GENERAL NEWS

Perhaps after a while the British will learn that the trapping season is not yet over in South Africa.

The Kentucky court of appeals has put the Kentucky case in a way to be decided quickly and peacefully if the supreme court of the United States does not interfere.

All the war poets in the Transvaal are required to shoulder a rifle, and they will be permitted to write out the verses that are bubbling up within them after the war is over.

Arizona has knocked for admission to the union so long, it proposes to kick and prance for it. The trouble is, the Arizonians are not trustworthy followers of Mark Hanna.

Mr. McKinley's chocolate éclair backbone was particularly conspicuous in the Porto Rico bill. Teddy is an authority on backbones, and it was he who first affixed the name to Mr. McKinley's.

According to Governor-General Wood Cuba is no place for poor men. Those who have money to invest can find profitable openings, but the mass of the population is a mass of poverty-stricken people.

Following in the steps of the Chief of the Weather Bureau in Washington, one big railroad centering in Chicago and several large Chicago mercantile houses have put up a ban on the cigarette, forbidding their employes to use them.

The Louisville Times suggests the following non-partisan ticket: For President, George Dewey, of Vermont; for Vice President, Richmond Pearson Hobson, of Alabama. Platform, keep out of our line of fire while we kiss all creation.

Conan Doyle, in praising the British mounted infantry who have been in South Africa long enough to get used to fighting, and in looking over the world for something to compare them with, finds nothing finer to which to liken them than the American cowboy.

A suit for damages for breach of promise was settled in New York by the marriage of the plaintiff and defendant in the jail where the latter was imprisoned pending trial. This is a new kind of damages in such suits, likely to be severe on both parties, even if not lasting.

In Paris, where already people are forbidden to stand up in street cars, the police have just made a rule compelling eight seats in each car to be kept vacant from the starting place, so that people waiting at the latter place may be accommodated.

The enlarged portrait swindler, who has found so large and fruitful a field in this country, has reached Paris. The concierges of apartment houses in the Vendome quarter have been worked to the extent of two francs each for frames to enlarged photographs, which are never delivered.

The alleged disappearance of \$650,000 worth of negotiable securities deposited with the Orange Free State Government in accordance with law by the foreign insurance companies, besides accentuating the scarcity of money in South Africa, may tend to still further decrease the security of life there.

In the lists printed in Kansas City papers of donations to the fund to rebuild the burned convention hall there frequently appears a lump sum credited to the employes of one or the other of the hotels. This makes it seem likely that the scale for tips will be increased at the same ratio as the hotel rates.

Crushed from the humiliation of his position Senator William A. Clark to-night decided to resign from the United States Senate. The Senator is a broken-hearted man. Not one word of bitterness for Marcus Daly and the men who accomplished his political destruction have fallen from his lips. His only purpose apparently is to retire from the surroundings in which he has met the one bitter defeat of his career.

THE TICKET.

The Men Whom the Democratic Party Has Placed in Nomination.

Governor—CHAS. B. AYCOCK.
Lt. Governor—W. D. TURNER.
Secretary of State—J. BRYAN GRIMES.
Auditor—B. F. DIXON.
Treasurer—B. R. LACY.
Supt. Public Instruction—Wm F. TOOM.
Atty General—ROBT. D. GILMER.
Corporation Commissioners—ROGERS and McNEILL.
Com. of Agriculture—S. L. PATTERSON.
Commissioner of Labor and Printing—H. B. VARNER.
Electors at Large—DAN HUGH McLEAN, LEE S. OVERMAN.
Delegates at Large to the National Convention—COL. J. S. CARR, THEO KLUTTZ, THOS. A. JONES, WALTER MOORE.

The following platform was adopted by the convention:
"The Democratic party of North Carolina, in convention assembled, in Raleigh, N. C., on this day, April 11, 1900, do hereby approve, endorse and ratify the principles enunciated and set forth in the platform of the National Democratic party, adopted at Chicago in 1896. We denounce the tariff legislation of the Republican party, which has increased the burdens of taxation upon our consumers and increased the powers of the trusts and monopolies to rob the people. Believing that under our present method of Federal taxation more than three-fourths of our national revenues are paid by people owning less than one-fourth of the country, we protest against such inequality, and injustice and in order to equalize to some extent this great wrong, we favor an income tax and favor all constitutional methods to sustain it. We denounce the Republican party for its passage of the recent legislation by which the gold standard has been fixed upon our people. We denounce the policy of the Republican party for its legislation by which the people in territory acquired by the United States are denied without compensation and deprived of the protection afforded by the principle that the constitution follows the flag. We are in favor of peaceful commercial expansion but not imperialism and militarism. We cordially invite all voters, without regard to past political affiliations, to unite with us in support of our candidates for Congress who favor the principles of the Chicago platform. We admire the heroism and ability with which the Hon. William Jennings Bryan has defended the principles of the Democratic party, and hereby instruct the delegation from this State to the next National Democratic Convention to vote for his renomination as a candidate for the Presidency.

"We denounce the administration of the Republican party in North Carolina by which negroes were placed in high responsible official positions which ought to have been filled by white people.

"We commend the Legislature for the passage of the election law of 1899. We favor a government of the people, by the people and for the people, economy of expenditure and abolition of unnecessary offices.

"We heartily commend the action of the General Assembly of 1899 for appropriating \$100,000 for the benefit of the public schools of the State, and pledge ourselves to increase the school fund so as to make at least a four months term in each year, in every school district in the State.

"We point with pride to the record of the Democratic party in the building and management of the institutions for the care of the unfortunate insane, and pledge the party to so increase the appropriations for this purpose as that every needy insane person in the State may be cared for at public expense.

"We approve of the passage of the Corporation Commission act by the last Legislature, and of the administration of the affairs of said commission, by which fairer rates have been secured, which are more just to the people and to the

transportation and transmission corporations, and such assessment of railroad property as will make it bear its fair proportion of the burdens of taxation. We condemn free passes. We denounce all trusts, monopolies and trade combinations, and demand the passage of such legislation, State or National, as will suppress the same.

"We favor the election of United States Senators by the people. We favor the enactment of laws by the next General Assembly providing for the holding of primary elections for the nomination of State and county and congressional officers.

"We hereby instruct the State executive committee to make provision for the holding of a primary on the first Tuesday of next November for the selection of a Democratic voter of the State, at which every elector who has voted the Democratic ticket in the State election shall be entitled to cast one vote for one man for United States Senator.

"We heartily approve of the action of the last Legislature in submitting the constitutional amendment to the people, and we urge its adoption because it will promote the peace, the prosperity, the happiness of the people of North Carolina."

VICTORIA PLEASSED.

Drives Along the Picturesque Liffy and is Heartily Cheered By Children and Adults.

Dublin, April 10.—Queen Victoria, through the authorities here, has informed the citizens of Dublin of her delight at the reception accorded her yesterday.

Her majesty took her customary drive in her chair in the Vice Regal grounds this morning. She selected the picturesque route along the Valley of the Liffey for her afternoon drive and covered nearly twenty miles before returning to the Vice Regal lodge. Her Majesty rode in an open landau and was accompanied by the Princesses and Prince Leopold.

Although the route was only selected a few hours previous to the start the villages traversed were gay with bunting, and crowds of cheering people lined the highways. Groups of scare let-coated children from the soldier schools, operatives from the mills and peasants in the fields formed to-day's collection of spectators.

The private secretary and

equerry to the Queen, Sir Arthur J. Bigge, announced to the reporters to-day that her Majesty was very much pleased to hear that all the children who took part in the demonstration in her honor Saturday had arrived home safe and happy.

CLOSED ON SUNDAYS.

The American Exhibits Will, However, be Open For Inspection.

Paris, April 10.—United States Commissioner Ferdinand W. Peck has consulted with the authorities at Washington respecting the question of Sunday opening at the Exposition in this city, and has received a cablegram saying that President McKinley desired that the American section should be closed on the Sabbath as far as allowed by the French regulations.

Mr. Peck thereupon saw the French authorities, and was shown a by-law which compels the opening of all exhibits on the seven days of the week, and even gives the French authorities power to remove any coverings placed over an exhibit case during unauthorized hours. The same rule applies to machinery, and the by-law makes no exception in the case of national pavillions. At Mr. Peck's instance, however, the Director General of the Exposition has given the American Commissioner special permission to close the American pavillion Sundays.

A form of disease may become so common that it is regarded as a necessary condition. In some of the valleys of Switzerland, goitre, or thick neck, afflicts every inhabitant. A party of American tourists entering one of these valleys was followed by a body of jeering children who cried, "See, these people have no goitres," as if to be without a goitre was a physical deficiency. Similarly, the prevalence of irregular periods among young women, and the commonness of debilitating drains among married women have created the mischievous idea that these are the natural conditions of womanhood.

In normal health the periods should be regular and painless and there should be neither drains nor pains for the married woman. To regain that normal condition of health is possible to every woman who will make a trial of Dr. Pierce's Favorite Prescription. It regulates the periods, dries up the drains, and cures ulceration and inflammation.

Sick women can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter without charge. Every letter is held as strictly private and sacredly confidential.

"I had falling of internal organs and had to go to bed once a month; had irregular monthly periods which would sometimes last ten or twelve days," writes Mrs. Alice Holmes of Coaling Street, Uniontown, Pa. Had also indigestion so bad that I could not eat anything hardly. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' cured me. I took three bottles of the 'Favorite Prescription' and one of the 'Golden Medical Discovery'.
