertising forms employed which one had attracted him to the performance—newspapers, billboards, window lithographs or something else. The people seemed to take kindly to the idea and the response was most liberal. Eleven hundred slips were handed to the ushers, and of that number 991 had been attracted by the newspaper solely."

AT THE CAPITOL.

I am in my seventy-third year, and for fifty years I have been a great sufferer from indigestion, constipation and biliousness. I have tried all the remedies advertised for these diseases, and got no permanent relief. About one year ago, the disease assuming a more severe and dangerous form, I became very weak, and lost sleep rapidly. I commenced using Dr. Mozley's Lemon Elixir. I gained twelve pounds in three months. My strength and health, my appetite and my digestion were perfectly restored, and now I feel as young and vigorous as I ever did in my life.

Hood's Pills cure sick headache, indigestion,

The best of women may be the worst of sufferers. Disease is no respecter of persons. The regular periodical suffering of many women is calculated as aggregating ten years of the thirty between fifteen and forty-five. Such a tax of pain and time is utterly unnecessary. In all cases the sufferings of women due to irregularity and like causes may be alleviated, and in most cases they may be completely cured by the use of Dr. Pierce's Favorite Prescription. This wonderful medicine is not a cure-all, but a specific remedy for diseases affecting the delicate womanly organs. It cures, completely, irregularity, menstruation, inflammation and female weakness, and gives the entire female system health and vigor.
Mrs. W. E. Koller of Hill Side Farm, (New York) writes: "I have had the following testimonial of the great relief you kindly advise and medicine brought me. During the past year I found I was unable to do my usual household work. I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and could not bear my usual work. I felt that something must be done. I sought your advice and received a prompt reply. I followed your instructions. I began to improve from the first day I commenced taking your medicine. I feel that I am now as well as ever, and I am able to do my usual household work. I feel that I am now as well as ever, and I am able to do my usual household work. I feel that I am now as well as ever, and I am able to do my usual household work."

SAVE THE CHECKS YOU GET AT

A. A. Joseph's;

THEY ARE VALUABLE!

The above is the motto of a new system of business we inaugurated some time ago for the benefit of cash buyers at our store. Every cash customer gets, with each purchase, a check with amount of purchase printed thereon. We agree to give to each purchaser 25c. worth of goods whenever such purchases added together amount to \$5.00. In other words, we pay a dividend of 5 per cent. on every \$5.00 you spend in cash at our store, making you a partner in our business to that extent.

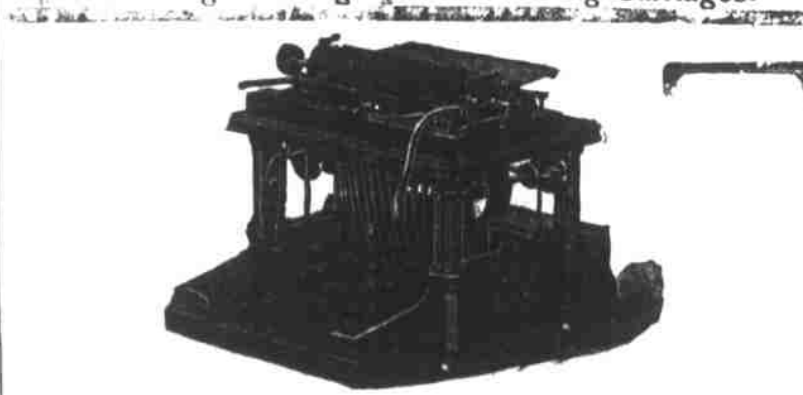

You would pick up a dollar if you found it on the street and think you were in luck. You can pick up dollars here by our dividend system. But this is not luck, it is business—good business. We are bringing all our resources to bear to make it pay you to be a regular customer at our store.

Yours very truly,
A. A. Joseph.
