WALTER LETTER.

A Chronicle of a Week's Events in That Thriving Neighborhood.

Mr. Geo. Woodard, from Princeton, was visiting in our section Sunday afternoon.

Miss Lola Smith has been on a visit to relatives in Princeton this week, returning Sunday evening.

Mr. Will Whitfield, from near Seven Springs, was the guest of Mr. and Mrs. Isaac Smith, this week.

Dr. M. W. Parks, from Raleigh, spent one night last week here, on his way to his farm at Seven Springs.

Mr. Turner Edgerton and wife, from the Pinkney section, spent Saturday night and Sunday, visiting relatives in our community.

Our efficient tax collector, Mr. Ben Sasser, will be a candidate for nomination. He has made a faithful officer, and we hope he will get it.

The Tobacco Growers Association could not meet at Pine Forest last Friday on account of rain. However, we hope to have a good meeting soon, and get every farmer interested.

The excessive rains for the past week have stagnated farm work, and prevented many from planting cotton. The river is on a boom and more water on the ground than there has been in sometime.

Must farmers, that is, good ones, especially those living on the road, try to see how straight rows they can run. But we saw some the other day, that for crookedness, took the cake. They were actually so crooked that the little ebony hued son of Ham who was dropping corn, in them, would meet himself coming back, before he got half way to the other end.

Our esteemed neighbor Mr. Howell, who is not only a good farmer but an extensive trucker, is very much concerned in regard to a poor stand of beans. We have just found out the cause, (?) In the lower end of his field they have come up very well, but near the road there is none, and we think Toby has scratched them up to see if they had sprouted, as he was so anxious for a stand.

We have a tobacco bed in which we take much pride, and one day last week, nearly half the cloth was missing, of course we thought some one had appropriated it for a mosquito net, and offered a reward for the apprehension of the guilty party. A day or so ago, we found it in the top of a big poplar one hundred yards away, with its colors to the breeze, and we supposed it must have been carried there by a whirlwind, for no human hand could have put it where it is. We are now "calm and serene."

From the amount of courting that is going on in this community one would think that barbecue and wedding cake were things of the near future. But we have given up in despair and come to the conclusion that it is either due to force of habit, or they can't help it or something. One thing we know, there is not much danger in it, so far as marrying is concerned.

But speaking of pure, and unadulterated love, there is nothing like it, and a fellow needs a good case of it to bring him to his senses. There are boys in our community, who are so deeply infatuated that they have shedded their eyebrows, and one or two front teeth. They have our sympathy for we have stemmed the same current several times, and the last time come out henpecked. But then there is nothing like it.

"TAKE CARE"

of the pennies and the pounds will take care of themselves. Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combine to make. That is the philosophy of the old Latin proverb, and its application is as broad as human life.

Take care of what you eat, what you eat, and how you eat, and your stomach will take care of itself. But who takes care of such small things? That is why, sometimes, the majority of people have to take care of the stomach. When that day comes, there is no and so effective in undoing the results of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the system of digestion and nutrition to a condition of healthy activity. It cures indigestion, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities, and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.

If you are sick you can consult Dr. R. V. Pierce, Buffalo, N. Y., by letter, free of charge. Each letter is treated as a strictly confidential, and an answer is promptly sent in a plain envelope without printing or advertising upon it.

"Yielding to the persuasion of my dealer, I changed child tonic and sold Roberts', and found it the best I ever used, and shall in future continue to use."—W. H. Coppage, James Ho. N. C., to The Roberts' Drug Co., Raleigh, Va., August 14, 1899. See per bottle. Look for the red cross.

Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them into a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.
